More Frequent Information Available

After each calendar quarter, we post continuing financial and operating information reporting similar to some of the attached material. These postings are made on our investor information website located at: www.OSLAfinancial.com. In addition, we post certain servicer, financial statement (audited and unaudited), operating and other information on the investor information website.

GENERAL

We are an express public trust established for the benefit of the State of Oklahoma. We are a loan servicer, an eligible lender/holder, and a secondary market in the guaranteed Federal Family Education Loan ("**FFEL**") Program under the federal Higher Education Act of 1965, as amended (the "**Higher Education Act**"). In addition, pursuant to an authority to operate and a loan servicing contract with the U.S. Department of Education effective July 16, 2012, we are a Not-For-Profit Servicer to third-party service student loans owned by the U.S. Department of Education.

The Student Aid and Fiscal Responsibility Act of 2009 ("**SAFRA**") became law on March 30, 2010. Beginning on July 1, 2010, eligible lenders, including the Authority and our OSLA Student Lending Network of eligible lenders, were no longer allowed to originate FFEL Program student loans as a result of the SAFRA legislation. Beginning July 1, 2010, all federal student loans began to be originated solely by the federal government pursuant to its Federal Direct Loan Program.

1995 MASTER BOND RESOLUTION

The 1995 Master Bond Resolution was adopted by the trustees of the Authority on November 2, 1995. The 1995 Master Bond Resolution provides for self-credit enhancement by the issuance of Senior Obligations, Subordinate Obligations and Junior-Subordinate Obligations. There are no Junior-Subordinate Obligations outstanding.

In addition to adopting the 1995 Master Bond Resolution, we issued, and have outstanding, multiple series of student loan revenue bonds and notes (the "**Bonds and Notes**") under separate supplemental bond and other resolutions that were supplemental to and amendatory of the 1995 Master Bond Resolution (collectively with the 1995 Master Bond Resolution, the "**Master Bond Resolution**").

The period of recycling student loan principal payments into additional FFEL Program student loans made under the Higher Education Act for the trust estate created by the Master Bond Resolution (the "**Master Bond Resolution Trust Estate**") expired July 1, 2010.

Monies representing recoveries of loan principal in the Master Bond Resolution Trust Estate at July 1, 2010, and loan principal payments received into that trust estate after that date, are being used for the redemption of the various series of Bonds and Notes according to the supplemental bond resolution provisions for each particular series, *except to the extent that the Authority uses such principal payments to purchase Bonds and Notes in lieu of redemption, including by way of formal tender offer invitations and unsolicited tender offers.*

RATINGS CHANGE

The Bonds and Notes described in this Report are collateralized by FFEL Program student loans supported under the Higher Education Act by the U. S. Department of Education in the form of guarantee or reinsurance (97% or 98% of principal and interest), special allowance payments and interest subsidy payments.

In September 2011, S&P published new criteria to describe their methodology for the treatment of partial loan-level support to loans backing “AAA” rated securities where U.S. government agencies or entities rated by Standard & Poor’s provide such support. Bonds issued by the Authority are collateralized by Federal Family Education Loan Program (FFELP) student loans supported by the United States Department of Education in the form of guarantee or reinsurance, special allowance payments, and interest subsidy payments.

In October 2011, S&P published a press release regarding 118 Ratings from 70 U.S. Student Loan FFELP Asset Backed Securities Transactions Lowered to “AA + (sf).” Among these series or classes of issues were the Authority’s Series 2010A-1, Series 2010A-2A, Series 2010A-2B, and Series 2011-1 bonds. In March 2012, the 1995 Master Bond Resolution Series 2001A-1, 2001 A2 / A3, 2004 A-1, and 2004 A-2 were also lowered to AA+ by S&P. Each series of the bonds is now rated by S&P at AA + (sf) instead of their AAA (sf) rating which was assigned by S&P when the Bonds were issued on their respective issue dates. The ratings reflect only the view of S&P at the time such ratings were given. An explanation of the significance of the ratings may be obtained from S&P.

On August 29, 2014, Standard & Poor’s raised five ratings on Oklahoma Student Loan Authority’s 1995 Master Bond Resolution bonds and notes. Among these bonds and notes were the Authority’s Series 1995A-1, Series 2001A-2, Series 2001A-4, Series 2004A-1 and Series 2004A-2. The upgrades reflect their view of the sufficient credit enhancement levels to support the raised ratings.

On September 25, 2014, Standard & Poor’s affirmed its ratings on five classes of bonds from Oklahoma Student Loan Authority’s Series 2010A, 2011-1, and 2013-1. The affirmations reflect S&P’s view that the current credit enhancement available in the transaction is not able to absorb the 15% haircut to the cash inflows received from the U.S. federal government under FFELP in a ‘AAA’ stress scenario. The affirmations also reflect S&P’s assessment of the likelihood that principal will be paid pro rata among the class A notes following a nonmonetary event of default. Accordingly, S&P is affirming their current ‘AA+ (sf)’ ratings on the bonds from all three series.

MASTER BOND RESOLUTION TRUST ESTATE

Corporate Trustee

BOKF, NA dba Bank of Oklahoma is the corporate Trustee for the Master Bond Resolution Trust Estate.

Redemption of Principal of Bonds and Notes

Monies representing recoveries of loan principal, and principal payments that will be received into that trust estate in the future, are being used for the redemption of the various series of Bonds and Notes according to the supplemental bond resolution provisions for each particular series, *except to the extent that the Authority uses such principal payments to purchase Bonds and Notes in lieu of redemption, including by way of formal tender offer invitations and unsolicited tender offers.*

Purchases In Lieu of Redemption

We have made purchases of Bond and Note principal from time to time in lieu of redeeming such principal through optional or mandatory redemptions. All such purchases have been made pursuant to formal invitations to offer certain Bonds and Notes or unsolicited tenders of Bonds and Notes, and made at a discount from the par amount of such Bonds and Notes.

Auction Rate Securities

Of our total debt of \$92,300,000 listed in part II of the "1995 Master Bond Resolution Quarterly Report" under the "Debt Summary", \$71,100,000 was auction rate securities (approximately 77% of all Bonds and Notes). Of the auction rate securities, \$68,600,000 (approximately 74% of all Bonds and Notes) was tax-exempt, and \$2,500,000 (approximately 3% of all Bonds and Note) was taxable.

The auction procedures utilized to establish interest rates for auction rate debt failed in early 2008 and subsequent auctions have continued to fail. Since termination of temporary maximum rate waivers on March 31, 2008, the bond document based maximum rates for failed auction rate securities auctions have resulted in lower rates. The prevailing thought in the credit markets is that auction rate securities will continue in a failed state continuously for the foreseeable future.

Auction Broker-Dealers

At June 30, 2014, auction rate series were outstanding as shown in the Table below:

<u>Series</u>	<u>CUSIP Number</u>	<u>Principal Outstanding</u>	<u>Appointed Broker-Dealer(s)</u>
Senior Series 1995A-1 *	679110 CB0	\$ 10,200,000	J.P. Morgan Securities LLC
Senior Series 2001A-2	679110 CT1	2,500,000	RBC Capital Markets, LLC Citigroup UBS Financial Services LLC
Senior Series 2004A-1 *	679110 CY0	18,700,000	RBC Capital Markets, LLC

Subordinate Series 2001B-1 *	679110 CR5	16,600,000	RBC Capital Markets, LLC
_____	TOTAL	<u>\$71,100,000</u>	

* Tax-Exempt.

Some of the outstanding auction rate debt has been redeemed since June 30, 2014, by redemptions at par or unsolicited tender offers accepted at a discount.

Debt Service Reserve Account

On May 22, 2001, the trustees of the Authority adopted a Debt Service Reserve Account Requirement Supplemental Resolution. This supplemental resolution reduced the Debt Service Reserve Requirements on the various series of Bonds and Notes from two per cent (2%) of their outstanding principal amounts to one per cent (1%).

In connection with the issuance of the Senior Series 2007A-1 Bonds, which since have been refunded and redeemed, the Debt Service Reserve Account Requirement was reduced from 1% to 0.75% of the principal amount of Bonds and Notes outstanding. The minimum reserve requirement for the Trust Estate is \$500,000. At June 30, 2014, the amount in the Debt Service Reserve Account met the Debt Service Reserve Account Requirement.

Additional Obligations

The Master Bond Resolution permits the issuance of additional obligations under certain conditions by adoption of supplemental bond resolutions, and by entering into agreements, such as interest rate swaps. The conditions to issue additional obligations include written confirmation by each rating agency that its applicable ratings on the outstanding Bonds and Notes will not be lowered or withdrawn because of the issuance of the additional obligations. The additional obligations may be issued in any of the three priority classes: Senior Obligations; Subordinate Obligations; or Junior-Subordinate Obligations.

No interest rate swap agreements, trust estate collateral investment agreements or other such agreements have been issued as additional obligations.

FFEL PROGRAM LOAN PORTFOLIO DATA

Portfolio Data and Servicing Reports

Portfolio data and other financial and operating information regarding the Bonds and Notes is included in the pages of the "1995 Master Bond Resolution Quarterly Report" for June 30, 2014 which is attached.

Similar reports are posted quarterly during the fiscal year on the investor information website: www.OSLAFinancial.com. Consequently, more current quarterly information on the Bonds and Notes is available at that internet address under the navigation tab "Continuing Financial Disclosure".

Guarantee of Loans

The FFEL Program loans are guaranteed by the Oklahoma State Regents for Higher Education Guaranteed Student Loan Program (State Guarantee Agency), which is reinsured by the United States Department of Education (USDE), or guaranteed by other guarantors approved by the USDE (Guarantee Agencies). As of June 30, 2014 and 2013, the majority of loans are guaranteed at 97% for loans first disbursed on or after July 1, 2006.

Change of Student Loan Special Allowance Index

Prior to April 2012, substantially all of the student loans that we own had a lender's yield based on a 3-month commercial paper index. The USDE announced in February 2012 certain conditions which would allow lenders to substitute the 1-Month LIBOR index for the 3-month commercial paper rate for purposes of special allowance calculations. In March 2012, OSLA elected to change the special allowance payment index on the loans that we own to the 1-Month LIBOR index, effective for the billing for the quarter ended June 30, 2012.

TAX MATTERS

Non-Purpose Arbitrage Rebate

Proceeds from the Authority's tax-exempt debt that are not invested in student loans, but instead are invested temporarily in non-purpose obligations such as investment securities, are subject to an arbitrage rebate to the federal government of certain earnings that exceed the related debt yield.

At June 30, 2014, there was no rebate due to the federal government for the tax-exempt Series 1995A/B, Series 2001A/B, Series 2004A-1 and Series 2004A-2 Bonds and Notes.

Excess Interest Yield Calculations

Proceeds from the Authority's tax-exempt debt that are invested in student loans are subject to a maximum allowable spread between the student loan yield and the related debt yield over the life of the respective issues. Any excess student loan interest over the allowable debt yield would be rebated to the student loan borrowers as interest rate reductions or loan principal forgiveness.

At June 30, 2014, there was no excess loan yield for the tax-exempt Series 1995A/B, Series 2001B, Series 2004A-1 and Series 2004A-2 Bonds and Notes.

Internal Revenue Service Examination

The Authority is subject to routine examinations by the Internal Revenue Service (IRS) for compliance with debt issuance requirements regarding both tax-exempt and taxable bond and note issues. In October 2012, the Authority received a letter from the IRS requesting information and documents for examination of the Authority's compliance regarding its \$40,625,000 Oklahoma Student Loan Bonds and Notes, Tax-Exempt Variable Rate Demand Obligations, Series 2002A-1 that was issued in 2002 and retired in full in 2010. In January 2013, the Authority received a letter from the IRS requesting information and documents for examination of the Authority's compliance regarding its \$228,000,000 2010 Indenture of Trust that was issued in 2010 and had approximately \$196,832,000 in bonds outstanding at the beginning of fiscal year 2013. The Authority responded to the initial and subsequent requests for information and documents. In May 2013, the IRS notified the Authority that the examinations for both Series were completed and that the IRS was closing the examinations with no charge to the position that interest received by the bond and note holders is excludable from gross income.
