Corporate Trustee

Bank of Oklahoma, N. A., Oklahoma City, OK is the corporate Trustee under the Master Bond Resolution.

Debt Service Reserve Account

On May 22, 2001, the trustees of the Authority adopted a Debt Service Reserve Account Requirement Supplemental Resolution. This supplemental resolution reduced the Debt Service Reserve Requirements on the various series of Bonds and Notes from two per cent (2%) of their outstanding principal amounts to one per cent (1%).

In connection with the issuance of the Senior Series 2007A-1 Bonds, the Debt Service Reserve Account Requirement was reduced from 1% to 0.75% of the principal amount of Bonds and Notes outstanding. The minimum reserve requirement for the Trust Estate is \$500,000.

At June 30, 2010, the amount in the Debt Service Reserve Account was \$2,766,660 which met the Debt Service Requirement.

Additional Obligations

The Master Bond Resolution permits the issuance of Additional Obligations under certain conditions by adoption of Supplemental Bond Resolutions, and by entering into agreements, such as interest rate swaps. The conditions to issue Additional Obligations include written confirmation by each rating agency that its applicable ratings on the outstanding Bonds and Notes will not be lowered or withdrawn because of the issuance of the Additional

LOAN PORTFOLIO DATA

General

Eligible Loans in the security for the Master Bond Resolution consist of Federal Family Education Loan ("FFEL") Program loans made under the Higher Education Act. The FFEL Program loans are guaranteed, or insured, to the maximum allowed by the Higher Education Act with respect to the Eligible Loan at the time that it was originated.

OKLAHOMA STUDENT LOAN AUTHORITY 2010 SECONDARY MARKET DISCLOSURE - 1995 MASTER BOND RESOLUTION

At June 30, 2010, the current principal balance of the Authority's Eligible Loan principal (exclusive of uninsured status loans) receivable from borrowers was approximately as shown in the following table.

FFEL Program Loans	Eligible Loan Principal
Authority Total	\$1,265,693,333
Master Bond Resolution Trust Estate	\$ 302,231,909

Loan Guarantee or Insurance

At June 30, 2010, the current principal balance of Eligible Loans was guaranteed approximately in the percentages shown in the following table.

Guarantor	Principal Location	Per Cent of Total Authority	Per Cent of Master Bond Resolution Trust Estate
Oklahoma State Regents, Guaranteed Student Loan Program (OGSLP)	Oklahoma City, OK	78.8%	85.0%
SLGFA, Inc. (AR)	Little Rock, AR	16.2	9.4
TGSLC (TX)	Austin, TX	3.7	4.6
USAF, Inc.	Indianapolis, IN	0.4	0.1
LSFAC (LA)	Baton Rouge, LA	0.7	0.8
National Student Loan Program (NSLP)	Lincoln, NE	0.2	0.1
		100.0%	100.0%

At June 30, 2010, substantially all of the loans were guaranteed at 98% or 97% (percentage of the principal amount of a default claim).

Exceptional Performer Designation - The Higher Education Act authorizes recognition of qualified lender servicers for exceptional performance ("Exceptional Performer") in servicing FFEL Program loans. The U.S. Department of Education ("USDE") designated OSLA as an Exceptional Performer for claims submitted on or after January 1, 2006, until otherwise notified by USDE.

Exceptional Performer status meant that we were paid 100% of default claims submitted from January 1, 2006, through June 30, 2006, instead of 98%. Under the Deficit Reduction Act of 2005, beginning July 1, 2006, Exceptional Performers were paid 99% of claims submitted instead of 97%. However, legislation enacted after June 30, 2007 eliminated the Exceptional Performer status.

Loan Type

At June 30, 2010, the current principal balance of Eligible Loans by loan type was approximately in the percentages shown in the following table.

OKLAHOMA STUDENT LOAN AUTHORITY 2010 SECONDARY MARKET DISCLOSURE - 1995 MASTER BOND RESOLUTION

2010 SECONDARY MARKET DISCLOSURE - 1995 MASTER BOND RESOLUTION

Standards and Activities

We have serviced our own loans, and performed third party pre-acquisition servicing of the loans of the OSLA Network, since 1994. Loan servicing activities performed by us include:

- Application processing and funds disbursement in originating loans;
- Customer service;
- Loan account maintenance, including production of notices and forms to borrowers and the resulting processing;
- Reconciliation and payment of federal default fee billings;
- Billings to USDE for Interest Benefit Payments and Special Allowance Payments;
- Collection of principal and interest from borrowers;
- Filing claims to collect guarantee payments on defaulted loans; and
- Accounting for ourselves and the OSLA Network.

We are required to use due diligence in originating, servicing and collecting education loans. In addition, we are required to use collection practices no less extensive and forceful than those generally in use among financial institutions with respect to other consumer debt.

In order to satisfy the due diligence requirements, we must adhere to specific activities in a timely manner. These activities begin with the receipt of the loan application and continue throughout the life of the loan. Examples of specific due diligence activities include:

- Verifying that the original application is completed with all pertinent data and has a guarantee provided to the lender;
- Diligent efforts to contact a delinquent borrower by written correspondence and telephone;
- Skip tracing if a borrower has an invalid phone number or address;
- Requesting default aversion assistance from the Guarantor between 60 and 120 days of delinquency;
- Sending a final demand letter to the borrower when the loan becomes 241 or more days delinquent; and
- Timely filing of the default claim for payment, provided the borrower's failure to make monthly installment payments when due, or to comply with other terms of the obligation, persists for the most recent consecutive 270-day period (330 days for a loan repayable in less frequent installments).

OSLA Student Loan Servicing System

From 1994 to 2002, we performed loan servicing as a remote user of another party's loan servicing system. Presently, we originate and service loans in-house using our own staff and the "OSLA Student Loan Servicing System" comprised of:

- An IBM iSeries computer, acquired in October 2005, that we own, which replaced an earlier iSeries model, resulting in a significant upgrade in configuration, processor capability and memory storage;
- iSeries related operating and database software that we license from IBM;
- Personal computers and an NT based local area network;
- Aid Delivery System software that we licensed on a perpetual basis from Idaho Financial Associates, Inc. ("IFA"), Boise, Idaho, now 5280 Solutions LLC;

<p>OKLAHOMA STUDENT LOAN AUTHORITY 2010 SECONDARY MARKET DISCLOSURE - 1995 MASTER BOND RESOLUTION</p>

- Student Loan Servicing System software that we licensed also on a perpetual basis from IFA, now 5280 Solutions LLC; and
- Ancillary software programs of proprietary software and database query reports that we developed and various commercial software applications licensed from various vendor sources.

We are the only user of the Aid Delivery System, but 5280 Solutions LLC provides its student loan servicing software to 11 other student loan users that service loans, including Nelnet, Inc. In addition to licensing the student loan servicing software, 5280 Solutions LLC provides software maintenance and enhancement at the direction of the users, as well as support. 5280 Solutions LLC is a wholly owned subsidiary of Nelnet, Inc., Lincoln, Nebraska. Nelnet, Inc. also is a competitor of ours as a loan servicer, secondary market and a Consolidation Loan lender.

In operating the OSLA Student Loan Servicing System, also we are responsible for:

- Providing, maintaining and operating the requisite computer system and its operating and database software;
- Maintenance of tables and profiles on lenders, guarantors and post-secondary education institutions that we work with;
- Installing and testing new releases of the licensed student loan servicing software;
- Participation in the licensed student loan servicing software users' group which is responsible for compliance of the student loan servicing software with the Higher Education Act and other applicable law;
- Exchanges of data files with various third party trading partners;
- Any necessary or desirable ancillary programming for loan servicing functionality not provided by the licensed student loan servicing software; and
- Necessary or desirable internet functionality related to loan origination and servicing.

In addition to our own use of the OSLA Student Loan Servicing System, we provide, operate, support and maintain our system for remote use by certain OSLA Network lenders in their origination and interim servicing of FFEL Program loans from their premises.

The period of recycling principal payments into additional student loans for the 1995 Master Bond Resolution trust estate expired July 1, 2010. Pursuant to the 1995 Master Bond Resolution, monies that are in the trust estate representing principal payments, and principal payments that will be received into the trust estate in the future, will be used for the mandatory redemption of the various series of bonds and notes according to the Supplemental Bond Resolution provisions for each particular series except to the extent the Authority uses such principal payments to purchase bonds and notes in lieu of redemption to the extent permitted by the 1995 Master Bond Resolution. Recycling ended and the creation of the 95MBR Tax-Exempt Repay Account and 95MBR Taxable Repay Account were established.

Excess Yield Calculations

Proceeds from the Authority's tax exempt debt that are invested in student loans are subject to a maximum allowable spread between the student loan yield and the related debt yield over the life of the respective issues. Any excess student loan interest over the allowable debt yield would be rebated to the student loan borrowers as interest rate reductions or loan principal forgiveness.

At June 30, 2010, there was no excess loan yield for the Series 1995A/B, Series 2001A/B, Series 2004A-1 and the Series 2004A-2 Bonds.

Management is actively monitoring the yield spread and will take necessary action to maintain student loan yields within the allowable spread over the life of the respective debt issuances.
