SUMMARY STATEMENT

Because this is a summary, it does not contain all the information that may be important to you. You should read all the information in this Official Statement, including the Appendices, carefully before you invest.

Issuer (We).....Oklahoma Student Loan Authority, an express trust established for the benefit of the State of Oklahoma. Also, we are referred to in this document as the Authority.

We participate in the Federal Family Education Loan Program. We are a loan servicer and secondary market for 32 eligible lenders of the OSLA Student Lending Network. Also, we are an Eligible Lender. Additional information about us and our business is in Appendix B.

Priority of Payment.....The Master Bond Resolution, as Supplemented, provides that Obligations may be issued in any of three payment priority levels:

- Senior Obligations;
- Subordinate Obligations; and
- Junior-Subordinate Obligations

The Obligations include Bonds, Notes, interest rate swap agreements and agreements we may enter into with others, including entities we may form in the future, to share collateral.

The Series 2004A-1 Bonds are Senior Obligations and will be paid at the same priority as other Senior Obligations, but ahead of Subordinate and Junior-Subordinate Obligations. No Junior-Subordinate Obligations are Outstanding.

The BondsThe Series 2004A-1 Bonds are being issued as Reset Auction Mode Securities – RAMSTM, maturing December 1, 2033. Interest rates after the initial period will be reset generally every 35 days, beginning March 1, 2004, pursuant to the Auction Procedures described in Appendix G.

Interest on the Series 2004A-1 Bonds is payable semi-annually on June 1 and December 1, beginning June 1, 2004.

Trust EstateThe Series 2004A-1 Bonds are being issued pursuant to a Master Bond Resolution originally adopted on November 2, 1995, as it has been amended and supplemented, or may be amended or supplemented in the future. The Master Bond

Resolution, as Supplemented, pledges a Trust Estate to secure all Bonds and Notes issued pursuant to the Master Bond Resolution, as Supplemented.

Other Senior Bonds and Notes already are outstanding under the Master Bond Resolution, as Supplemented. These Senior Bonds and Notes have a claim to the Trust Estate equal to that of the Series 2004A-1 Bonds.

**Sources of Revenue
and Security**.....

The Trust Estate securing the Series 2004A-1 Bonds is comprised of the following.

- (1) Student loans originated under the Federal Family Education Loan Program that we acquired already, and those we expect to acquire, in the Trust Estate. The student loans may be acquired with bond proceeds or with principal and certain interest repayments on acquired loans. These student loans will be held on our behalf by a Custodian.
- (2) Revenues and Recoveries of Principal derived from the student loans, including federal Interest Benefit Payments and Special Allowance Payments paid to us by the U.S. Department of Education.
- (3) Moneys and investments on deposit in the funds and accounts established under the Master Bond Resolution, as Supplemented.
- (4) Our rights in the related Servicing Agreements, Custodian Agreements, Student Loan Purchase Agreements, Authority Guarantee Agreements, Swap Agreements, Swap Party guarantees and Trust Estate Collateral Agreements.
- (5) Any other property, rights and interests of any kind provided to the Master Trustee as additional security for our Obligations.

We are only obligated to pay debt service on the Series 2004A-1 Bonds from the sources identified above. We own other student loans and assets that are not a part of the Trust Estate. Those student loans and assets are *not* pledged to the repayment of the Series 2004A-1 Bonds. We cannot compel the State of Oklahoma to pay any amounts owed on the Series 2004A-1 Bonds from any source of funds.

Policies Affecting Revenue.....Our borrowers can qualify for our TOP™ Interest Rate and Principal Reduction programs, REAP Principal Reduction program and EZ Pay™ Discount .

The TOP program for Stafford and PLUS loans has two types of borrower savings:

- TOP Principal Reduction of 1.00% if the first three payments of principal and interest are made on time; and
- TOP Interest Rate Reduction of 1.50% if the first 12 payments of principal and interest are made on time.

Federal Consolidation Loans we hold are not eligible for TOP. Under the Higher Education Act, we are required to pay the federal government a rebate of 1.05% of the principal and accrued interest amount of Federal Consolidation Loans that we hold.

The REAP program for Consolidation Loans first disbursed on or after July 1, 2003 has a principal reduction of 1.00% if the first six payments of principal and interest are made on time.

The EZ Pay Discount of 0.33% off the loan interest rate is available to all FFEL Program borrowers who make their payments by automatic debit of their financial institution account.

Debt Service Reserve

RequirementThe Debt Service Reserve Account Requirement for our Bonds and Notes under the Master Bond Resolution, as Supplemented, is 1% of the aggregate principal amount of Bonds and Notes Outstanding, with a minimum reserve amount of \$500,000 for the Trust Estate. This requirement for the Previously Issued Bonds and Notes has been met by cash deposits to the Debt Service Reserve Account. For the Series 2004A-1 Bonds this requirement is \$406,250 that will be met by depositing that amount of bond proceeds in the Debt Service Reserve Account.

Student Loan Insurance,

Guarantee and Reinsurance.....All student loans we acquired with proceeds of Previously Issued Bonds and Notes, and those we intend to acquire with proceeds of the Series 2004A-1 Bonds, are covered by a Guarantee of at least 98% (or the highest percentage allowed by law) of principal and accrued interest.

We must perform specific due diligence activities in the servicing and collection of loans, from receipt of the loan application and continuing throughout the life of the loan, in order to maintain the Guarantee of the loan.

Guarantee claims paid by a Guarantee Agency are reinsured to the guarantor by the Secretary of Education on a scale ranging from 75% to 100% depending on various factors.

Approximately 95% of our student loans are guaranteed by the State Guarantee Agency. Additional information about the State Guarantee Agency is in Appendix D.

Redemption and Acceleration.....We may, and under certain circumstances must, prepay your Series 2004A-1 Bonds prior to maturity as a result of optional or mandatory redemption or acceleration as described herein.

Additional Bonds and Other Obligations.....

We may issue Additional Bonds and Notes to enable us to acquire additional student loans or to refinance previously issued Bonds and Notes if we meet certain conditions described herein. The Additional Bonds and Notes may be issued in any of the three priority classes.

The issuance of Additional Bonds and Notes may reduce the ratio of assets to Bonds and Notes outstanding in any of the different priority classes, depending on the amount issued, the priority class issued and the amount of costs of issuance and other amounts paid from the proceeds of Additional Bonds and Notes.

We also may enter into interest rate swaps and Trust Estate Collateral Investment Agreements that may require payments to others from the Trust Estate assets.

Loan Servicing.....We currently service education loans using the OSLA student loan servicing system, including software licensed from IFA Systems. We started using the OSLA Loan Servicing System in-house on January 28, 2002 and converted our existing loan portfolio to the OSLA Loan Servicing System as of March 1, 2002.

Initial Collateralization

We expect that after the application of the proceeds of the Series 2004A-1 Bonds, the ratio of the Aggregate Market Value of the Trust Estate to the total accrued and unpaid principal of and interest on the Obligations Outstanding will be approximately as follows:

Trust Assets to Senior Obligations	122.3%
Trust Assets to All Obligations	101.4%

The Master Bond Resolution, as Supplemented, does not require that any particular level of collateralization be maintained. However certain ratios are required for the withdrawal of assets from the Trust Estate.

Issuance of Additional Obligations in the future could reduce collateralization. However, issuance of Additional Obligations is subject to several conditions, including verification from each Rating Agency that the issuance of Additional Obligations will not cause the existing rating on any of the Outstanding Obligations to be reduced or withdrawn.

Financed Eligible Loans

Eligible Loans held in the Trust Estate are referred to herein as “*Financed Eligible Loans*”. The education loan promissory notes evidencing the Financed Eligible Loans and related loan documentation will be held by Bank of Oklahoma, N.A., acting as Custodian.

We expect to deposit Financed Eligible Loans that we have already acquired or originated into the Trust Estate beginning in March 2004. We expect to deposit the Eligible Loans acquired with proceeds of the Series 2004A-1 Bonds into the Trust Estate by approximately July 1, 2004. However, we are allowed until July 1, 2006 to expend the Series 2004A-1 Bond proceeds.

A substantial portion of the Financed Eligible Loans will be Federal Consolidation Loans. Under the Higher Education Act, we are required to pay monthly to the federal government an annualized rebate of 1.05% of the principal and accrued interest amount of Federal Consolidation Loans that we hold. Federal Consolidation Loans that we hold are not eligible for the TOPTM Program described below. However, substantially all of the Consolidation Loans in the Trust Estate will be eligible for the Reduction of Eligible Account Principal (“*REAP*”) program that provides a non-recurring 1.00% principal reduction if the eligible borrower makes the first six payments of principal and interest on time.

Except for Federal Consolidation Loans, substantially all other Eligible Loans, will be eligible for our Timely on Payments (“*TOPTM*”) program. TOP is the identifying trademark for our behavioral incentive loan program for borrowers who can qualify for savings on their loans in repayment. TOP has two types of borrower savings -

- TOP Principal Reduction is available under certain conditions if the eligible borrower makes the first three payments of principal and interest on time. Once achieved, the borrower receives a non-recurring reduction of 1.00% of their eligible principal amount.
- TOP Interest Rate Reduction is available under certain conditions if the eligible borrower makes the first 12 payments of principal and interest on time. Once achieved, the borrower receives a 1.50% interest rate discount. The interest rate discount is permanent.

In addition, we offer all repayment borrowers our *EZ PayTM Discount* if they agree to recurring automatic debits to make their monthly loan payments. The EZ Pay Discount plan gives the borrower a 0.33 of 1% interest rate discount. The borrower can be disqualified for the interest rate discount under certain circumstances.

To the extent borrowers qualify for our borrower savings programs, Revenues and Recoveries of Principal will be reduced. Based on information provided by us, these programs have been accounted for in the cash flow projections prepared by the Underwriter. See the information under the captions “SECURITY AND SOURCES OF PAYMENT - Cash Flow Projections” and “RISK FACTORS” for additional information.

Guarantee of Eligible Loans

Eligible Loans will be Guaranteed as provided for in the Higher Education Act by:

- the Oklahoma State Regents for Higher Education (the “*State Regents*”), acting as the State Guarantee Agency ;
- other Guarantee Agencies qualified under the provisions of the Master Bond Resolution, as Supplemented, to act in such capacity; or
- in rare instances, the Secretary of the United States Department of Education (the “*USDE*”).

The amount of the Guarantee on the Financed Eligible Loans will be the percentage established by the Higher Education Act. That guarantee percentage currently ranges from 98% to 100% of outstanding principal amount. It is expected that substantially all of the Financed Eligible Loans will be Guaranteed at 98%, although that amount could be reduced in the future.

We must use due diligence in the servicing and collection of loans in order to maintain the Guarantee of the loan. The due diligence standards we must follow are set forth in the Higher Education Act, and certain other due diligence standards established by the Guarantee Agencies. In order to satisfy the due diligence requirements, we must adhere to specific activities in a timely manner beginning with the receipt of the loan application and continuing throughout the life of the loan.

The respective Guarantee Agencies are reinsured, subject to various terms and conditions, by the Secretary for reimbursement from 75% to 100% of the amounts expended in payment of claims made by Eligible Lenders. The reimbursement percentage to each Guarantee Agency depends upon its claims rate. See the information under the caption “Guarantees” in APPENDIX E – “SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM” for a description of the Secretary's reimbursement of Guarantee Agencies.

As of December 31, 2003, approximately 95% of the Federal Family Education Loan Program (the “*FFEL Program*”) loans held by us were guaranteed by the State Guarantee Agency. For a brief description of the State Guarantee Agency, see APPENDIX D — “GENERAL DESCRIPTION OF THE STATE GUARANTEE AGENCY”.

Recycling

As a general practice, we utilize Recoveries of Principal and certain Revenues from the various funding sources to finance additional Eligible Loans instead of redeeming bond principal prior to its scheduled maturity (referred to as “*Recycling*”). We plan to continue Recycling to

the maximum extent possible with respect to the Previously Issued Bonds and Notes and the Series 2004A-1 Bonds. Presently, we may use Recycling in the Trust Estate through July 1, 2006, but that date may be extended with the consent of the Rating Agencies.

Loan Servicing

We service our own loans and those of other Eligible Lenders. Pursuant to the Master Bond Resolution, as Supplemented, we are required to perform all services and duties customary to the servicing of education loans in compliance with all standards and procedures provided for in the Higher Education Act.

We service education loans internally using a loan servicing system software licensed to us on a perpetual basis by Idaho Financial Associates, Inc., Boise, Idaho and hardware and other software owned, developed or licensed by us. We began origination of education loans using that system on January 28, 2002; and converted servicing of the portfolio that previously we serviced remotely as of March 1, 2002.

See the caption “LOAN SERVICING” in Appendix B for additional information about our loan servicing activities.

We also perform origination and pre-acquisition interim servicing for 32 other eligible lenders that are members of the OSLA Student Lending Network (the “*OSLA Network*”). The OSLA Network members are required to sell to us, and we are required to buy, the loans that we service. In addition, two members of the OSLA Network originate and interim service their own loans at their own premises using our loan servicing system on a remote basis.

Security for the Series 2004A-1 Bonds

The Master Bond Resolution establishes three priority levels of obligations that can be issued with varying priorities in rights to payment: Senior Obligations; Subordinate Obligations; and Junior-Subordinate Obligations.

See the caption “INTRODUCTION - Obligations to be Outstanding,” and “SECURITY AND SOURCES OF PAYMENT” herein, and also Appendix A.

Senior Obligations

Payment of the principal of and interest on the Outstanding Senior Obligations and on the Series 2004A-1 Bonds is secured by the pledge with respect to certain revenues and assets, as described herein, on a parity with any Additional Bonds and Notes issued as Senior Bonds and Notes, and with certain other payment obligations arising under the Master Bond Resolution, as Supplemented.

Rights as to payment and other remedies for holders of Senior Obligations are superior to the rights afforded to holders of Subordinate Obligations and Junior-Subordinate

Obligations. However, current principal and interest may be paid on Subordinate Obligations and Junior-Subordinate Obligations, if all principal and interest payments then due and owing on the Senior Obligations have been made or provided for.

Subordinate Obligations

Payment of the principal of and interest on the Outstanding Subordinate Obligations, and any Subordinate Obligations issued in the future on a parity therewith, is secured by the pledged assets of the Trust Estate subordinate to the rights of payment and other remedies of the Senior Obligations, including the Series 2004A-1 Bonds.

Subordinate Obligations are payable on a superior basis to payments on Junior-Subordinate Obligations. However, current principal and interest may be paid on the Junior-Subordinate Obligations if all principal and interest payments then due and owing on the Senior Obligations and the Subordinate Obligations have been made or provided for.

Junior-Subordinate Obligations

Junior-Subordinate Bonds and Notes that are subordinate in right of payment to both the Senior Obligations and the Subordinate Obligations may be issued from time to time in the future pursuant to the Master Bond Resolution, as Supplemented. Payment of the principal of, and interest on, the Junior-Subordinate Obligations will be secured by the pledged assets of the Trust Estate subordinate to the rights of payment and other remedies of the Senior Obligations and the Subordinate Obligations.

Payment of Junior-Subordinate Obligations, if any, may be on parity with other Junior-Subordinate Obligations, or may be subject to separate preferences or priorities within such class of obligations. Upon issuance of the Series 2004A-1 Bonds, there will be no Junior-Subordinate Obligations Outstanding

The Series 2004A-1 Bonds, and the interest thereon, are limited revenue obligations of the Authority, secured by the assets specifically pledged, as more particularly described herein and in the Master Bond Resolution, as Supplemented.

The Series 2004A-1 Bonds, and the interest thereon, are not obligations of the State. Neither the faith and credit nor the taxing power of the State is pledged to the payment of the principal of, or interest on, the Series 2004A-1 Bonds.

The Series 2004A-1 Bonds, and the interest thereon, are not personal obligations of the trustees of the Authority and are not a general obligation of the Authority. The Authority has no taxing power.

Corporate Trustee

Administration of the Trust Estate will be governed by the Master Trust Agreement, as supplemented and assigned, between the Bank of Oklahoma, N.A., as Master Trustee and us. The Master Trust Agreement, as assigned, the various series trust agreements previously delivered and the Series 2004A-1 Trust Agreement each by and between the Bank of Oklahoma, N.A., as series trustee and us collectively are referred to as the “*Trust Agreement*”.

The Series 2004A-1 Trustee also is acting as paying agent, authenticating agent and registrar pursuant to the Master Bond Resolution, as Supplemented, and the Trust Agreement.

DESCRIPTION OF THE SERIES 2004A-1 BONDS

General

The Series 2004A-1 Bonds will be issued as Reset Auction Mode Securities (“*RAMSTM*”). The Auction Rate is to be established from time to time pursuant to the Auction Procedures described below under the captions “Interest on Series 2004A-1 Bonds” and “Auctions” and in APPENDIX G — “AUCTION PROCEDURES.”

The Series 2004A-1 Bonds will be issued as fully registered bonds in denomination of \$25,000 or any integral multiple thereof. When issued, The Depository Trust Company (“*DTC*”), New York, New York, will act as securities depository for the Series 2004A-1 Bonds. Individual purchases will be made in Book Entry form only and purchasers of beneficial ownership interests (the “*Beneficial Owners*”) will not receive certificates representing their interests in the Series 2004A-1 Bonds. See the section “SECURITIES DEPOSITORY” herein.

As long as Cede & Co., as nominee of DTC, is the Registered Owner of the Series 2004A-1 Bonds, references herein to the Registered Owners of the Series 2004A-1 Bonds mean Cede & Co. and do not mean the Beneficial Owners of the Series 2004A-1 Bonds.

The Series 2004A-1 Bonds are subject to redemption and acceleration, as described below.

Interest on Series 2004A-1 Bonds

Interest on the Series 2004A-1 Bonds will accrue for each Interest Period commencing on the Date of Issuance through March 1, 2004 at the rate of interest determined by the initial offering and sale. Thereafter, interest will be determined based on auctions, initially for 35-day Interest Periods, subject to the Interest Rate Limitation.

The Auction Period is subject to change as described below under the caption "Changes in Auction Periods or Auction Date". If an Auction is not held on an Auction Date for any reason (other than a market disruption described below and in Appendix G), then the rate of interest for the next succeeding Interest Period will equal the Maximum Auction Rate.

Interest will be computed on the basis of a 360-day year for the number of days actually elapsed. Interest will be payable semi-annually on June 1 and December 1 of each year, beginning June 1, 2004. Interest Payment Dates are subject to change as described below under the caption "Changes in Auction Periods or Auction Date".

The amount of interest distributable to holders of Series 2004A-1 Bonds in respect of each \$25,000 in principal amount thereof for any Interest Period or part thereof will be calculated by applying the Bond Interest Rate for such Interest Period or part thereof, to the principal amount of \$25,000, multiplying such product by the actual number of days in the Auction Period or part thereof, divided by 360, and truncating the resultant figure to the nearest cent.

Interest will be paid by check or draft drawn upon the Series 2004A-1 Trustee and mailed to Registered Owners (initially DTC) at the address shown on the bond register. However, at the written request of a Registered Owner of at least \$1,000,000 in aggregate principal amount of Series 2004A-1 Bonds, and upon compliance with certain provisions of the Master Bond Resolution, as Supplemented, interest may be paid by wire transfer.

However, (1) if the ownership of Series 2004A-1 Bonds is no longer maintained in book-entry form, the rate of interest on Series 2004A-1 Bonds for any Auction Period commencing after the delivery of certificates representing Series 2004A-1 Bonds as described above shall equal the Maximum Auction Rate on the Business Day immediately preceding the first day of such subsequent Auction Period; or (2) if a Payment Default occurs and is continuing, Auctions will be suspended and the Auction Rate for the Auction Period commencing on or after such Payment Default and for each Auction Period thereafter to and including the Auction Period, if any, during which, or commencing less than two Business Days after, such Payment Default is cured will equal the Overdue Rate.

Notwithstanding anything herein to the contrary, if any Series 2004A-1 Bond or portion thereof has been selected for redemption during the next succeeding Auction Period, such Series 2004A-1 Bond or portion thereof, will not be included in the Auction preceding such redemption date, and will continue to bear interest until the redemption date at the rate established for the Auction Period prior to said Auction.

Auction Participants

The participants in the Auction process for the Series 2004A-1 Bonds are the:

- Existing Owners and Potential Owners as described in the next paragraph;
- *Auction Agent*, initially Deutsche Bank Trust Company Americas, New York, New York;
- *Broker-Dealer*, initially RBC Dain Rauscher Inc. ; and
- *Market Agent*, initially RBC Dain Rauscher Inc.

Existing Owners and Potential Owners

Participants in each Auction will include Existing Owners and Potential Owners.

- Existing Owners (for purposes of dealing with the Auction Agent in connection with an Auction) means any Person who is a Broker-Dealer listed in the books of registry as the owner of record of Series 2004A-1 Bonds prior to a Conversion Date at the close of business on the Business Day preceding each Auction.
- Potential Owners means any Person, including any Existing Owner, that is interested in acquiring Series 2004A-1 Bonds or, in the case of an Existing Owner, an additional principal amount of Series 2004A-1 Bonds.

By purchasing Series 2004A-1 Bonds, whether in an Auction or otherwise, each prospective purchaser of Series 2004A-1 Bonds or its Broker-Dealer will be deemed to have agreed:

- to participate in Auctions on the terms set forth in the Master Bond Resolution, as Supplemented and as described in Appendix G;
- to sell, transfer or otherwise dispose of Series 2004A-1 Bonds only pursuant to a Bid or a Sell Order in an Auction, or through a Broker-Dealer, so long as the beneficial ownership of Series 2004A-1 Bonds is maintained in book-entry form by DTC; *provided* that in the case of all transfers other than those pursuant to an Auction, the Existing Owner of Series 2004A-1 Bonds so transferred, its agent member or its Broker-Dealer advises the Auction Agent of such transfer; and
- to have its beneficial ownership of Series 2004A-1 Bonds maintained at all times in book-entry form by the Securities Depository for the account of its Participant in DTC, which in turn will maintain records of such beneficial ownership, and to

authorize such Participant to disclose to the Auction Agent such information with respect to such beneficial ownership as the Auction Agent may request.

Auction Agent

The Series 2004A-1 Trustee will be directed by the Series 2004A-1 Supplemental Resolution to enter into the initial Auction Agency Agreement with the initial Auction Agent.

The Auction Agent may resign or be removed at any time by the Series 2004A-1 Trustee, acting at the direction of either: (1) the Authority; or (2) the Registered Owners of 66-2/3% of the aggregate principal amount of the Series 2004A-1 Bonds; *provided* that, neither resignation nor removal of the Auction Agent will be effective until a successor Auction Agent has been appointed by the Series 2004A-1 Trustee at the direction of the Authority, the successor has accepted such appointment and the Series 2004A-1 Trustee has entered into an Auction Agency Agreement with the successor.

Any substitute Auction Agent must be: (1) a bank or trust company duly organized under the laws of the United States of America or any state or territory thereof having its principal place of business in the Borough of Manhattan, in The City of New York (or such other location as may be approved by the Series 2004A-1 Trustee at the direction of the Authority and the Market Agent), and having a combined capital stock, surplus and undivided profits of at least \$15,000,000; or (2) a member of the National Association of Securities Dealers, Inc., having a net capital of at least \$15,000,000 and, in either case, authorized by law to perform all the duties imposed upon it under the Series 2004A-1 Supplemental Resolution and under the Auction Agency Agreement.

The Auction Agent is acting as agent for the Series 2004A-1 Trustee and the Authority in connection with Auctions. In the absence of bad faith or negligence on its part, the Auction Agent will not be liable for any action taken, suffered or omitted or for any error of judgment made by it in the performance of its duties under the Auction Agency Agreement and will not be liable for any error of judgment made in good faith unless the Auction Agent was negligent in ascertaining (or failing to ascertain) the pertinent facts.

Broker-Dealer

The Auction Agent will be directed by the Series 2004A-1 Supplemental Resolution to enter into the initial Broker-Dealer Agreement with RBC Dain Rauscher Inc.

Existing Owners and Potential Owners may participate in Auctions only by submitting Orders through a “Broker-Dealer”, including RBC Dain Rauscher Inc. or any other broker or dealer (each as defined in the Securities Exchange Act of 1934, as amended), commercial bank or other entity permitted by law to perform the functions required of a Broker-Dealer set forth in the Series 2004A-1 Supplemental Resolution.

Each Broker-Dealer must:

- be a Participant or an affiliate of a Participant;
- have a capital surplus of at least \$15,000,000;
- have been selected by the Authority; and
- have entered into a Broker-Dealer Agreement with the Auction Agent that remains effective, in which the Broker-Dealer agrees to participate in Auctions as described in the Auction Procedures, as from time to time amended or supplemented.

Any Broker-Dealer may be removed at any time, at the request of the Authority, but at all times there must be at least one Broker-Dealer.

Market Agent

The Series 2004A-1 Trustee will be directed by the Series 2004A-1 Supplemental Resolution to enter into the initial Market Agent Agreement with the Market Agent. The Market Agent is responsible under the terms of the Market Agent Agreement for the following duties:

- to assist the Series 2004A-1 Trustee in the determination of the Maximum Auction Rate on the Business Day before each Auction Date after the delivery of physical certificates representing the Series 2004A-1 Bonds;
- to assist the Series 2004A-1 Trustee in calculating the Overdue Rate on the Auction Date for (1) each Interest Period commencing after the occurrence and during the continuance of a Payment Default, and (2) any Interest Period commencing less than the Applicable Number of Business Days after the cure of any Payment Default;
- to determine the Quarterly Average CP Rate and the Quarterly Average T-Bill Rate for purposes of determining the CP Cap and the T-Bill Cap, respectively, as a component of the Maximum Auction Rate;
- to make changes to the Auction Periods or Auction Dates as described below under the caption "Changes in Auction Periods or Auction Date"; and
- to notify the Auction Agent of changes to the Applicable CP Spread and the Applicable T-Bill Spread

Under the Market Agent Agreement, and in connection with the Series 2004A-1 Bonds, the Market Agent will act solely as agent of the Series 2004A-1 Trustee and will not assume any obligation or relationship of agency or trust for or with any of the Registered Owners or Beneficial Owners.

Auctions

Auctions to establish the Auction Rate are to be held on each Auction Date by application of the Auction Procedures described in Appendix G. Auction Date initially means March 1, 2004, and thereafter, the Business Day immediately preceding the first day of each Auction Period, other than:

- an Auction Period which commences on a Conversion Date;
- each Auction Period commencing after the ownership of the Series 2004A-1 Bonds is no longer maintained in book-entry form;
- each Auction Period commencing after the occurrence and during the continuance of a Payment Default; or
- any Auction Period commencing less than two Business Days after the cure or waiver of a Payment Default.

The Auction Date for one or more Auction Periods may be changed as described below under the caption “Changes in Auction Periods or Auction Date”.

The Auction Agent will determine the Maximum Auction Rate and the All-Hold Rate on each Auction Date. Upon receipt of notice from the Series 2004A-1 Trustee of a failed Conversion Date, and if the next succeeding Auction Date shall be two or fewer Business Days after (or on) the failed Conversion Date, the Auction Agent will not hold an Auction on such Auction Date but will calculate the Maximum Auction Rate as of the first Business Day of the next succeeding Auction Period and give notice thereof as provided and to the parties specified in the Auction Agency Agreement.

If the ownership of Series 2004A-1 Bonds is no longer maintained in book-entry form, the Series 2004A-1 Trustee will, with the assistance of the Market Agent, calculate the Maximum Auction Rate on the Business Day immediately preceding the first day of each Auction Period commencing after delivery of certificates representing such Series 2004A-1 Bonds.

If a Payment Default has occurred, the Series 2004A-1 Trustee will, with the assistance of the Market Agent, calculate the Overdue Rate on the first day of: (1) each Auction Period commencing after the occurrence and during the continuance of such Payment Default and (2) any Auction Period commencing less than the two Business Days after the cure of any Payment Default.

The determination by the Series 2004A-1 Trustee or the Auction Agent, as the case may be, of the Maximum Auction Rate will (in the absence of manifest error) be final and binding upon the Registered Owners and all other parties. If calculated or determined by the Auction Agent, the Auction Agent will promptly advise the Series 2004A-1 Trustee of the Maximum Auction Rate.

So long as ownership of the Series 2004A-1 Bonds is maintained in book-entry form, an Existing Owner may sell, transfer or otherwise dispose of Series 2004A-1 Bonds only pursuant to a Bid or Sell Order placed in an Auction or through a Broker-Dealer, *provided* that, in the case of all transfers other than pursuant to Auctions, such Existing Owner, its Broker-Dealer or its

Participant advises the Auction Agent of such transfer. Prior to a Conversion Date, Auctions will be conducted on each Auction Date, if there is an Auction Agent on such Auction Date, in the manner described in Appendix G.

A description of the Settlement Procedures to be used with respect to Auctions for Series 2004A-1 Bonds is contained in APPENDIX H - "SETTLEMENT PROCEDURES".

Adjustments in Percentages

The Market Agent will adjust the percentage used in determining the All-Hold Rate, the Applicable CP Spread, the Applicable T-Bill Spread and the Applicable Percentage used in determining the Maximum Auction Rate and the percentage of the Kenny Index used to determine the Overdue Rate, if any such adjustment is necessary in the judgment of the Market Agent, to reflect any Change of Preference Law such that Series 2004A-1 Bonds bearing interest at the Maximum Auction Rate, the All-Hold Rate or the Overdue Rate will have equal market values before and after such Change of Preference Law. Prior to any such adjustment, the Authority will give notice thereof to each Rating agency, and no such adjustment will be made unless such adjustment will not adversely affect any Rating on the Series 2004A-1 Bonds.

In making any such adjustment, the Market Agent will take the following factors, as in existence both before and after such Change of Preference Law, into account: (1) short-term taxable and tax-exempt market rates and indices of such short-term rates; (2) the market supply and demand for short-term tax-exempt securities; (3) yield curves for short-term and long-term tax-exempt securities or obligations having a credit rating that is comparable to the Series 2004A-1 Bonds; (4) general economic conditions; and (5) economic and financial factors present in the securities industry that may affect or that may be relevant to the Series 2004A-1 Bonds.

The Market Agent will effectuate an adjustment in the percentage used in determining the All-Hold Rate, the percentage used in the Applicable CP Spread, the Applicable T-Bill Spread and the Applicable Percentage used in determining the Maximum Auction Rate and the percentage of the Kenny Index used to determine the Overdue Rate by delivering written notice to the Authority, the Series 2004A-1 Trustee and the Auction Agent at least 10 days prior to the Auction Date on which the Market Agent desires to effect such change.

Changes in Auction Periods or Auction Date

Changes in Auction Period or Periods

The Authority may change the length of one or more Auction Periods for the Series 2004A-1 Bonds upon meeting certain conditions. In connection with any such change, the Market Agent may change Interest Payment Dates. Any such changed Auction Period must not be less than 7 days.

The change in the length of one or more Auction Periods will not be allowed unless Sufficient Clearing Bids existed at both the Auction before the date on which the notice of the proposed change was given and the Auction immediately preceding the proposed change. The change in Auction Period will take effect only if certain requirements are met as described in the Series 2004A-1 Supplemental Resolution.

Changes in the Auction Date

The Market Agent:

- in order to conform with then-current market or industry practice with respect to similar securities; or
- in order to accommodate economic and financial factors that may affect or be relevant to the day of the week constituting an Auction Date; and with the written consent of the Authority;

may specify an earlier Auction Date (but in no event more than five Business Days earlier) than the Auction Date that would otherwise be determined in accordance with the definition of Auction Date with respect to one or more specified future Auction Periods.

The Market Agent must provide notice of any determination to specify an earlier Auction Date for one or more Auction Periods by means of a written notice delivered at least 10 days prior to the proposed changed Auction Date to the Series 2004A-1 Trustee, the Auction Agent, the Authority and the Rating Agencies. In connection with any change in the Auction terms described above, the Auction Agent shall provide such further notice to such parties as is specified in the Auction Agency Agreement.

Disruption in Auction Procedures

If an Auction does not occur because it was not foreseeable that the scheduled Auction Date would not be a Business Day (a “*Scheduled Auction Date*”), the following will apply:

- an Auction will be deemed to have occurred on the Scheduled Auction Date as if such day were a Business Day;
- the Auction Rate for such deemed Auction in effect for the succeeding Interest Period will be equal to the Auction Rate for the preceding Interest Period; provided, however, that in the event the preceding Interest Period was other than generally 35 days in duration, the Auction Rate will be the rate of interest determined by the Market Agent on equivalently rated auction securities with a comparable length of Auction Period; and
- the succeeding Interest Period will generally be 35 days in duration, beginning on the calendar day following the Scheduled Auction Date and ending on (and including) a

Monday (unless such Monday is not followed by a Business Day, in which case on the next succeeding day that is followed by a Business Day).

Redemption Provisions

The Series 2004A-1 Bonds are subject to redemption prior to their maturity upon notice as described under the caption “Notice of Redemption” below. If less than all of the Series 2004A-1 Bonds that are Outstanding are to be redeemed, the particular Series 2004A-1 Bonds to be redeemed will be selected (and redeemed only in Authorized Denominations) as described under the caption “Partial Redemption” below.

Optional Redemption

The Series 2004A-1 Bonds are subject to redemption at the option of the Authority from any source of funds, including funds derived from the sale of Eligible Loans, in whole or in part on the first day of each Auction Period at a redemption price equal to the principal amount of the Series 2004A-1 Bonds being redeemed (and without premium), plus interest accrued, if any, to the date of redemption.

Mandatory Redemption

The Series 2004A-1 Bonds are subject to mandatory redemption by the Authority, in whole or in part, on any Business Day at a redemption price equal to the principal amount thereof being redeemed, plus accrued interest to the date set for redemption, in Authorized Denominations, from moneys on deposit in the Series 2004A-1 Principal Subaccount or in the Series 2004A-1 Loan Subaccount:

- A. Which are not derived from the voluntary sale or disposition of Eligible Loans and which the Authority determines (as indicated in an order given to the Master Trustee at least forty-five (45) days before the redemption date) are not available or are not expected to be used to acquire Eligible Loans; or
- B. Which represent moneys deposited therein on the Date of Issuance of the Series 2004A-1 Bonds which have not been used to acquire Eligible Loans by July 1, 2006 or such later date acceptable to the Rating Agencies, provided that the Authority and the Master Trustee receive written confirmation from each Rating Agency that its then-applicable Ratings on all Bonds and Notes issued and secured pursuant to the Master Bond Resolution, as Supplemented, will not be lowered or withdrawn because of such extension of the acquisition period; or
- C. Which represent Recoveries of Principal from Eligible Loans acquired directly or indirectly with the proceeds of the Series 2004A-1 Bonds, which Recoveries of Principal are received, or are on deposit, after July 1, 2006 or such later date acceptable to the Rating Agencies, provided that the Authority and the Master Trustee receive written confirmation from each Rating Agency that its then-applicable Ratings on all Bonds and Notes issued and secured pursuant to the

Master Bond Resolution, as Supplemented, will not be lowered or withdrawn because of such extension of the acquisition period; or

- D. If the Authority suffers unreasonable burdens or excessive liabilities in connection with the operation of its Program or the redemption of the Series 2004A-1 Bonds is required or necessary under applicable law or regulations of the Secretary to enable the Authority to continue to receive various federal benefits, all as evidenced by a certificate of the Authority addressed to the Master Trustee.

See the captions “SECURITY AND SOURCES OF PAYMENT — Flow of Funds” and “— Creation of Accounts” herein.

Purchase of Series 2004A-1 Bonds; Tenders.

If at any time moneys are held in any of the Funds and Accounts to be used to redeem Series 2004A-1 Bonds, in lieu of such redemption the Authority may direct the Series 2004A-1 Trustee to use part or all of such moneys to purchase Series 2004A-1 Bonds that would otherwise be subject to redemption from such moneys.

The purchase price of such Series 2004A-1 Bonds will not exceed the applicable principal amount of the Series 2004A-1 Bonds which would be redeemed but for such purchase (accrued interest to be paid from the same Fund or Account from which accrued interest would be paid upon such redemption). Any such purchase must be completed prior to the time notice would otherwise be required to be given to redeem the related Series 2004A-1 Bonds.

All Series 2004A-1 Bonds so purchased will be cancelled by the Series 2004A-1 Trustee and applied as a credit against the Authority's obligation to redeem such Series 2004A-1 Bonds from such moneys. Savings resulting from the purchase of Series 2004A-1 Bonds at less than their respective redemption prices: (1) may be used to purchase or redeem additional Bonds and Notes to the extent permitted by the provisions of the corresponding Supplemental Bond Resolutions; or, (2) at the request of the Authority, may be transferred to the Tax-Exempt Repayment Account of the Student Loan Sinking Fund.

The Authority may direct the Series 2004A-1 Trustee, on behalf of the Authority, to request the submission of tenders following notice requesting such submission prior to making the purchases authorized pursuant to the preceding paragraph. The Authority may specify the maximum and minimum periods of time which will transpire between the date upon which such notice is to be given and the date upon which such tenders are to be accepted. No tenders will be considered or accepted at any price exceeding the price specified in the preceding paragraph for the purchase of Series 2004A-1 Bonds.

The Authority will accept bids with the lowest price and in the event the moneys available for purchase pursuant to such tenders are not sufficient to permit acceptance of all tenders and if there are tenders at an equal price above the amount of moneys available for purchase, then the Authority will select randomly, or in such manner as it determines in its discretion, the Series 2004A-1 Bonds tendered that will be purchased.

Partial Redemption

If less than all of the Series 2004A-1 Bonds are to be redeemed, the portions thereof to be redeemed will be selected, not more than fifteen (15) days prior to the date of notice of redemption by the Series 2004A-1 Trustee, at random or in such manner as the Series 2004A-1 Trustee in its discretion may deem fair and appropriate. The Series 2004A-1 Trustee shall treat each Series 2004A-1 Bond to be redeemed as representing that number of Series 2004A-1 Bonds of the lowest Authorized Denomination as is obtained by dividing the principal amount of such Series 2004A-1 Bonds by such Authorized Denomination, provided that after giving effect to such redemption, all Outstanding Series 2004A-1 Bonds are in Authorized Denominations.

In case part but not all of an outstanding Series 2004A-1 Bond is selected for redemption, upon presentation and surrender of such Series 2004A-1 Bond by the Registered Owner or his attorney duly authorized in writing (with, if the Authority or the Series 2004A-1 Trustee so requires, due endorsement by, or a written instrument of transfer in form satisfactory to the Authority and the Series 2004A-1 Trustee duly executed by, the Registered Owner thereof or his attorney duly authorized in writing) to the Series 2004A-1 Trustee, the Authority will execute and the Series 2004A-1 Trustee will authenticate and deliver to or upon the order of such Registered Owner, without charge therefor, for the unredeemed portion of the principal amount of the Series 2004A-1 Bond so surrendered, a Series 2004A-1 Bond, at the option of such Registered Owner or such attorney, in any Authorized Denomination of like tenor.

Notice of Redemption

When any Series 2004A-1 Bonds are to be redeemed, the Series 2004A-1 Trustee will give notice of the redemption in the name of the Authority specifying, among other things, the date, the principal amount of the Series 2004A-1 Bonds being redeemed, the CUSIP numbers and other distinguishing marks of the Series 2004A-1 Bonds to be redeemed, the place or places where amounts due upon such redemption will be payable, and in the case of Series 2004A-1 Bonds to be redeemed in part only, the respective portions of the principal thereof to be redeemed.

Such notice will further state that on such date the principal amount will become due and payable upon each Series 2004A-1 Bond to be redeemed, together with interest accrued to the redemption date, and that, from and after such date, interest thereon will cease to accrue.

Such notice will be given by mailing a copy of such notice, postage prepaid, not less than fifteen (15) days nor more than sixty (60) days before the redemption date to the Registered Owners of any Series 2004A-1 Bonds, or portions of Series 2004A-1 Bonds, which are to be redeemed at their last addresses appearing upon the registration books. Failure to so mail any such notice to any of such Registered Owners will not affect the validity of the proceedings for the redemption of other Series 2004A-1 Bonds. In addition, the Series 2004A-1 Trustee will send (no more than sixty (60) days after the date for redemption) a further notice of redemption to each Registered Owner who has not presented their Series 2004A-1 Bond for redemption within thirty (30) days subsequent to the redemption date.

The obligation of the Series 2004A-1 Trustee to give the notice of redemption is not conditioned upon the prior payment to the Series 2004A-1 Trustee of moneys or Investment Securities sufficient to pay the principal amount of the Series 2004A-1 Bonds to which such notice relates or the interest thereon to the redemption date. Any notice of redemption may, if directed by the Authority, be given specifying that the redemption of the Series 2004A-1 Bonds so called for redemption is made conditional upon the deposit of sufficient amounts to pay the redemption price therefor on the date fixed for redemption and, if amounts are not so available, such notice of redemption will be cancelled and be null and void and the Series 2004A-1 Bonds so called for redemption and subject to such conditional redemption notice will continue to remain Outstanding.

The Series 2004A-1 Bonds, or portions thereof, to be redeemed will (on the date fixed for redemption) become due and payable at the principal amount thereof specified in the notice of redemption plus accrued interest to the redemption date. Upon presentation and surrender thereof at the place specified in such notice, such Series 2004A-1 Bonds or portions thereof will be paid at the principal amount thereof, plus accrued interest to the redemption date. On and after the redemption date (unless the Authority defaults in the payment of the principal amount thereof and accrued interest), such Series 2004A-1 Bonds will cease to bear interest, and such 2004A-1 Bonds will no longer be considered as Outstanding under the Master Bond Resolution, as Supplemented.

If moneys sufficient to pay the principal amount thereof and accrued interest have not been made available by the Authority to the Series 2004A-1 Trustee on the redemption date, such Series 2004A-1 Bonds will continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

No assurance can be given by the Authority, the Series 2004A-1 Trustee or the Master Trustee that DTC will distribute to the Participants, or the Participants will distribute to the Beneficial Owners: (1) payments of principal and interest on the Series 2004A-1 Bonds paid to DTC (or its nominee), as the Registered Owner; or (2) any redemption or other notices; or (3) that DTC or the Participants will serve and act on a timely basis or in the manner described herein.

Transfer and Exchange

Notwithstanding the following, for so long as the Series 2004A-1 Bonds are available only in the Book Entry System of DTC as the Securities Depository, transfers and exchanges of the Series 2004A-1 Bonds by the Beneficial Owners thereof will occur as described under the caption "SECURITIES DEPOSITORY" herein.

Series 2004A-1 Bonds will be transferable only upon the books of the Authority, which will be kept for such purpose at the corporate trust office of each Series Registrar, presently the Series 2004A-1 Trustee, by the Registered Owner thereof in person or by his attorney duly authorized in writing, upon surrender thereof, together with a written instrument of transfer satisfactory to the corresponding Series Registrar duly executed by the Registered Owner or his duly authorized attorney. Upon surrender for transfer of any such Series 2004A-1 Bonds, the

Authority will execute and the applicable Series Registrar (if any) or the Series 2004A-1 Trustee will authenticate and deliver, in the name of the transferee, one or more new fully registered Series 2004A-1 Bonds of the same aggregate principal amount, maturity and rate of interest as the surrendered Series 2004A-1 Bonds.

The Authority, the corresponding Series Registrar (if any) and the Series 2004A-1 Trustee will deem and treat the person in whose name any Outstanding Series 2004A-1 Bonds is registered upon the books of the Authority as the absolute owner thereof, whether such Series 2004A-1 Bonds is overdue or not, for the purpose of receiving payment of (or on account of) the principal amount of and interest on such Series 2004A-1 Bonds and for all other purposes. Payment of the principal amount and interest will be made only to (or upon the order of) such Registered Owner. All such payments to such Registered Owner will be valid and effectual to satisfy and discharge the liability upon such Series 2004A-1 Bonds to the extent of the sum or sums so paid, and none of the Authority, any Series Registrar (if any) or the Series 2004A-1 Trustee will be affected by any notice to the contrary.

For every such exchange or transfer of Series 2004A-1 Bonds, the Authority, the corresponding Series Registrar (if any) or the Series 2004A-1 Trustee may make a charge sufficient for reimbursement of any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer. Such sum or sums will be paid by the Registered Owner requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. Neither the corresponding Series Registrar (if any) or the Series 2004A-1 Trustee will be obligated to:

- issue, exchange or transfer any Series 2004A-1 Bond after the Record Date next preceding a Bond Payment Date;
- issue, exchange or transfer any Series 2004A-1 Bond during a period beginning at the opening of business fifteen (15) days next preceding any selection of Series 2004A-1 Bonds to be redeemed and ending at the close of business on the date of the first mailing of notice of such redemption; or
- transfer or exchange any Series 2004A-1 Bonds called or being called for redemption in whole or in part.

Mutilated, Destroyed, Lost and Stolen Series 2004A-1 Bonds

If any mutilated Series 2004A-1 Bond is surrendered to the Series 2004A-1 Trustee, or the Series 2004A-1 Trustee and the Authority receive evidence to their satisfaction of the destruction, loss or theft of any Series 2004A-1 Bond, and there is delivered to the Series 2004A-1 Trustee and the Authority such security or indemnity as may be required by them to save each of them harmless, then the Authority will execute, and, upon request by the Authority the applicable Series Registrar (if any) or the Series 2004A-1 Trustee will authenticate and deliver, in exchange for any such mutilated Series 2004A-1 Bond, or in lieu of any such destroyed, lost or stolen Series 2004A-1 Bond, a new Series 2004A-1 Bond of like tenor and principal amount, bearing a number not contemporaneously Outstanding. The Series 2004A-1 Trustee will thereupon cancel any such mutilated Series 2004A-1 Bond so surrendered. In case any such mutilated, destroyed, lost or stolen Series 2004A-1 Bond has become or is about to

become due and payable, the Authority in its discretion may pay such Series 2004A-1 Bond instead of issuing a new Series 2004A-1 Bond.

Upon the issuance of any new Series 2004A-1 Bond, the Authority may require the payment by the Registered Owner thereof of a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto and any other expenses, including counsel fees of the Authority, the corresponding Series Registrar (if any) or the Series 2004A-1 Trustee, that may be connected therewith.

Conversion of Series 2004A-1 Bonds

The Authority may, on the first Business Day immediately succeeding any Auction Period, do a Conversion of the Series 2004A-1 Bonds from Auction Rate Bonds to bear interest at an Adjustable Rate or at a fixed rate. Upon the effective date of a Conversion, Series 2004A-1 Bonds being converted ("*Converted Bonds*") will no longer be outstanding as Auction Rate Bonds and will be subject to mandatory tender for purchase at a price equal to the principal amount thereof plus accrued interest, if any, thereon to the date of purchase.

Mandatory Tender Upon Conversion

The Series 2004A-1 Trustee is required to give 15 days advance notice of any mandatory tender to the Registered Owners of Converted Bonds subject to purchase. Converted Bonds to be purchased on any Conversion Date are required to be delivered to the designated officer of the Series 2004A-1 Trustee, or its designated agent for such purposes, at or before 12:00 noon on such date. If the Registered Owner of any Converted Bond which is subject to purchase as described herein fails to deliver such Converted Bond to the Series 2004A-1 Trustee, or its designated agent for such purposes, for purchase on the purchase date, and if the Series 2004A-1 Trustee, or its designated agent for such purposes, is in receipt of the purchase price therefor, such Converted Bond shall nevertheless be deemed tendered and purchased on the Conversion Date.

Series 2004A-1 Bonds Deemed Tendered

Series 2004A-1 Bonds to be purchased in accordance with a mandatory tender for purchase which are not delivered to the Series 2004A-1 Trustee will nevertheless be deemed to have been delivered by the Registered Owners thereof, whereupon interest accruing on and after such mandatory tender date on such Series 2004A-1 Bonds will no longer be payable to the former Registered Owners but will be paid to the new Registered Owners thereof. In such event, the Authority will execute and the Series 2004A-1 Trustee will authenticate and deliver new Series 2004A-1 Bonds. Interest payable on such date will be paid to the Registered Owners of such Series 2004A-1 Bonds as of the Record Date next preceding such Interest Payment Date. The former Registered Owner will have recourse solely to the funds held by the Series 2004A-1 Trustee for the purchase of such Series 2004A-1 Bonds, which shall be paid to the former Registered Owner by the Series 2004A-1 Trustee upon presentation and surrender of such Series

2004A-1 Bonds endorsed for transfer with signature guaranty satisfactory to the Series 2004A-1 Trustee. No other transfer of such Series 2004A-1 Bonds after the mandatory tender date shall be recognized.

Failed Conversion

If a proposed Conversion from an Auction Rate shall have failed, the Series 2004A-1 Bonds subject to the failed Conversion shall remain outstanding as Auction Rate Bonds. Auctions for such Series 2004A-1 Bonds subject to the failed Conversions will be conducted beginning on the first Auction Date occurring more than two Business Days after the failed Conversion and the interest rate on the Series 2004A-1 Bonds subject to the failed Conversion shall be equal to the Maximum Auction Rate as of the failed Conversion Date until such first Auction Date.

SECURITIES DEPOSITORY

The information contained in this section concerning DTC and DTC's Book Entry system has been obtained from DTC and from other sources that the Authority believes to be reliable. However, the Authority, the Underwriter, Bond Counsel and the Master and Series 2004A-1 Trustee take no responsibility for its accuracy or adequacy. In addition, those persons make no representation that there have been no material changes in this information subsequent to the date hereof.

DTC will act as Securities Depository for the Series 2004A-1 Bonds. The Series 2004A-1 Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered certificate will be issued for the Series 2004A-1 Bonds in the aggregate principal amount of such series, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments that DTC's participants ("*Direct Participants*") deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations.

DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("*DTCC*"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of

the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC and EMCC also subsidiaries of DTCC) as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“*Indirect Participants*” and, together with Direct Participants, “*DTC Participants*”). DTC has S&P’s highest rating: AAA. The rules applicable to DTC and its Direct and Indirect Participants are on file with the SEC.

Purchases of Series 2004A-1 Bonds under the DTC system must be made by or through Direct Participants, which are to receive a credit for the Series 2004A-1 Bonds on DTC's records. The ownership interest of each actual purchaser of a beneficial interest in the Series 2004A-1 Bonds is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase’ but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2004A-1 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2004A-1 Bonds, except in the event that use of the book entry system for the Series 2004A-1 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2004A-1 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2004A-1 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2004A-1 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2004A-1 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2004A-1 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2004A-1 Bonds, such as redemptions, tenders, defaults and proposed amendments to the Series 2004A-1 documents. For example, Beneficial Owners of Series 2004A-1 Bonds may wish to ascertain that the nominee holding the Series 2004A-1 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Series 2004A-1 Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2004A-1 Bonds. Under its usual procedures, DTC mails an Omnibus Proxy to the Series 2004A-1 Trustee as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2004A-1 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, redemption premium, if any, and interest payments on the Series 2004A-1 Bonds are to be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Authority or the Series 2004A-1 Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, the Series 2004A-1 Trustee or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Series 2004A-1 Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

For every transfer and exchange of beneficial ownership interest in the Series 2004A-1 Bonds, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto.

DTC may discontinue providing its services with respect to the Series 2004A-1 Bonds at any time by giving notice to the Authority and the Series 2004A-1 Trustee and discharging its responsibilities with respect thereto under applicable law. In the event that no satisfactory substitute depository is found to replace DTC, or if the Authority determines that Beneficial Owners should be able to obtain Series 2004A-1 Bond certificates, the Authority is obligated to deliver Series 2004A-1 Bonds, at the expense of the Beneficial Owners as described in the Master Bond Resolution, as Supplemented

The Authority may decide to discontinue use of the system of Book Entry transfers through DTC (or a successor securities depository). In that event, Series 2004A-1 Bond certificates will be printed and delivered.

The current "procedures" of DTC to be followed in dealing with Participants are on file with DTC.

THE AUTHORITY, BOND COUNSEL, THE MASTER AND SERIES 2004A-1 TRUSTEE AND THE UNDERWRITER DO NOT GIVE ANY ASSURANCES THAT THE DTC PARTICIPANTS (DIRECT OR INDIRECT) WILL DISTRIBUTE:

- payments of principal of or interest on the Series 2004A-1 Bonds;
- certificates representing an ownership interest or other confirmation of beneficial ownership interests in the Series 2004A-1 Bonds; or
- redemption or other notices sent to DTC or its nominee, as the Registered Owners of the Series 2004A-1 Bonds;

TO THE BENEFICIAL OWNERS OF THE SERIES 2004A-1 BONDS OR THAT THEY WILL DO SO ON A TIMELY BASIS OR THAT DTC OR ITS PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

THE AUTHORITY, BOND COUNSEL, THE MASTER AND SERIES 2004A-1 TRUSTEE OR THE UNDERWRITER WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH DTC PARTICIPANTS (DIRECT OR INDIRECT) OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE:

- Series 2004A-1 Bonds;
- accuracy of any records maintained by DTC or any DTC participant;
- payment by any DTC participant of any amount due to any beneficial owner in respect of the principal amount of or interest on the Series 2004A-1 Bonds;
- delivery by any DTC participant of any notice to any beneficial owner which is required or permitted under the terms of the bond resolution to be given to registered owners;
- selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Series 2004A-1 Bonds; or
- any consent given or other action taken by DTC as registered owner.

In reading this Official Statement, it should be understood that while the Series 2004A-1 Bonds are in the Book Entry system, references in other sections of this Official Statement to Registered Owner should be read to include the Beneficial Owners of the Series 2004A-1 Bonds, but: (1) all rights of ownership must be exercised through DTC and the Book Entry system; and (2) notices that are to be given to Registered Owners by the Authority, the Master Trustee or the Series 2004A-1 Trustee will be given only to DTC.

SECURITY AND SOURCES OF PAYMENT

Trust Estate

The Master Bond Resolution, as Supplemented, provides that all Bonds and Notes, as well as any Swap Agreement and any Trust Estate Collateral Investment Agreement, are limited and special revenue obligations of the Authority secured by and payable solely from revenues, funds and other assets specifically pledged, including among other things, all rights of the Authority with respect to:

- A. The Revenues (other than Revenues deposited in the Rebate Fund) and Recoveries of Principal in and payable into the Funds and Accounts created by the Master Bond Resolution, as Supplemented;
- B. All moneys and Investment Securities held in the Funds and Accounts created by the Master Bond Resolution, as Supplemented;
- C. The Financed Eligible Loans (including the education loan promissory notes evidencing such indebtedness and related loan documentation);
- D. The rights of the Authority in and to the Authority Guarantee Agreements, the Custodian Agreement, the Servicing Agreements, and any Student Loan Purchase Agreement as such documents relate to Financed Eligible Loans;
- E. The rights of the Authority in and to any Swap Agreement, Swap Counterparty guarantee and any Trust Estate Collateral Investment Agreement, provided, that such rights will not be for the benefit of any counterparty with respect to any such agreements; and
- F. Any and all other property, rights and interests of every kind granted, transferred or delivered to the Master Trustee or any Series Trustee as additional security, whether now owned or hereafter acquired.

Our responsibility to pay all Obligations under the Master Bond Resolution, as Supplemented, is limited to the Trust Estate.

Certain Payment Priorities

The Master Bond Resolution establishes three priority levels of Obligations that can be issued with varying priorities in rights to payment. The priority levels are: Senior Obligations; Subordinate Obligations; and Junior-Subordinate Obligations.

- A. **Senior Obligations.** Senior Obligations are payable on a superior basis to payments on any Subordinate Obligations and Junior-Subordinate Obligations. However, current principal and interest may be paid on the Subordinate Obligations and, to the extent provided below, Junior-Subordinate Obligations if all current principal and interest payments then due and owing on the Senior Obligations have been previously made or provided for.

Senior Obligations include the following types of obligations:

1. Payment of principal of, and premium and interest on, Senior Bonds and Notes;
2. Any Authority Swap Payments secured on parity with the Senior Bonds and Notes; and

3. Any payments to be made to a Trust Estate Collateral Investment Counterparty pursuant to its Trust Estate Collateral Investment Agreement.
- B. ***Subordinate Obligations.*** Subordinate Obligations are payable on a superior basis to payments on any Junior-Subordinate Obligations. However, current principal and interest may be paid on the Junior-Subordinate Obligations if all principal and interest payments then due and owing on the Senior Obligations and the Subordinate Obligations have been previously made or provided for.

Subordinate Obligations include the following types of obligations:

1. Payment of principal of, and premium and interest on, Subordinate Bonds and Notes; and
 2. Any Authority Swap Payments secured on a parity with the Subordinate Bonds and Notes.
- C. ***Junior-Subordinate Obligations.*** Junior-Subordinate Obligations may have varying priorities of payment within that category, as determined pursuant to a Supplemental Bond Resolution. Collectively, Junior-Subordinate Obligations include the following types of obligations:
1. The payment of principal of, premium if any, and interest on Junior-Subordinate Bonds and Notes; and
 2. Any Authority Swap Payments secured on parity with the Junior-Subordinate Bonds and Notes.

Issuance of Additional Bonds and Notes

The Master Bond Resolution, as Supplemented, provides that we may issue Additional Bonds and Notes if certain conditions are satisfied. These conditions include the receipt of written confirmation from each Rating Agency that its then applicable Ratings on the Outstanding Bonds and Notes will not be lowered or withdrawn due to the issuance of the Additional Bonds or Notes. See the caption “GENERAL TERMS OF THE BONDS AND NOTES – Provisions for the Issuance of Bonds and Notes” in Appendix A.

Additional Bonds or Notes may be issued as Senior Obligations, Subordinate Obligations and/or Junior-Subordinate Obligations, as determined by the Authority in the applicable Supplemental Bond Resolutions providing for their issuance. See the caption “SECURITY AND SOURCES OF PAYMENT – Certain Payment Priorities” herein.

Issuance of Certain Other Obligations

The Master Bond Resolution, as Supplemented, provides that we may enter into (or instruct the Master Trustee to enter into) certain transactions that obligate payment from the Trust Estate. These transactions include Swap Agreements and Trust Estate Collateral Investment Agreements.

- A. **Swap Agreements.** Written contracts with a Swap Counterparty rated at least “Aa2/P-1” by Moody’s and “AA-/A-1+” by S&P pursuant to which the Authority is obligated to pay (whether on a net payment basis or otherwise) Authority Swap Payments on one or more scheduled dates in exchange for the Swap Counterparty’s obligation to pay certain payments to the Authority on one or more scheduled payment dates. See the captions “SWAP AGREEMENTS” and “REVENUES AND FUNDS — Student Loan Sinking Fund” in Appendix A.

No voluntary termination payment under a Swap Agreement may be paid from moneys in the Trust Estate unless the Master Trustee has received written confirmation from each Rating Agency that its then applicable ratings on all Bonds and Notes secured by the Master Bond Resolution, as Supplemented, will not be lowered or withdrawn due to such payment.

Upon issuance of the Series 2004A-1 Bonds there will be no Swap Agreements outstanding.

- B. **Trust Estate Collateral Investment Agreements.** Written agreements with an entity, which may be an affiliate of the Authority, which will permit the Trust Estate Collateral Investment Counterparty on any date to demand that the Master Trustee transfer an amount limited by the terms of the Trust Estate Collateral Investment Agreement, to the Trust Estate Collateral Investment Counterparty from any moneys or investments contained in the Trust Estate on a senior priority basis as provided in the Master Bond Resolution, as Supplemented. See the captions “TRUST ESTATE COLLATERAL INVESTMENT AGREEMENTS”, “REVENUES AND FUNDS — Student Loan Fund”, and “REVENUES AND FUNDS — Student Loan Sinking Fund” in Appendix A.

The Master Trustee is not permitted to enter into any Trust Estate Collateral Agreement unless it receives written confirmation from each Rating Agency that its then applicable ratings on all Bonds and Notes secured by the Master Bond Resolution, as Supplemented will not be lowered or withdrawn because of the execution of such Trust Estate Collateral Investment Agreement and the Master Trustee receives a Favorable Opinion.

Each Trust Estate Collateral Investment Agreement must provide the mechanism for collateralizing the moneys or investment transferred, provide the repayment terms and provide the circumstances under which the Trust Estate Collateral Investment Counterparty may demand that the Master Trustee transfer such moneys and investment to the Trust Estate Collateral Investment Counterparty.

Upon issuance of the Series 2004A-1 Bonds there will be no Trust Estate Collateral Investment Agreements outstanding .

Cash Flow Projections

We do not expect to issue the Series 2004A-1 Bonds unless we believe, based on our analysis of cash flow projections, that Revenues and Recoveries of Principal will be sufficient to pay principal of and interest on the Series 2004A-1 Bonds when due, and also to pay all Servicing Fees, Program Expenses and Administrative Expenses until the final maturity or redemption of the Series 2004A-1 Bonds.

The Underwriter prepared the cash flow projections for us based on information that we provided to the Underwriter.

The cash flow projections utilize assumptions, that we believe are reasonable, and various limitations or requirements under the Master Bond Resolution, as Supplemented, including:

- the composition of, yield on and prepayment and collection experience for the Eligible Loans;
- the rate of return on moneys to be invested in various Funds and Accounts;
- borrower savings programs that we offer;
- the occurrence of future events and conditions; and
- Recycling of principal payments into new Eligible Loans during the time period allowed for Recycling.

While such assumptions are and will be derived from our experience in the administration of the Program, actual circumstances can and most likely will differ from the assumptions. Such differences may be material.

See APPENDIX C – “LOAN PORTFOLIO COMPOSITION” for information and certain assumptions about the Financed Eligible Loans that we expect to hold in the Trust Estate.

There can be no assurance that interest and principal payments from the Financed Eligible Loans will be received as anticipated, that the reinvestment rates assumed on the amounts in various Funds and Accounts will be realized, or that Interest Benefit Payments or Special Allowance Payments will be received in the amounts and at the times anticipated. Furthermore, future events over which we have no control may adversely affect our actual receipt of Revenues and Recoveries of Principal. Read the section “RISK FACTORS” carefully.

Flow of Funds

Generally, Revenues and Recoveries of Principal deposited to the Tax-Exempt Repayment Account and the Taxable Repayment Account of the Student Loan Sinking Fund are used in the following order of priority:

- A. To pay any Servicing Fees that are due and payable;
- B. To pay any other Program Expenses that are due and payable;
- C. To pay interest on any Senior Bonds and Notes and to pay any Authority Swap Payments secured on parity with Senior Bonds and Notes;
- D. To pay the principal of any Senior Bonds and Notes;
- E. To pay interest on any Subordinate Bonds and Notes and to pay any Authority Swap Payments secured on parity with Subordinate Bonds and Notes;
- F. To pay the principal of any Subordinate Bonds and Notes;
- G. To pay any Administrative Expenses that are due and payable;
- H. To pay interest on any Junior-Subordinate Bonds and Notes and to pay any Authority Swap Payments secured on parity with Junior-Subordinate Bonds and Notes;
- I. To pay the principal of any Junior-Subordinate Bonds and Notes;
- J. To fund any deficiency in the Debt Service Reserve Account;
- K. Upon an order of the Authority, transferred to the respective Accounts in the Student Loan Fund to finance additional Eligible Loans; and
- L. Upon satisfying certain collateral ratios described under the caption “Releases to the Authority” below, transferred to the Authority free and clear of lien of the Master Bond Resolution, as Supplemented.

Prior to the payment of any Subordinate Obligations and/or any Junior-Subordinate Obligations, the Master Trustee is required to set aside an amount sufficient to pay any principal of Senior Bonds and Notes that is due and payable. In addition, the Master Trustee is required to set aside an amount sufficient to pay the interest accrued on all Senior Bonds and Notes, any Authority Swap Payments secured on parity with the Senior Bonds and Notes and transfers to any Trust Estate Collateral Investment Counterparty pursuant to the Master Bond Resolution, as Supplemented.

In addition, prior to the payment of any Junior-Subordinate Obligations, the Master Trustee is required to set aside an amount sufficient to pay any principal on Subordinate Bonds and Notes that is due and payable. The Master Trustee also is required to set aside an amount sufficient to pay the interest accrued on all Subordinate Bonds and Notes and any Authority Swap Payments secured on parity with the Subordinate Bonds and Notes.

For a more detailed description of the flow of funds under the Master Bond Resolution, as Supplemented, see the captions “REVENUES AND FUNDS — Student Loan Fund, ”— Student Loan Sinking Fund” and ”— Debt Service Reserve Account” in Appendix A.

Moneys or investments in the Tax-Exempt Repayment Account or the Taxable Repayment Account of the Student Loan Sinking Fund, and in the Tax-Exempt Loan Account or the Taxable Loan Account of the Student Loan Fund, or any Subaccounts therein, may be transferred on any date to a Trust Estate Collateral Investment Counterparty pursuant to the Master Bond Resolution. See the captions “TRUST ESTATE COLLATERAL INVESTMENT AGREEMENTS”, “REVENUES AND FUNDS — Student Loan Fund” and “Student Loan Sinking Fund” in Appendix A.

Creation of Accounts

The Master Bond Resolution and the Series 2004A-1 Supplemental Resolution establish the following Subaccounts with the Master Trustee to be used for the Series 2004A-1 Bonds.

- A. The Series 2004A-1 Loan Subaccount within the Tax-Exempt Loan Account of the Student Loan Fund to be used to account for:
 - 1. Original proceeds of the Series 2004A-1 Bonds deposited thereto;
 - 2. Eligible Loans Financed by the proceeds of the Series 2004A-1 Bonds; and
 - 3. Recoveries of Principal on Eligible Loans financed by the Series 2004A-1 Bonds.
- B. The Series 2004A-1 Principal Subaccount within the Tax-Exempt Repayment Account of the Student Loan Sinking Fund.
- C. The Tax-Exempt Debt Service Reserve Subaccount within the Debt Service Reserve Account of the Student Loan Sinking Fund.
- D. The *Rebate Fund* for deposit of computed amounts of rebate or excess interest, in which fund the Registered Owners will not have any right, title or interest.

Debt Service Reserve Account

The Master Bond Resolution established a Debt Service Reserve Account for the benefit of the Registered Owners of the Obligations, including the Series 2004A-1 Bonds. Pursuant to the Master Bond Resolution, as Supplemented, the Authority is required to maintain the Debt Service Reserve Account at an amount equal to 1% of all Bonds and Notes Outstanding, with a minimum reserve amount of \$500,000 for the Trust Estate.

The Debt Service Reserve Account Requirement for the Series 2004A-1 Bonds is \$406,250. That amount will be deposited the Tax-Exempt Debt Service Reserve Subaccount from the proceeds of the Series 2004A-1 Bonds. After that deposit, the Debt Service Reserve Account for all the Bonds and Notes Outstanding under the Master Bond Resolution will contain a total of \$2,530,350.

To the extent there are insufficient moneys in either the Tax-Exempt Repayment Account or the Taxable Repayment Account of the Student Loan Sinking Fund to make the transfers

described in paragraphs A through I, inclusive, under the caption “SECURITY AND SOURCES OF PAYMENT — Flow of Funds” herein, then, after any required transfer from the Student Loan Sinking Fund, the amount of the deficiency will be paid directly from the Debt Service Reserve Account.

If the Debt Service Reserve Account is used for deficiencies in transfers from the Student Loan Sinking Fund, the Master Trustee will restore the Debt Service Reserve Account to the Debt Service Reserve Account Requirement by transfers from the Tax-Exempt Repayment Account or the Taxable Repayment Account of the Student Loan Sinking Fund. If, on any date, the amount in the Debt Service Reserve Account exceeds the Debt Service Reserve Account Requirement, the Master Trustee, at the direction of the Authority, will transfer the excess to the corresponding Repayment Account of the Student Loan Sinking Fund.

The Debt Service Reserve Account secures all Obligations issued under the Master Bond Resolution. Consequently, the establishment of a Series Debt Service Reserve Account Requirement with respect to additional Obligations at a level less than 1% of the outstanding principal amount of such additional Obligations will dilute the security of the Debt Service Reserve Account with respect to the Series 2004A-1 Bonds. However, Additional Bonds and Notes may only be issued upon receipt of written confirmation from each Rating Agency that its then-applicable Ratings on the Outstanding Bonds and Notes will not be lowered or withdrawn due to the issuance of the Additional Bonds and Notes.

See “REVENUES AND FUNDS — Debt Service Reserve Account” in Appendix A.

Releases to the Authority

The Master Bond Resolution, as Supplemented, permits the Authority to instruct the Master Trustee to transfer certain excess assets of the Trust Estate to the Authority free and clear of the lien of the Master Bond Resolution, as Supplemented. However, no such transfer of assets to the Authority will be made unless:

- A. The Debt Service Reserve Account has on deposit an amount at least equal to the Debt Service Reserve Account Requirement;
- B. The Master Trustee receives a Cash Flow Certificate and any approval or confirmation that may be required from a Rating Agency;
- C. The Master Trustee receives a certificate from the Authority to the effect that all rebate liability as calculated pursuant to the Tax Regulatory Agreements and Investment Instructions through the date of such transfer has been paid or deposited in the Rebate Fund; and
- D. Immediately after taking into account any such transfer, the Aggregate Market Value of the assets in the Trust Estate will be at least equal to,

1. 110.5% of the unpaid principal amount of the Senior Bonds and Notes Outstanding and any Trust Estate Collateral Investment Amount,
2. 103% of the unpaid principal amount of the Senior Bonds and Notes and Subordinate Bonds and Notes Outstanding and any Trust Estate Collateral Investment Amount, and
3. 100% of the unpaid principal amount of the Bonds and Notes Outstanding and any Trust Estate Collateral Investment Amount.

RISK FACTORS

You should consider the following factors together with all of the information contained in this Official Statement in deciding whether to purchase any of the Series 2004A-1 Bonds.

The Series 2004A-1 Bonds are not Supported by a Liquidity Facility

We are not obligated to purchase Series 2004A-1 Bonds. In addition, we have not made arrangements with any third party to purchase them if the Broker-Dealer is unable to locate a new purchaser on any Auction Date or between Auction Dates. The Broker-Dealer may purchase Series 2004A-1 Bonds for its own account sometimes, but it is not obligated to do so legally. In the event that there were insufficient orders for the Series 2004A-1 Bonds and an auction failed, the rate would be the Maximum Auction Rate that may be a rate less than the prevailing market rate for similar bonds.

The Series 2004A-1 Bonds are Limited Obligations

We are only obligated to make payments on the Series 2004A-1 Bonds from assets in the Trust Estate. We cannot compel the State to make any payments on the Series 2004-1 Bonds from any source. In the event there are not sufficient assets in the Trust Estate to make a payment, you may suffer a loss of principal or interest, the amount of which will depend upon the return we have received on the Eligible Loans we have been able to acquire and our ability to control expenses.

Enforceability of Remedies

If the Master Trustee is required to exercise remedies on your behalf and litigation ensues, including, but not limited to, bankruptcy proceedings, it may not be able to sell the loans or otherwise exercise remedies you may want it to exercise as quickly as you may want. Delays are inherent in litigation and, in many instances, a judge will have discretion whether to allow a desired remedy or action by the Master Trustee on your behalf. The legal opinions delivered at the closing of the Series 2004A-1 Bonds are qualified as to whether the Master Trustee can exercise remedies in bankruptcy or insolvency proceedings or similar laws affecting creditors in general.

Outside Factors May Adversely Affect Cash Flow Sufficiency

We established the terms of the Series 2004A-1 Bonds based on our experience in acquiring portfolios of Eligible Loans and the expenses we incur in operating the Program. We may not be able to acquire Eligible Loans in the amount or when expected for several reasons, including competition from other FFEL Program participants.

We compete with numerous other local and national secondary markets, loan servicers, and lenders participating in the FFEL Program. Many of the FFEL Program participants competing with us are larger, have more extensive operations and greater financial resources.

In addition, potential borrowers can obtain loans originated under the USDE's William D. Ford Direct Student Loan Program. The effect of this competing program is to reduce the amount of loans available.

To the extent we are able to use proceeds of the Series 2004A-1 Bonds or Additional Bonds and Notes to acquire Eligible Loans, we may not realize the return we expect for several reasons including, without limitation:

- the Eligible Loans are generally 98% insured by a Guarantee Agency (to the extent a borrower defaults, the Trust Estate will suffer a loss of generally 2% of the outstanding principal and accrued interest);
- borrowers may prepay their loans faster than we expect, either as a result of economic conditions or because they refinanced our loan through a Consolidation Loan by another lender, or by us with monies in a different trust estate;
- Eligible Loans acquired in the Trust Estate at a premium that are prepaid at par by loan consolidation or refinancing (whether by another lender or by us in another trust estate) or by any other early repayment could suffer a loss of premium depending on the length of time held in the Trust Estate;
- borrowers may participate in our borrower savings plans, such as TOP, REAP and EZ Pay Discount at greater rates than projected reducing Revenues and Recoveries of Principal;
- the FFEL Program is subject to frequent amendments and is scheduled for Reauthorization in calendar year 2004, which could affect when and how much Interest Benefit and Special Allowance Payments we receive from USDE and reimbursement from Guarantee Agencies; and
- we may not receive loan payments when we expect if borrowers enter into deferment periods longer than we anticipate or are granted forbearance in larger numbers than we anticipate.

Reinvestment Risk

If Revenues and Recoveries of Principal are received and we can not Recycle monies to acquire additional Eligible Loans, we may have to prepay Bonds and Notes, including your Series 2004A-1 Bonds. If we prepay your Series 2004A-1 Bonds, you may not be able to reinvest your principal at a comparable interest rate.

Loan Servicing and Origination Compliance with the Higher Education Act

If we originate an Eligible Loan and do not comply with the Higher Education Act, we may lose the Guarantee if the borrower defaults. If a third party makes the error, we reserve the right to sell the defective loan to the party from whom we purchased it, but we cannot guarantee that that entity will be willing or able to honor its repurchase obligation.

Similarly, we service our own loans. If we make a servicing mistake under the Higher Education Act that causes us to lose the benefit of a Guarantee, we will not be able to recover the loss from a Guarantee Agency and will have to attempt to collect on the non-guaranteed loans from the borrowers.

Financial Status of Guarantee Agencies

The Eligible Loans will be unsecured. We are depending on the ability of the Guarantee Agencies, and the State Guarantee Agency in particular, to honor guarantee claims for defaulted loans. The permitted reserves, reinsurance percentages, default (trigger) rates at which the reinsurance percentage is reduced and other income generating activities of the Guarantee Agencies have been reduced on numerous occasions. These changes may impact the ability of Guarantee Agencies to honor their guaranty obligations in the future.

While the Higher Education Act provides a loan holder may submit a Guarantee claim directly to the USDE if a Guarantee Agency is unable to honor its commitment, it is possible that there would be a delay in our ability to realize claim payments on this procedure if any of the Guarantee Agencies become insolvent.

Future Changes in the Higher Education Act or Other Relevant Law

The Higher Education Act is the subject of frequent amendments. Many of the recent amendments have reduced the return available to us on Eligible Loans. It is possible that future amendments or reauthorizations may further reduce the return on Eligible Loans, which may hurt our ability to pay debt service on the Series 2004A-1 Bonds when due.

Generally, Consolidation Loans have been made at fixed rates. Loans that were originated in the past bear a higher rate of interest than Consolidation Loans being made currently. Presently, Consolidation Loan borrowers are not allowed to refinance their loan. However, legislation has been introduced in the U.S. Congress to allow Consolidation Loan

borrowers to refinance their loans. The outcome of this legislation, or its final form, is unknown, but if passed, it could result in faster pre-payments of loans in the Trust Estate, or a lower yield on such loans.

The United States Military Build-Up May Result in Delayed Payments From Borrowers Called to Active Military Service

The recent build-up of the United States military has increased the number of citizens who are in active military service. The Soldiers' and Sailors' Civil Relief Act of 1940 (the "*Relief Act*") limits the ability of a lender under the Federal Family Education Loan Program to take legal action against a borrower during the borrower's period of active duty and, in some cases, during an additional three month period thereafter.

We do not know how many student loans have been or may be affected by the application of the Relief Act. Payments on student loans held by the Master Trustee may be delayed as a result of these requirements, which may reduce the funds available to pay principal and interest on the Series 2004A-1 Bonds.

Higher Education Relief Opportunities for Students Act of 2003 May Result in Delayed Payments

The Higher Education Relief Opportunities for Students Act of 2003 ("*HEROS Act of 2003*"), signed by the President on August 18, 2003, authorizes the Secretary, during the period ending September 30, 2005, to waive or modify any statutory or regulatory provisions applicable to student financial aid programs under Title IV of the Higher Education Act as the Secretary deems necessary for the benefit of "affected individuals" who:

- are serving on active military duty during a war or other military operation or national emergency;
- reside or are employed in an area that is declared by any federal, state or local office to be a disaster area in connection with a national emergency; or
- suffered direct economic hardship as a direct result of war or other military operation or national emergency, as determined by the Secretary.

The Secretary is authorized to waive or modify any provision of the Higher Education act to ensure that:

- such recipients of student financial assistant are not placed in a worse financial position in relation to that assistance;
- administrative requirements in relation to that assistance are minimized;
- calculations used to determine need for such assistance accurately reflect the financial condition of such individuals;
- provision is made for amended calculations of overpayment; and
- institutions of higher education, eligible lenders, guarantee agencies and other entities participating in student financial aid programs that are located in, or whose operations are directly affected by, areas that are declared to be disaster areas by any federal,

state or local official in connection with a national emergency may be temporarily relieved from requirements that are rendered infeasible or unreasonable.

The Secretary was given this same authority under the Higher Education Relief Opportunities for Students Act of 2001, signed by the President on January 15, 2001, but the Secretary has yet to use this authority to provide specific relief to servicepersons with loan obligations who are called to active duty. The number and aggregate principal balance of student loans that may be affected by the application of the HEROS Act of 2003 is not known at this time. Accordingly, payments we receive on student loans made to a borrower who qualifies for such relief may be subject to certain limitations. If a substantial number of borrowers become eligible for the relief provided under the HEROS Act of 2003, there could be an adverse effect on the total collections of our student loans and our ability to pay principal of, and interest on, the Series 2004A-1 Bonds.

Forward-Looking Statements

This Official Statement contains statements relating to future results that are “forward-looking statements”. Forward-looking statements may be identified by the context of the statement and arise generally when discussing “estimate,” “intentions,” “beliefs” “assumptions,” “expectations” and similar expressions. Any forward-looking statement is not a guarantee of future performance, but rather it is subject to uncertainties and risks.

Those uncertainties and risks in the forward-looking statements could cause actual results to differ, possibly materially, from those contemplated. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward-looking statements and actual results, and that those differences could be material.

GUARANTEE AGENCIES

The information contained in this section is a brief overview. It does not purport to be complete information on the Guarantee Agencies, including the State Guarantee Agency that is the primary guarantor of education loans held by us. Reference is made to Appendix D for a brief description of the State Guarantee Agency.

Guarantee of Loans

Pursuant to a contract with a Guarantee Agency, an Eligible Lender is entitled to a claim payment from the Guarantee Agency for 98% to 100% of any proven loss resulting from default, death, permanent and total disability, or discharge in bankruptcy of the borrower.

However, in servicing a portfolio of education loans, an Eligible Lender is required to use due diligence in the servicing and collection of loans and to use collection practices no less extensive and forceful than those generally in use among financial institutions in order to maintain the guarantee on the loan. In order to satisfy the due diligence requirements in servicing and collections of Financed Eligible Loans, we must adhere to specific activities in a timely manner beginning with the receipt of the loan application and continuing throughout the life of the loan. See the caption “Loan Servicing” in Appendix B.

Under the Higher Education Act, a Guarantee Agency deems default to mean the borrower’s failure to make an installment payment when due or to comply with other terms of a note or agreement under circumstances in which the holder may reasonably conclude that the borrower no longer intends to honor the repayment obligation and in which the failure persists for 270 days in the case of a loan payable in monthly installments or for 330 days in the case of a loan payable in less frequent installments.

Reinsurance of Loans

Each Guarantee Agency has entered into a guarantee agreement and a supplemental guarantee agreement pertaining to the Secretary’s reimbursement for amounts expended by the Guarantee Agency to discharge its guarantee obligation. The supplemental guarantee agreement is subject to annual renegotiation and to termination for cause by the Secretary.

The formula for reinsurance amounts is summarized below:

<u>Claims Rate</u>	<u>Guarantor Reinsurance Rate for Loans Made prior to October 1, 1993</u>	<u>Guarantor Reinsurance Rate for Loans Made between October 1, 1993 and September 30, 1998</u>	<u>Guarantor Reinsurance Rate for Loans Made on or after October 1, 1998¹</u>
0% up to 5%	100%	98%	95%
5% up to 9%	100% of claims up to 5%; and 90% of claims 5% and over	98% of claims up to 5%; and 88% of claims 5% and over	95% of claims up to 5%; and 85% of claims 5% and over
9% and over	100% of claims up to 5%; 90% of claims 5% up to 9%; 80% of claims 9% and over	98% of claims up to 5%; 88% of claims 5% up to 9%; 78% of claims 9% and over	95% of claims up to 5%; 85% of claims 5% up to 9%; 75% of claims 9% and over

¹Other than student loans made pursuant to the Lender of Last Resort program or student loans transferred by an insolvent guarantor as to which the amount of reinsurance is equal to 100%.

Federal Payment of Claims

If the Secretary determines that a Guarantee Agency is unable to meet its obligations, the holder of loans guaranteed by that Guarantee Agency may submit insurance claims directly to the Secretary. The Secretary will pay the holder the full insurance obligation of the Guarantee Agency. Such arrangements will continue until the Secretary is satisfied that the guarantee obligations have been transferred to another guarantee agency who can meet those obligations or a successor will assume the outstanding obligations. There can be no assurance, however, that the Secretary will make such a determination or will do so in a timely manner.

The Higher Education Act also provides that the Secretary is authorized, on terms and conditions satisfactory to the Secretary, to make advances to a guarantee agency in order to assist the guarantee agency in meeting its immediate cash needs and to ensure uninterrupted payment of default claims by lenders.

Oklahoma Guaranteed Student Loan Program

Substantially all of the Eligible Loans held by us, and the OSLA Network members, are guaranteed by the State Guarantee Agency. The State Guarantee Agency administers and utilizes the Guarantee Fund established in the State Treasury by Title 70 Oklahoma Statutes 2001, Sections 622 and 623, as amended (the "*Guarantee Fund*") to guarantee FFEL Program loans.

Numerous Eligible Lenders make education loans guaranteed by the State Guarantee Agency. The Guarantee Fund administered by the State Regents is not a reserve for our bonds or notes or our education loans only, but is an insurance reserve established in respect to any claims that might be submitted by any participating eligible lender regarding education loans guaranteed by the State Guarantee Agency.

The State Guarantee Agency is a separate legal entity from us, and the members of the State Regents and the trustees of the Authority do not overlap. In addition, our administrative management and the management of the State Guarantee Agency are separate.

For a brief description of the State Guarantee Agency, see Appendix D.

ABSENCE OF LITIGATION

There is no litigation of any nature now pending or threatened, or in any way contesting or affecting the validity of the Series 2004A-1 Bonds or any proceedings of the Authority taken with respect to the issuance or sale thereof, or the pledge or application of any moneys or security provided for the payment of the Series 2004A-1 Bonds or the existence or powers of the Authority.

LEGALITY OF INVESTMENT

The Oklahoma Student Loan Act provides in Title 70 Oklahoma Statutes, Section 695.3, as follows:

All bonds issued under the Oklahoma Student Loan Act are legal and authorized investments for banks, savings banks, trust companies, savings and loan associations, insurance companies, credit unions, fiduciaries, trustees and guardians, and for the State of Oklahoma and any of its political subdivisions, departments, institutions and agencies. When accompanied by all unmatured coupons appurtenant thereto, the bonds are sufficient security for all deposits of state funds and of all funds of any board in control at the par value of the bonds.

LEGAL MATTERS

The issuance of the Series 2004A-1 Bonds is subject to approval of validity by Kutak Rock LLP, Oklahoma City, Oklahoma, Bond Counsel. The approving opinion of Bond Counsel will be addressed to the Authority and the Underwriter. Bond Counsel's opinion will state that, among other things, under existing law:

- A. The Authority is an express trust duly created and established for public purposes, and has full power and authority to issue the Series 2004A-1 Bonds, to adopt the Master Bond Resolution, as Supplemented, and to enter into the Master Trust Agreement, the Series 2004A-1 Trust Agreement, the Series 2004A-1 Tax Regulatory Agreement and the other documents contemplated thereby and perform its obligations thereunder;
- B. The Master Bond Resolution, as Supplemented, the Master Trust Agreement, the Series 2004A-1 Trust Agreement and the Series 2004A-1 Tax Regulatory Agreement have been duly authorized, executed and delivered, are in full force and effect and constitute legal, valid and binding agreements of the Authority enforceable in accordance with their terms; and
- C. The Series 2004A-1 Bonds have been duly authorized and issued by the Authority, are entitled to the benefits of the Master Bond Resolution, as Supplemented, and are valid and binding limited and special revenue obligations of the Authority secured by and payable solely from the revenues, funds and accounts of the Authority pledged as the trust estate therefor pursuant to the Master Bond Resolution, as Supplemented.

Bond Counsel has not passed upon any matters relating to the business, properties, affairs or condition, financial or otherwise, of the Authority. No inference should be drawn that they have expressed an opinion on matters relating to the financial ability of the Authority to perform its obligations under the Series 2004A-1 Bonds and the documents described herein.

The opinions expressed by Bond Counsel with respect to the enforceability of the Series 2004A-1 Bonds and the documents described herein are qualified to the extent that the

enforceability thereof may be limited by bankruptcy, insolvency, reorganization, moratorium and other laws relating to or affecting creditors' rights generally, by the application of general principles of equity, and by the exercise of judicial discretion in appropriate cases.

The fee and expenses of Bond Counsel are contingent upon the sale and delivery of the Series 2004A-1 Bonds.

In addition, Bond Counsel will deliver a supplemental opinion to the Authority and the Underwriter regarding the fair and accurate description of certain provisions of the Series 2004A-1 Bonds and the Master Bond Resolution, as Supplemented, in the Official Statement, the exemption from securities registration of the Series 2004A-1 Bonds and the creation of a first perfected security interest in the Trust Estate which secures the Series 2004A-1 Bonds, subject to certain standard exceptions.

Certain legal matters will be passed on for the Authority by its special counsel, Roderick W. Durrell, Esq.; for the Underwriter by its counsel, Greenberg Traurig, LLP, Phoenix, Arizona, and for the Master and Series 2004A-1 Trustee by Riggs Abney Neal Turpen Orbison & Lewis PC, Tulsa, Oklahoma. Certain legal matters also will be passed on by the Attorney General of the State of Oklahoma in approving the transcript of legal proceedings. See also, the next section, "TAX MATTERS".

TAX MATTERS

In the opinion of Kutak Rock LLP, Bond Counsel, under existing laws, regulations, rulings and judicial decisions, interest on the Series 2004A-1 Bonds is excluded from gross income for federal income tax purposes. The opinion described in the preceding sentence assumes the accuracy of certain representations and compliance by the Authority with covenants designed to satisfy the requirements of the Code that must be met subsequent to the issuance of the Series 2004A-1 Bonds. Failure to comply with such requirements could cause interest on the Series 2004A-1 Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Series 2004A-1 Bonds. The Authority has covenanted to comply with such requirements. Bond Counsel has expressed no opinion regarding other federal tax consequences arising with respect to the Series 2004A-1 Bonds.

Bond Counsel is further of the opinion that interest on the Series 2004A-1 Bonds is a specific preference item for purposes of the federal alternative minimum tax.

The accrual or receipt of interest on the Series 2004A-1 Bonds may otherwise affect the federal income tax liability of the owners of the Series 2004A-1 Bonds. The extent of these other tax consequences will depend upon such owner's particular tax status and other items of income or deduction. Bond Counsel has expressed no opinion regarding any such consequences. Purchasers of the Series 2004A-1 Bonds, particularly purchasers that are corporations (including S corporations and foreign corporations operating branches in the United States), property or casualty insurance companies, banks, thrifts or other financial institutions, certain recipients of social security or railroad retirement benefits, taxpayers otherwise entitled to claim the earned income credit, or taxpayers who may be deemed to have incurred or continued indebtedness to

purchase or carry tax-exempt obligations, should consult their tax advisors as to the tax consequences of purchasing or owning the Series 2004A-1 Bonds.

From time to time, there are legislative proposals in the Congress that, if enacted, could alter or amend the federal tax matters referred to above or adversely affect the market value of the Series 2004A-1 Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. Purchasers of the Series 2004A-1 Bonds should consult their tax advisors regarding any pending or proposed tax legislation. The opinions expressed by Bond Counsel are based upon existing legislation as of the date of issuance and delivery of the Series 2004A-1 Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending legislation.

Bond Counsel is further of the opinion that, pursuant to the Act, the Series 2004A-1 Bonds and the income therefrom are exempt from taxation in the State of Oklahoma

RATINGS

The Underwriter's obligation to purchase the Series 2004A-1 Bonds is subject to the condition that Moody's and S&P have assigned their municipal bond Ratings listed below to the Series 2004A-1 Bonds —

Moody's: **Aaa** and S&P: **AAA**

The Ratings were applied for by us. We furnished certain information and materials to the Rating Agencies concerning the Series 2004A-1 Bonds and regarding the Authority, some of which is not included in this Official Statement. Generally, a rating agency bases its rating on such information and materials and also on such investigations, studies and assumptions as it may undertake or establish independently.

The Ratings are not a recommendation to buy, sell or hold the Series 2004A-1 Bonds and an explanation of the significance of the ratings may be obtained from Moody's and S&P.

The Ratings are subject to change or withdrawal at any time and any such change or withdrawal may affect the market price or marketability of the Series 2004A-1 Bonds. Neither the Authority nor the Underwriter has undertaken any responsibility either to bring to the attention of the Registered Owners of the Series 2004A-1 Bonds any proposed change in, or proposed withdrawal of, the Ratings on the Series 2004A-1 Bonds or to oppose any such change or withdrawal.

UNDERWRITING

The Series 2004A-1 Bonds are to be purchased by the Underwriter pursuant to the terms and conditions of a Bond Purchase Agreement (the "*Bond Purchase Agreement*") to be entered into by the Underwriter and us. The Bond Purchase Agreement requires the Underwriter to pay an aggregate purchase price of \$40,625,000, representing the par amount of the Series 2004A-1 Bonds.

The Bond Purchase Agreement provides that the Underwriter's obligation is subject to certain conditions and that the Underwriter will purchase all of the Series 2004A-1 Bonds if any are purchased. Upon delivery of, and payment for, the Series 2004A-1 Bonds, we will pay the Underwriter a fee of \$130,812.50, which is equal to 0.322% of the aggregate principal amount of the Series 2004A-1 Bonds, for its services.

The initial public offering price (as shown on the cover page hereof) may be changed from time to time by the Underwriter without notice. The Underwriter may offer and sell the Series 2004A-1 Bonds to certain dealers (including dealers depositing Series 2004A-1 Bonds into investment trusts) and others at prices lower than the public offering prices shown on the cover page hereof.

CONTINUING SECONDARY MARKET DISCLOSURE

We will enter into a Continuing Disclosure Agreement (the “*Undertaking*”) for the benefit of the Beneficial Owners of the Series 2004A-1 Bonds. The Undertaking will require us to send certain information annually, and to provide notice of certain events, to information repositories pursuant to the requirements of Section (b)(5) of Rule 15c2-12 (the “*Rule*”) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934. The specific nature of the information to be provided and a summary of other terms of the Undertaking, are set forth in APPENDIX F – “CONTINUING DISCLOSURE UNDERTAKING ” herein.

We are in compliance in all material respects with our existing undertakings pursuant to the Rule. A failure to comply with the Undertaking will not constitute a default under the Master Bond Resolution, as Supplemented, and Beneficial Owners of the Series 2004A-1 Bonds are limited to the remedies described in the Undertaking.

Our failure to comply with the Undertaking must be reported in accordance with the Rule and must be considered by a broker, dealer or municipal securities dealer before recommending the purchase or sale of the Series 2004A-1 Bonds in the secondary market. Consequently, such a failure may adversely affect the market price, transferability and liquidity of the Series 2004A-1 Bonds.

The Authority, in the Master Bond Resolution, authorizes and directs the Master Trustee and the corresponding Series Trustee to acknowledge and agree to any Swap Agreement entered into by the Authority and a Swap Counterparty under which (a) the Authority may be required to

In connection with the execution of a Swap Agreement, the Master Trustee, on behalf of the Swap Counterparty, shall waive in a Supplemental Bond Resolution executed in connection with a Swap Agreement any and all rights which the Swap Counterparty may have to receive any amounts realized by the Master Trustee from foreclosure upon the Trust Estate consisting of any Counterparty Swap Payment from the Swap Counterparty. In addition, no voluntary termination payment required to be made by the Authority under a Swap Agreement will be paid from moneys in the Trust Estate unless the Master Trustee receives written confirmation from each Rating Agency that its then-applicable Ratings on the Bonds and Notes will not be lowered or withdrawn due to such payment.

TRUST ESTATE COLLATERAL INVESTMENT AGREEMENTS

The Authority may direct the Master Trustee to make one or more Trust Estate Collateral Investments by entering into one or more Trust Estate Collateral Investment Agreements with one or more Trust Estate Collateral Investment Counterparties. Each Trust Estate Collateral Investment Agreement will state the Trust Estate Collateral Investment Amount applicable to the related Trust Estate Collateral Investment and disbursements for a Trust Estate Collateral Investment may not be made in excess of the Trust Estate Collateral Investment Amount specified in its related Trust Estate Collateral Investment Agreement.

The Authority may direct the Master Trustee to enter into a Trust Estate Collateral Investment Agreement or amend or supplement an existing Trust Estate Collateral Investment Agreement if (a) the Master Trustee receives written confirmation from each Rating Agency that its then-applicable Ratings on the Bonds and Notes will not be lowered or withdrawn due to the execution and delivery of such Trust Estate Collateral Investment Agreement and (b) the Master Trustee receives a Favorable Opinion. Any initial fee received by the Master Trustee in connection with the execution and delivery of a Trust Estate Collateral Investment Agreement shall be deposited to the Taxable Repayment Account.

Pursuant to a Trust Estate Collateral Investment Agreement, a Trust Estate Collateral Investment Counterparty has the right to require the Master Trustee to make a Trust Estate Collateral Investment from amounts contained in the Trust Estate in an amount not to exceed the

Trust Estate Collateral Investment Amount specified in such Trust Estate Collateral Investment Counterparty's Trust Estate Collateral Investment Agreement. Upon written demand from a Trust Estate Collateral Investment Counterparty to the Master Trustee pursuant to its Trust Estate Collateral Investment Agreement, the Master Trustee shall transfer to the Trust Estate Collateral Investment Counterparty, or its designee, the amount, to the extent available at the time of such written demand, and to the extent not so available, when and to the extent from time to time available, in the Funds, Accounts and Subaccounts set forth below, as is demanded by the Trust Estate Collateral Investment Counterparty pursuant to the terms of its Trust Estate Collateral Investment Agreement; provided, however, that such amount, together with all other amounts previously transferred to the Trust Estate Collateral Investment Counterparty pursuant to the Trust Estate Collateral Investment Agreement, and not repaid as provided below, shall not exceed the Trust Estate Collateral Investment Amount specified in such Trust Estate Collateral Investment Counterparty's Trust Estate Collateral Investment Agreement. To the extent that the amount to be transferred pursuant to the Trust Estate Collateral Investment Agreement is held by the Master Trustee in Investment Securities, the Master Trustee shall sell at the best price reasonably obtainable, or present for immediate redemption or purchase, if appropriate, or otherwise convert to cash, such Eligible Investments and transfer the proceeds of such sale or sales to the Trust Estate Collateral Investment Counterparty making the written demand. The Master Trustee shall not be liable or responsible for any loss resulting from the sale of any such Eligible Investments or for any loss resulting from the transfer of moneys pursuant to a Trust Estate Collateral Investment Agreement.

The amounts to be transferred pursuant to a Trust Estate Collateral Investment Agreement will be provided from the Funds, Accounts and Subaccounts in the order designated in a Supplemental Bond Resolution executed and delivered in connection with such Trust Estate Collateral Investment Agreement; provided, however, that Trust Estate Collateral Investments shall not be made with amounts contained in the Rebate Fund.

If at any time there are two or more Trust Estate Collateral Investment Agreements in effect, all of the Trust Estate Collateral Investment Counterparties shall be required to enter into an intercreditor agreement to address, among other items, the payment of simultaneous written demands when there are insufficient funds in the Trust Estate.

Each Trust Estate Collateral Investment Agreement must provide the mechanism for collateralizing the Trust Estate Collateral Investment, provide the repayment terms of the Trust Estate Collateral Investment and provide the circumstances under which the Trust Estate Collateral Investment Counterparty may demand that the Master Trustee transfer funds with respect to its Trust Estate Collateral Investment. If a Trust Estate Collateral Investment Counterparty repays all or a portion of its existing Trust Estate Collateral Investment, the Trust Estate Collateral Investment Counterparty may demand that the Master Trustee reinvest such amount pursuant to the Trust Estate Collateral Investment Agreement, if so permitted by the Trust Estate Collateral Investment Agreement. Upon the receipt by the Master Trustee of amounts representing repayments of a Trust Estate Collateral Investment, the Master Trustee shall (a) deposit the portion of such repayment representing principal of the Trust Estate Collateral Investment to the credit of the Fund, Account or Subaccount from which such amount was originally transferred, provided, however, that if such Fund, Account or Subaccount is no

longer operative under the Master Bond Resolution, then such amount shall be credited to the Taxable Loan Account, and (b) deposit the portion of such repayment representing interest on the Trust Estate Collateral Investment to the credit of the Taxable Repayment Account (if and to the extent such moneys were derived from the Taxable Loan Account, the Taxable Repayment Account or the Taxable Debt Service Reserve Subaccount) or to the Tax-Exempt Repayment Account (if and to the extent such moneys were derived from the Tax-Exempt Loan Account, the Tax-Exempt Repayment Account or the Tax-Exempt Debt Service Reserve Subaccount).

If the Authority determines that all or any portion of such moneys cannot be so used, or that any further conditions, if any, described in any Supplemental Bond Resolution exist, then an Authorized Officer of the Authority may by Authority Order direct the Master Trustee and the corresponding Series Trustee to redeem Tax-Exempt Bonds and Notes in accordance with the Master Bond Resolution and any Supplemental Bond Resolution.

No amount credited to the Tax-Exempt Loan Account will be used to acquire any Eligible Loan unless it was or is made for or on behalf of a student who is or was at the time the Eligible Loan was made a resident of the State and/or who is or was, at the time the Eligible Loan was made, enrolled at an educational institution located in the State (notwithstanding the foregoing, the Authority may acquire Eligible Loans from the Tax-Exempt Loan Account not meeting the foregoing requirements so long as at least 90% of the proceeds of the Tax-Exempt Bonds and Notes, without regard to amounts deposited in the Tax-Exempt Debt Service Reserve Subaccount, shall be used directly or indirectly to acquire Eligible Loans described in the preceding portion of this sentence).

On the Date of Issuance of each Series of Taxable Bonds and Notes, there will be transferred to the corresponding Series Loan Subaccount of the Taxable Loan Account the

Thereafter, there will be deposited into the corresponding Series Loan Subaccount of the Taxable Loan Account moneys transferred thereto from the Taxable Repayment Account. Financed Eligible Loans acquired with amounts on deposit in a Series Loan Subaccount of the Taxable Loan Account shall be held by the Master Trustee or its agent or bailee (including the Custodian and the Servicer) and will be pledged to and accounted for as a part of that Series Loan Subaccount of the Taxable Loan Account.

Moneys on deposit in any Series Loan Subaccount of the Taxable Loan Account will be used upon Authority Order solely to pay costs of issuance for Taxable Bonds and Notes, to redeem Taxable Bonds and Notes in accordance with the Master Bond Resolution and any Supplemental Bond Resolution, and to acquire Eligible Loans in amounts and at prices not in excess of amounts and prices permitted under applicable law and which would permit the results of cash flow analyses provided to each Rating Agency on the Date of Issuance of the corresponding Series of Taxable Bonds and Notes to be sustained; provided that such price may be increased if the Authority and the Master Trustee receive written confirmation from each Rating Agency that, based on new cash flow analyses containing such assumptions as the Authority shall reasonably determine, its then-applicable Ratings on the Bonds and Notes will not be lowered or withdrawn. If the Authority determines that all or any portion of such moneys cannot be so used, or that any of the other conditions, if any, described in any Supplemental Bond Resolution exist then an Authorized Officer of the Authority may by Authority Order direct the Master Trustee and the corresponding Series Trustee to redeem Taxable Bonds and Notes in accordance with the Master Bond Resolution and any Supplemental Bond Resolution.

Notwithstanding the foregoing, if on any date there are not sufficient moneys on deposit in the Tax-Exempt Repayment Account to make the transfers therefrom described in paragraphs A. through K. under the caption "Student Loan Sinking Fund - *Tax-Exempt Repayment Account*" below, then, an amount equal to any such deficiency shall be transferred, on a pro rata basis, directly from each Series Loan Subaccount of the Tax-Exempt Loan Account; and if on any date there are not sufficient moneys on deposit in the Taxable Repayment Account to make the transfers therefrom described in paragraphs A. through J. under the caption "Student Loan Sinking Fund - *Taxable Repayment Account*" below, then an amount equal to any such deficiency shall be transferred, on a pro rata basis, directly from each Series Loan Subaccount of the Taxable Loan Account.

Financed Eligible Loans may be sold, transferred or otherwise disposed of (including transfers or sales to other trust estates) by the Master Trustee free from the lien of the Master Bond Resolution at any time pursuant to an Authority Order and if the Master Trustee is provided with the following:

- A. An Authority Order stating the purchase price and directing that Financed Eligible Loans be sold, transferred or otherwise disposed of and delivered to
 1. if the Eligible Loan is originated under the Higher Education Act and the Higher Education Act requires any such Eligible Loan to be held only by

an Eligible Lender, an Eligible Lender under the Higher Education Act whose name shall be specified; or

2. the trustee under another resolution or indenture securing bonds issued by the Authority or another higher education authority whose name shall be specified in such Authority Order; and

B. A certificate signed by an Authorized Officer of the Authority to the effect that:

1. the disposition price is equal to or in excess of the principal amount thereof (plus accrued interest) or equal to or in excess of the purchase price paid by the Authority for such Financed Eligible Loan (less principal amounts received with respect to such Financed Eligible Loan); or
2. the disposition price is lower than the principal amount thereof (plus accrued interest), and (A) the Authority reasonably believes that the Revenues and Recoveries of Principal expected to be received (after giving effect to such disposition) would be at least equal to the Revenues and Recoveries of Principal expected to be received assuming no such sale, transfer or other disposition occurred, or (B) the Authority shall remain able to pay debt service on the Bonds and Notes and make payment on any other Obligations on a timely basis (after giving effect to such sale, transfer or other disposition) whereas it would not have been able to do so on a timely basis if it had not sold, transferred or disposed of the Financed Eligible Loans at such discounted amount, or (C) the Aggregate Market Value of the Trust Estate (after giving effect to such sale, transfer or other disposition) will be at least equal to 101% of the aggregate principal amount of the Obligations plus accrued interest, or (D) the amount for which the Financed Eligible Loans are being sold, assigned, transferred or disposed of is equal to the purchase price paid by the Authority for such Financed Eligible Loans (less principal amounts received with respect to such Financed Eligible Loans).

For purposes of such certificate, accrued interest and Special Allowance Payments are to be taken into account on both the asset and liability side of such statement.

Further, Financed Eligible Loans will also be sold, transferred or otherwise disposed of by the Master Trustee pursuant to an Authority Order in which the Authority determines that such disposition of Financed Eligible Loans from the Trust Estate is necessary in order to avoid the occurrence of an Event of Default or to avoid any default in the payment obligations of the Authority under any reimbursement agreement, in such amount and at such times and prices as may be specified in such Authority Order. The Master Trustee, following receipt of the foregoing and of a certificate of the Authority indicating that such purchaser or transferee is one of the entities described in clause (A) above, shall deliver such Financed Eligible Loans free from the lien of the Master Bond Resolution upon the receipt of the purchase price or consideration specified in the Authority Order, in compliance with the foregoing. The Master Trustee shall

deposit the proceeds of any such sale, transfer or other disposition into the Series Loan Subaccount with respect to which such Financed Eligible Loans were attributable. Notwithstanding any of the foregoing, the Authority will not direct the Master Trustee to sell, transfer or otherwise dispose of Financed Eligible Loans if such disposition would have an adverse effect on the exclusion from gross income of interest on any Tax-Exempt Bonds and Notes for federal income tax purposes.

Notwithstanding the foregoing, moneys or investments in the Tax-Exempt Loan Account or the Taxable Loan Account of the Student Loan Fund, and any Subaccounts therein, may be transferred on any date to a Trust Estate Collateral Investment Counterparty pursuant to the provisions of the Master Bond Resolution and the related Trust Estate Collateral Investment Agreement, and moneys or investments received from the repayment of a Trust Estate Collateral Investment funded from the Student Loan Fund shall be deposited to the corresponding Account therein, in accordance with the Master Bond Resolution and the related Trust Estate Collateral Investment Agreement.

Student Loan Sinking Fund

Tax-Exempt Repayment Account. The Master Trustee will deposit into the Tax-Exempt Repayment Account all Revenues and Recoveries of Principal derived from Financed Eligible Loans acquired by the Authority from moneys on deposit in any Series Loan Subaccount of the Tax-Exempt Loan Account, and all other Revenue derived from moneys or assets on deposit in any Series Loan Subaccount of the Tax-Exempt Loan Account, the Tax-Exempt Debt Service Reserve Subaccount and the Tax-Exempt Repayment Account, all Swap Payments with respect to Tax-Exempt Bonds and Notes, all amounts received from the repayment of a Trust Estate Collateral Investment which are required to be deposited thereto, and any other amounts deposited thereto upon receipt of an Authority Order. The Series 2004A-1 Supplemental Resolution establishes the series Principal Subaccount corresponding to the Series 2004A-1 Bonds.

All Recoveries of Principal deposited in the Tax-Exempt Repayment Account to be used to finance additional Eligible Loans shall be transferred, as soon as practicable, to the Series Loan Subaccount of the Tax-Exempt Loan Account from which such Recovery of Principal was derived or as otherwise provided in any Supplemental Bond Resolution. Recoveries of Principal deposited to the Tax-Exempt Repayment Account and not required to be transferred to the Tax-Exempt Loan Fund shall be deposited to the Series Principal Subaccounts corresponding to the Series of Tax-Exempt Bonds and Notes which financed the Eligible Loans from which such Recoveries of Principal were derived or as otherwise provided in a Supplemental Bond Resolution. Pursuant to the Series 2004A-1 Supplemental Resolution, the Recoveries of Principal corresponding to the Series 2004A-1 Financed Eligible Loans will be deposited to the Series 2004A-1 Loan Subaccount until July 1, 2006, unless the Authority and the Master Trustee receive written confirmation from each Rating Agency that its then-applicable Ratings on the Bonds and Notes will not be reduced or withdrawn because of an extension of the acquisition period.

Any Supplemental Bond Resolution may require that amounts representing Capitalized Interest Payments on Financed Eligible Loans acquired by the Authority from moneys on deposit in any Series Loan Subaccount of the Tax-Exempt Loan Account be deducted from Recoveries of Principal deposited to the Tax-Exempt Repayment Account prior to their transfer pursuant to this paragraph and treated as a Revenue for purposes of the Tax-Exempt Repayment Account. Pursuant to the Series 2004A-1 Supplemental Resolution, the Authority may, by Authority Order on any Bond Payment Date, require that amounts representing Capitalized Interest Payments on the Series 2004A-1 Financed Eligible Loans be deducted from any subsequently received Recoveries of Principal corresponding to the Series 2004A-1 Financed Eligible Loans deposited to the Tax-Exempt Repayment Account and treated as Revenues for purposes of the Tax-Exempt Repayment Account. The amount of the Recoveries of the Principal corresponding to the Series 2004A-1 Financed Eligible Loans which may be redesignated as Revenues shall not exceed, together with all previous redesignations of such Recoveries of Principal on Series 2004A-1 Financed Eligible Loans, the amount of all Capitalized Interest Payments on the Series 2004A-1 Financed Eligible Loans as of such date.

In addition, as set forth below, money in the Tax-Exempt Repayment Account shall be used and transferred to other Funds, Accounts or Persons in the following order of precedence (any money not so transferred or paid to remain in the Tax-Exempt Repayment Account until subsequently applied as set forth below):

corresponding Series of the Taxable Subordinate Bonds and Notes, and to the extent there are insufficient moneys available in the Tax-Exempt Repayment Account to make the transfer described in paragraph G. under the caption "*Tax-Exempt Repayment Account*" above, to the appropriate Series Principal Subaccounts of the Tax-Exempt Repayment Account, the amount of such deficiency:

- I. on each Bond Payment Date, on a parity basis, to the corresponding Series Principal Subaccount established within the Taxable Repayment Account for any Series of the Taxable Junior-Subordinate Bonds and Notes, the amount, if any, necessary to increase the amount on deposit in such Series Principal Subaccount to an amount equal to the principal due on such Bond Payment Date for the corresponding Series of the Taxable Junior-Subordinate Bonds and Notes, and to the extent there are insufficient moneys available in the Tax-Exempt Repayment Account to make the transfer described in paragraph J. under the caption "*Tax-Exempt Repayment Account*" above, to the appropriate Series Principal Subaccounts of the Tax-Exempt Repayment Account, the amount of such deficiency:
- J. on each Bond Payment Date, on a parity basis to the Taxable Debt Service Reserve Subaccount the amount, if any, described under the caption "*Debt Service Reserve Account*" below and to the Tax-Exempt Debt Service Reserve Subaccount the amount, if any, described under the caption "*Debt Service Reserve Account*" below;

- K. on the first Bond Payment Date on or after each March 1 and September 1 of each year, at the option of the Authority and upon Authority Order, any remaining amounts on deposit in the Taxable Repayment Account may be redesignated as Recoveries of Principal with respect to the Outstanding Series of Taxable Bonds and Notes and, if redesignated, shall be allocated among the Outstanding Series of Taxable Bonds and Notes according to their respective principal amounts Outstanding; and
- L. on the first Bond Payment Date on or after each March 1 and September 1 of each year, at the option of the Authority and upon Authority Order, to the Authority to the extent permitted by the Master Bond Resolution and described under the caption "Releases to the Authority" below.

On each Bond Payment Date for the Taxable Bonds and Notes, the Master Trustee shall transfer amounts on deposit in the corresponding Accounts and Subaccounts of the Taxable Repayment Account to the appropriate Series Trustee or Series Co-Paying Agent to be paid to the Registered Owners of such Taxable Bonds and Notes.

Notwithstanding the foregoing, moneys or investments in the Tax-Exempt Repayment Account or the Taxable Repayment Account of the Student Loan Sinking Fund, and any Subaccounts therein, may be transferred on any date to a Trust Estate Collateral Investment Counterparty pursuant to the provision of the Master Bond Resolution and the related Trust Estate Collateral Investment Agreement, and moneys or investments received from the repayment of a Trust Estate Collateral Investment may be deposited to the Student Loan Sinking Fund, and any Account or Subaccount therein, in accordance with the Master Bond Resolution and the related Trust Estate Collateral Investment Agreement.

Debt Service Reserve Account. The Master Trustee will deposit to the Tax-Exempt Debt Service Reserve Subaccount the amount specified therefor in any Supplemental Bond Resolution. On each Bond Payment Date, to the extent there are insufficient moneys in the Tax-Exempt Repayment Subaccount to make the transfers required by paragraphs A. through J. under the caption "*Tax-Exempt Repayment Account*" above, then, after any required transfer from the Tax-Exempt Loan Account, the amount of such deficiency will be paid directly from the Tax-Exempt Debt Service Reserve Subaccount.

If the Tax-Exempt Debt Service Reserve Subaccount is used for the purposes described above, the Master Trustee will restore the Tax-Exempt Debt Service Reserve Subaccount to the Debt Service Reserve Account Requirement with respect to the Tax-Exempt Bonds and Notes by transfers from the Tax-Exempt Repayment Account on the next Bond Payment Date pursuant to the transfer described in paragraph K. under the caption "*Tax-Exempt Repayment Account*" above and from the Taxable Repayment Account on the next Bond Payment Date pursuant to the transfer described in paragraph J. under the caption "*Taxable Repayment Account*" above. If the full amount required to restore the Tax-Exempt Debt Service Reserve Subaccount to the Debt Service Reserve Account Requirement with respect to the Tax-Exempt Bonds and Notes is not available in such Accounts on such next succeeding Bond Payment Date, the Master Trustee will continue to transfer funds from such Accounts as they become available until the deficiency in

the Tax-Exempt Debt Service Reserve Subaccount has been eliminated. On any day that the amount in the Tax-Exempt Debt Service Reserve Subaccount exceeds the Debt Service Reserve Account Requirement with respect to the Tax-Exempt Bonds and Notes for any reason, the Master Trustee, at the direction of the Authority, shall transfer the excess to the Tax-Exempt Repayment Account.

The Master Trustee will deposit to the Taxable Debt Service Reserve Subaccount the amount specified therefor in any Supplemental Bond Resolution. On each Bond Payment Date, to the extent there are insufficient moneys in the Taxable Repayment Account to make the transfers required by paragraphs A. through I. under the caption "*Taxable Repayment Account*" above, then, after any required transfer from the Taxable Loan Account, the amount of such deficiency will be paid directly from the Taxable Debt Service Reserve Subaccount.

If the Taxable Debt Service Reserve Subaccount is used for the purposes described above, the Master Trustee will restore the Taxable Debt Service Reserve Subaccount to the Debt Service Reserve Account Requirement with respect to the Taxable Bonds and Notes by transfers from the Taxable Repayment Account on the next Bond Payment Date pursuant to the transfer described in paragraph J. under the caption "*Taxable Repayment Account*" above and from the Tax-Exempt Repayment Account on the next Bond Payment Date pursuant to the transfer described in paragraph K. under the caption "*Tax-Exempt Repayment Account*" above. If the full amount required to restore the Taxable Debt Service Reserve Subaccount to the Debt Service Reserve Account Requirement with respect to the Taxable Bonds and Notes is not available in such Accounts on such next succeeding Bond Payment Date, the Master Trustee will continue to transfer funds from such Accounts as they become available until the deficiency in the Taxable Debt Service Reserve Subaccount has been eliminated. On any day that the amount in the Taxable Debt Service Reserve Subaccount exceeds the Debt Service Reserve Account Requirement with respect to the Taxable Bonds and Notes for any reason, the Master Trustee, at the direction of the Authority, will transfer the excess to the Taxable Repayment Account.

Notwithstanding the foregoing, moneys or investments in the Debt Service Reserve Account, and any Subaccounts therein, may be transferred on any date to a Trust Estate Collateral Investment Counterparty pursuant to the Master Bond Resolution and the related Trust Estate Collateral Investment Agreement, and moneys or investments received from the repayment of a Trust Estate Collateral Investment may be deposited to the Debt Service Reserve Account, and any Subaccount therein, in accordance with the Master Bond Resolution and the related Trust Estate Collateral Investment Agreement.

Rebate Fund

The Master Trustee shall, in accordance with the transfer described in paragraph (a) under the caption "*Tax-Exempt Repayment Account*" above, withdraw from the Tax-Exempt Repayment Account and deposit to the Rebate Fund an amount such that the balance held in the Rebate Fund after such deposit is equal to the Rebate Amount calculated as of the Computation Date pursuant to written instructions from the Authority. In addition, the Master Trustee shall, in accordance with the transfer described in paragraph A. under the caption "*Tax-Exempt*

Repayment Account" above, withdraw from the Tax-Exempt Repayment Account and deposit to the Rebate Fund such amount as shall be required to be paid to the federal government as Excess Interest. Alternatively, upon Authority Order the Authority may from time to time forgive Financed Eligible Loans to satisfy such requirement, in accordance with the Tax Regulatory Agreements. Payments of such amounts to the federal government will be made in accordance with the Tax Regulatory Agreements and the Investment Instructions.

Servicing Fees and Program Expenses

The amount used to pay Servicing Fees, Program Expenses and Administrative Expenses from the Student Loan Sinking Fund and, if necessary, from the Student Loan Fund, and the schedule of payments shall be determined by the Authority, but the amounts so paid in any one Fiscal Year shall not exceed the amount budgeted by the Authority as Servicing Fees, Program Expenses and Administrative Expenses for such Fiscal Year with respect to the Bonds and Notes and as may be limited by a Supplemental Bond Resolution, and shall not exceed the amount designated therefor in the cash flows provided to the Rating Agencies on the Date of Issuance of any Outstanding Bonds and Notes, unless the Authority, after furnishing the Rating Agencies with revised cash flows, shall have received written confirmation from each Rating Agency that its then-applicable Ratings on the Bonds and Notes will not be lowered or withdrawn due to the payment of such additional Servicing Fees, Program Expenses and/or Administrative Expenses.

Transfers to Authority

Pursuant to the Master Bond Resolution, the Authority may instruct the Master Trustee to transfer certain excess Revenues to the Authority free and clear of the lien of the Master Bond Resolution in accordance with the transfer described in paragraph M. under the caption "*Tax-Exempt Repayment Account*" above and the transfer described in paragraph L. under the caption "*Taxable Repayment Account*" above; provided, however, that no transfer of assets to the Authority (other than pursuant to the payments otherwise permitted in the Master Bond Resolution) will be made if there is not on deposit in the Debt Service Reserve Account an amount equal to at least the Debt Service Reserve Account Requirement, and unless the Master Trustee has received (i) a Cash Flow Certificate and any approval or confirmation that may be required from a Rating Agency, (ii) an opinion of Bond Counsel stating that adequate provision has been made to assure that such transfer shall not impair the Authority's capacity to comply with its obligations relative to the restrictions upon Excess Interest and Portfolio Yield and to the rebate of certain amounts to the federal government as such obligations would be calculated upon the date of such opinion in accordance with the Tax Regulatory Agreements and Investment Instructions and that such transfer will not affect adversely the exclusion from federal income taxation of interest on any Tax-Exempt Bonds and Notes and (iii) an Authority Certificate to the effect that all rebate liability as calculated pursuant to the Tax Regulatory Agreements and Investment Instructions through the date of such transfer has been paid or deposited in the Rebate Fund; and further provided, that no transfer shall be made to the Authority unless immediately after taking into account any such transfer, the Aggregate Market Value of the assets in the Trust Estate will be equal to at least (a) 110.5% of the unpaid principal amount of the Senior Bonds

and Notes Outstanding and any Trust Estate Collateral Investment Amount, (b) 103% of the unpaid principal amount of the Senior Bonds and Notes and Subordinate Bonds and Notes Outstanding and any Trust Estate Collateral Investment Amount and (c) 100% of the unpaid principal amount of the Bonds and Notes Outstanding and any Trust Estate Collateral Investment Amount.

Investment of Funds Held by Master Trustee

The Master Trustee will invest money held for the credit of any Fund, Account or Subaccount held by the Master Trustee under the Master Bond Resolution as directed in writing (or orally, confirmed in writing) by an Authorized Officer of the Authority or a designee appointed in writing by an Authorized Officer of the Authority, to the fullest extent practicable and reasonable, in Investment Securities which shall mature or be redeemed at the option of the holder prior to the respective dates when the money held for the credit of such Fund, Account or Subaccount will be required for the purposes intended. In the absence of any such direction, the Master Trustee shall invest such amounts in Government Obligations. Earnings with respect to, and any net gain on the disposition of, any such investments, except on investments contained in the Rebate Fund, shall be deposited into the corresponding Account of the Student Loan Sinking Fund. Earnings on amounts contained in the Rebate Fund shall remain in the Rebate Fund. Investments are valued monthly at their Value.

COVENANTS OF THE AUTHORITY

At any and all times, the Authority will duly execute, acknowledge, and deliver, or will cause to be done, executed, and delivered, all and every such further acts, conveyances, transfers, and assurances in law as the Master Trustee shall reasonably require for the better conveying, transferring, and pledging and confirming unto the Master Trustee, all and singular, the properties constituting the Trust Estate.

Servicing Agreement

The Authority covenants in the Master Bond Resolution that, for any Financed Eligible Loans not being serviced by the Authority, it will keep in force and effect one or more Servicing Agreements whereby a Servicer will be responsible for the performance of certain administrative functions in connection with such Financed Eligible Loans.

Additional Covenants by the Authority to Conform to the Higher Education Act

The Authority covenants in the Master Bond Resolution that, so long as it is necessary in order to maintain the various federal benefits under the Higher Education Act with respect to the Financed Eligible Loans originated under the Higher Education Act, or otherwise, it will at all times permit only an Eligible Lender under the Higher Education Act to act as Master Trustee under the Master Bond Resolution; and that it will not cause or permit the Master Trustee to dispose of or deliver any Eligible Loans or any security interest in any such Eligible Loans to any party who is not an Eligible Lender so long as the Higher Education Act or Regulations require an Eligible Lender to be the owner or holder of Eligible Loans.

The Authority recognizes and acknowledges in the Master Bond Resolution that (i) under the Regulations, a Financed Eligible Loan made under the Higher Education Act may not be transferred or assigned, nor may an assignment be made with such Financed Eligible Loans as security to any person who is not at the time an Eligible Lender under the Higher Education Act; and (ii) the Authority and the Master Trustee are Eligible Lenders and as a part of the contracts with the Secretary and any Guarantee Agency, an Eligible Lender must comply with the appropriate provisions of the Higher Education Act and the Regulations in order that the insurance or guarantee on the loans as well as the entitlements to Interest Benefit Payments and Special Allowance Payments, if any, will not be affected.

Maintain and Enforce Agreements; No Amendments Adverse to Registered Owners

The Authority will, from and after the time it has either entered into, or succeeded to the rights and interests of any Eligible Lender under any guarantee agreement covering Financed Eligible Loans, maintain the same and diligently enforce its rights thereunder, and not consent to or permit any rescission of or consent to any amendment thereto or otherwise take any action under or in connection therewith which in any manner would adversely affect the rights of the Registered Owners.

The Authority will maintain its agreements with the Guarantee Agencies under the Higher Education Act, and the Authority will diligently enforce its rights thereunder and will not voluntarily consent to or permit any rescission of or consent to any amendment to or otherwise

take any action under or in connection therewith which in any manner will adversely affect the rights of the Registered Owners.

Eligible Loans; Collections Thereof; Assignment Thereof

The Authority will, or through its Servicers will, diligently collect all principal and interest payments on all Financed Eligible Loans, and all Interest Benefit Payments, insurance and default claims and Special Allowance Payments, if any, which relate to such Financed Eligible Loans (provided that this covenant will not preclude the forgiveness of principal or interest on the Financed Eligible Loans to the extent necessary to comply with the Authority's tax covenants nor preclude the Authority (or the Master Trustee as directed by the Authority) from contractually lowering the interest rate on Financed Eligible Loans so long as, at the time such contractual obligation is undertaken, such lower rate of interest would not materially adversely affect the ability of the Authority to repay the Bonds and Notes). The Authority will, or through its Servicers will, cause the filing and assignment of such claims (prior to the timely-filing deadline for such claims under the Regulations) by the Master Trustee. The Authority will comply with the Higher Education Act and Regulations which apply to the Financed Eligible Loans.

Tax Covenants

The Authority covenants that it will not take any action or inaction, or fail to take any action, or permit any action to be taken on its behalf or cause or permit any circumstances within its control to arise or continue, if any such action or inaction would adversely affect the exclusion from gross income for federal income tax purposes of the interest on any Tax-Exempt Bonds and Notes under Section 103 of the Code. In furtherance of the foregoing covenant, the Authority covenants to comply with the Tax Regulatory Agreements.

DISCHARGE OF MASTER BOND RESOLUTION

If the Authority shall (x) pay, or cause to be paid, or there shall otherwise be paid (i) to the Registered Owners of the Bonds and Notes, the principal of and interest on the Bonds and Notes, at the times and in the manner stipulated in the Master Bond Resolution and the corresponding Supplemental Bond Resolutions, (ii) to each Swap Counterparty, all Authority Swap Payments then due and (iii) to the United States of America, the amount required to be rebated in satisfaction of its obligations as described in the Investment Instructions and the Tax Regulatory Agreements and (y) have provided for the payment of any amounts which may become due and owing to a Trust Estate Collateral Investment Counterparty pursuant to the corresponding Collateral Investment Agreement, then the pledge of the Trust Estate, except the Rebate Fund, which is not pledged thereunder, and all covenants, agreements, and other obligations of the Authority to the Registered Owners will thereupon cease, terminate, and become void and be discharged and satisfied.

Bonds and Notes or interest installments shall be deemed to have been paid within the meaning of the Master Bond Resolution if money for the payment or redemption thereof has been set aside and is being held in trust by the Master Trustee at the Stated Maturity or earlier redemption date thereof. Any Outstanding Bond shall, prior to the Stated Maturity or earlier redemption thereof, be deemed to have been paid within the meaning and with the effect expressed in the Master Bond Resolution if (i) such Bond or Note is to be redeemed on any date prior to its Stated Maturity and (ii) the Authority shall have given notice of redemption as provided in the Master Bond Resolution on said date, there shall have been deposited with the Master Trustee either money (fully insured by the Federal Deposit Insurance Corporation or fully collateralized by Governmental Obligations) in an amount which shall be sufficient, or Governmental Obligations (including any Governmental Obligations issued or held in book-entry form on the books of the Department of Treasury of the United States of America) the principal of and the interest on which when due will provide money which, together with the money, if any, deposited with the Master Trustee at the same time, shall be sufficient, to pay when due the principal of and interest to become due on such Bond or Note on and prior to the redemption date or Stated Maturity thereof, as the case may be.

Any Authority Swap Payments are deemed to have been paid and the corresponding Swap Agreement terminated when payment of all Authority Swap Payments due and payable to each Swap Counterparty under its respective Swap Agreement have been made or duly provided for to the satisfaction of each Swap Counterparty and the respective Swap Agreement has been terminated.

Any payments required to be made to a Trust Estate Collateral Investment Counterparty pursuant to the corresponding Trust Estate Collateral Investment Agreement are deemed to have been provided for if sufficient moneys have been set aside outside of the Trust Estate to pay the Trust Estate Collateral Investment Amount.

Accelerated Maturity

If an Event of Default shall have occurred and be continuing, the Master Trustee may declare, or upon the written direction by the Registered Owners of at least 25% of the collective aggregate principal amount of the Highest Priority Bonds and Notes then Outstanding, shall declare, the principal of all Obligations then Outstanding, and the interest thereon, if not previously due, immediately due and payable, anything in the Obligations or the Master Bond Resolution to the contrary notwithstanding; provided, however, that for a declaration of acceleration upon a default described in paragraphs (d) or (e) under the caption "Events of Default" above shall require the consent of 100% of the Registered Owners of the collective aggregate principal amount of the Senior Bonds and Notes and Subordinate Bonds and Notes then Outstanding (or, if there are no Senior Bonds and Notes or Subordinate Bonds and Notes Outstanding, the consent of 100% of the Registered Owners of the collective aggregate principal amount of the Junior-Subordinate Bonds and Notes then Outstanding).

Direction of Master Trustee

Upon the happening of any Event of Default, the Registered Owners of at least 25% of the collective aggregate principal amount of the Highest Priority Bonds and Notes then Outstanding, have the right by an instrument or instruments in writing delivered to the Master Trustee to direct and control the Master Trustee as to the method of taking any and all proceedings for any sale of any or all of the Trust Estate, or for the appointment of a receiver, if permitted by law, and may at any time cause any proceedings authorized by the terms of the Master Bond Resolution to be so taken or to be discontinued or delayed; provided, however, that such Registered Owners shall not be entitled to cause the Master Trustee to take any proceedings which in the Master Trustee's opinion would be unjustly prejudicial to non-assenting Registered Owners of Obligations, but the Master Trustee shall be entitled to assume that the action requested by the Registered Owners of 25% of the collective aggregate principal amount of the Highest Priority Bonds and Notes then Outstanding will not be prejudicial to any non-assenting Registered Owners unless the Registered Owners of more than 50% of the collective aggregate

principal amount of the non-assenting Registered Owners of such Highest Priority Bonds and Notes, in writing, show the Master Trustee how they will be prejudiced. Provided, however, that anything in the Master Bond Resolution to the contrary notwithstanding, the Registered Owners of a majority of the collective aggregate principal amount of the Highest Priority Bonds and Notes then Outstanding together with the Registered Owners of a majority of the collective aggregate principal amount of all other Bonds and Notes then Outstanding shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Master Trustee, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of the Master Bond Resolution, or for the appointment of a receiver or any other proceedings thereunder, provided that such direction shall not be otherwise than in accordance with the provisions of law and of the Master Bond Resolution.

Right to Enforce in Master Trustee

No Registered Owner of any Obligation or any Series Trustee shall have any right as such Registered Owner or Series Trustee to institute any suit, action, or proceedings for the enforcement of the provisions of the Master Bond Resolution or for the execution of any trust thereunder or for the appointment of a receiver or for any other remedy thereunder, all rights of action thereunder being vested exclusively in the Master Trustee, unless and until such Registered Owner or Series Trustee shall have previously given to the Master Trustee written notice of a default thereunder, and of the continuance thereof, and also unless the Registered Owners of the requisite principal amount of the Obligations then Outstanding shall have made written request upon the Master Trustee and the Master Trustee shall have been afforded reasonable opportunity to institute such action, suit or proceeding in its own name, and unless the Master Trustee shall have been offered reasonable indemnity and security satisfactory to it against the costs, expenses, and liabilities to be incurred therein or thereby and the Master Trustee for 30 days after receipt of such notification, request, or offer of indemnity, shall have failed to institute any such action, suit or proceeding. It is understood and intended that no one or more Registered Owners of the Obligations or any Series Trustee shall have the right in any manner whatever by his or their action to affect, disturb, or prejudice the lien of the Master Bond Resolution or to enforce any right thereunder except in the manner therein provided and for the equal benefit of the Registered Owners of not less than a majority of the collective aggregate principal amount of the Obligations then Outstanding.

Waivers of Events of Default

Subject to certain limitations, the Master Trustee may in its discretion waive any Event of Default and its consequences and rescind any declaration of acceleration of Obligations, and shall do so upon the written request of the Registered Owners of at least a majority of the collective aggregate principal amount of the Highest Priority Bonds and Notes then Outstanding.

THE MASTER TRUSTEE AND THE SERIES TRUSTEES

Resignation and Removal of the Master Trustee

The Master Trustee and any successor to the Master Trustee may resign and be discharged from the trust created by the Master Bond Resolution and any Supplemental Bond Resolution by giving to the President of the Authority notice in writing which notice shall specify the date on which such resignation is to take effect; provided, however, that such resignation shall only take effect on the day specified in such notice if a successor Master Trustee shall have been appointed (and is qualified to be the Master Trustee under the requirements of the Master Bond Resolution). If no successor Master Trustee has been appointed by the date specified or within a period of 90 days from the receipt of the notice by the Authority, whichever period is the longer, the Master Trustee may (A) appoint a temporary successor Master Trustee having the qualifications provided in the Master Bond Resolution or (B) request a court of competent jurisdiction to (1) require the Authority to appoint a successor, within three days of the receipt of citation or notice by the court, or (2) appoint a Master Trustee having the qualifications provided in the Master Bond Resolution. In no event may the resignation of the Master Trustee be effective until a qualified successor Master Trustee shall have been selected and appointed.

The Master Trustee or any successor Master Trustee may be removed (i) at any time by the Registered Owners of a majority of the collective aggregate principal amount of the Highest Priority Bonds and Notes then Outstanding, (ii) by the Authority for cause or upon the sale or other disposition of the Master Trustee or its trust functions or (iii) by the Authority without cause so long as no Event of Default exists or has existed within the last 90 days, upon payment to the Master Trustee so removed of all money then due to it and appointment of a successor thereto by the Authority and acceptance thereof by said successor. One copy of any such instrument shall be filed with the Secretary of the Authority and the other with the Master Trustee so removed.

In the event the Master Trustee (or successor Master Trustee) is removed, by any person or for any reason, such removal shall not become effective until (a) in the case of removal by the Registered Owners, such Registered Owners by instrument or concurrent instruments in writing (signed and acknowledged by such Registered Owners or their attorneys-in-fact) filed with the Master Trustee being removed have appointed a successor Master Trustee or otherwise the Authority shall have appointed a successor, and (b) the successor Master Trustee has accepted appointment as such.

instrument in writing duly authorized by resolution. In the case of any such appointment by the Authority of a successor to the Master Trustee, the Authority shall forthwith cause notice thereof to be mailed to the Registered Owners of the Bonds and Notes at the address of each Registered Owner appearing on the bond registration books maintained by each Series Registrar.

Every successor Master Trustee appointed by the Registered Owners, by a court of competent jurisdiction, or by the Authority shall be a bank or trust company in good standing, organized and doing business under the laws of the United States or of a state therein, which has a reported capital and surplus of not less than \$25,000,000, be authorized under the law to exercise corporate trust powers, be subject to supervision or examination by a federal or state authority, and be an Eligible Lender so long as such designation is necessary to maintain guarantees and federal benefits under the Higher Education Act with respect to the Financed Eligible Loans originated under the Higher Education Act.

Resignation and Removal of Any Series Trustee

Any Series Trustee and any successor to a Series Trustee may resign and be discharged from the trust created by the Master Bond Resolution and any Supplemental Bond Resolution by giving to the President of the Authority notice in writing which notice shall specify the date on which such resignation is to take effect; provided, however, that such resignation shall only take effect on the day specified in such notice if a successor Series Trustee shall have been appointed (and is qualified to be a Series Trustee under the requirements of the Master Bond Resolution). If no successor Series Trustee has been appointed by the date specified or within a period of 90 days from the receipt of the notice by the Authority, whichever period is the longer, the Series Trustee may (A) appoint a temporary successor Series Trustee having the qualifications provided in the Master Bond Resolution or (B) request a court of competent jurisdiction to (1) require the Authority to appoint a successor, within three days of the receipt of citation or notice by the court, or (2) appoint a Series Trustee having the qualifications provided in the Master Bond Resolution. In no event may the resignation of a Series Trustee be effective until a qualified successor Series Trustee shall have been selected and appointed. In the event a temporary successor Series Trustee is appointed pursuant to (A) above, the Authority may remove such temporary successor Series Trustee and appoint a successor thereto.

Any Series Trustee or any successor Series Trustee may be removed (i) at any time by the Registered Owners of a majority of the collective aggregate principal amount of corresponding Series of Bonds or Notes then Outstanding, (ii) by the Authority for cause or upon the sale or other disposition of the Series Trustee or its trust functions or (iii) by the Authority without cause so long as no Event of Default exists or has existed within the last 90 days, upon payment to the Series Trustee so removed of all money then due to it and appointment of a successor thereto by the Authority and acceptance thereof by said successor.

In the event a Series Trustee (or successor Series Trustee) is removed, by any person or for any reason, such removal shall not become effective until (a) in the case of removal by the Registered Owners, such Registered Owners by instrument or concurrent instruments in writing (signed and acknowledged by such Registered Owners or their attorneys-in-fact) filed with the

Series Trustee being removed have appointed a successor Series Trustee or otherwise the Authority shall have appointed a successor, and (b) the successor Master Trustee has accepted appointment as such.

Successor Series Trustee

In case at any time any Series Trustee or any successor Series Trustee shall resign, be dissolved, or otherwise shall be disqualified to act or be incapable of acting, or in case control of any Series Trustee or of any successor Series Trustee or of its officers shall be taken over by any public officer or officers, a successor Series Trustee may be appointed by the Authority by an instrument in writing duly authorized by resolution. In the case of any such appointment by the Authority of a successor to any Series Trustee, the Authority shall forthwith cause notice thereof to be mailed to the Registered Owners of the corresponding Series of Bonds and Notes at the address of each Registered Owner appearing on the bond registration books maintained by the corresponding Series Registrar.

Every successor Series Trustee appointed by the Registered Owners, by a court of competent jurisdiction, or by the Authority shall be a bank or trust company in good standing, organized and doing business under the laws of the United States or of a state therein, which has a reported capital and surplus of not less than \$25,000,000, be authorized under the law to exercise corporate trust powers, and be subject to supervision or examination by a federal or state authority.

Special Circumstances Leading to Resignation of Master Trustee

Because the Master Trustee serves as trustee under the Master Bond Resolution for Obligations of different priorities, it is possible that circumstances may arise which will cause the Master Trustee to resign from its position as trustee for one or more of the Obligations. In the event that the Master Trustee makes a determination that it should so resign, due to the occurrence of an Event of Default or potential default, or otherwise, the Authority may permit such resignation as to one or more of the Obligations or request the Master Trustee's resignation as to all Obligations, as the Authority may elect. If the Authority should determine that a conflict of interest has arisen as to the trusteeship of any of the Obligations, it may authorize and execute a Master Trust Agreement or supplemental resolution with one or more successor Master Trustees, under which the administration of certain of the Obligations would be separated from the administration of the other Obligations.

SUPPLEMENTAL RESOLUTIONS

Supplemental Resolutions Not Requiring Consent of Registered Owners

The Authority may, with the consent of the Master Trustee and any affected Series Trustee but without the consent of or notice to any of the Registered Owners, adopt any resolution or resolutions supplemental to the Master Bond Resolution for any one or more of the following purposes:

- A. To cure any ambiguity or formal defect or omission in the Master Bond Resolution;
- B. To grant to or confer upon the Master Trustee, any Series Trustee, any Series Co-Paying Agent, any Series Registrar or any Series Authenticating Agent for the benefit of the Registered Owners any additional benefits, rights, remedies, powers or authorities that may lawfully be granted to or conferred upon the Registered Owners, the Master Trustee or any Series Trustee, or to make any change which, in the judgment of the Master Trustee, is not to the material prejudice of the Registered Owners;
- C. To subject to the Master Bond Resolution additional revenues, properties or collateral;
- D. To modify, amend or supplement the Master Bond Resolution or any resolution supplemental thereto in such manner as to permit the qualification thereof under the Trust Indenture Act of 1939 or any similar federal statute hereafter in effect or to permit the qualification of the Bonds and Notes for sale under the securities laws of the United States of America or of any of the states of the United States of America, and, if they so determine, to add to the Master Bond Resolution or any resolution supplemental thereto such other terms, conditions and provisions as may be permitted by said Trust Indenture Act of 1939 or similar federal statute;
- E. To evidence the appointment of a separate or co-Master Trustee, a co-Series Trustee or a co-registrar or transfer agent or the succession of a new Master Trustee, Series Trustee, Series Co-Paying Agent, Series Registrar or Series Authenticating Agent, or any additional or substitute Guarantee Agency or Servicer;
- F. To make any change which affects the Bonds and Notes only when they bear a type of interest rate other than the one borne at the time of delivery of the Master Bond Resolution or the supplemental resolution upon receipt by the Authority and the Master Trustee of written confirmation from each Rating Agency that its then-

applicable Ratings on the Bonds and Notes will not be lowered or withdrawn because of such change;

- G. To add such provisions to or to amend such provisions of the Master Bond Resolution as may, in Bond Counsel's opinion, be necessary or desirable to assure implementation of the Program in conformance with the Higher Education Act if along with such supplemental resolution there is filed a Bond Counsel's opinion to the effect that the addition or amendment of such provisions will in no way impair the existing security of the Registered Owners of any Outstanding Obligations;
- H. To make any change as shall be necessary in order to obtain for the Bonds and Notes an investment-grade rating from a nationally recognized rating service or to qualify them to be in book-entry form, which changes, in the opinion of the Master Trustee are not to the prejudice of the Registered Owner of any of the Obligations;
- I. To make any change as shall be necessary in order to maintain the exclusion of interest on the Tax-Exempt Bonds and Notes from gross income of the Registered Owners of the Tax-Exempt Bonds and Notes for federal income tax purposes;
- J. To enter into a Supplemental Bond Resolution for the purposes of issuing Bonds and Notes to acquire or refinance Eligible Loans or for any other purpose authorized under the Master Bond Resolution;
- K. To make the terms and provisions of the Master Bond Resolution, including the lien and security interest granted in the Master Bond Resolution, applicable to a Swap Agreement or a Trust Estate Collateral Investment Agreement;
- L. To create any additional Funds or Accounts or Subaccounts under the Master Bond Resolution deemed by the Master Trustee to be necessary or desirable; or
- M. To make any other change, except for any change described under the caption "Supplemental Resolutions Requiring Consent of Registered Owners" below which requires the consent of all the Registered Owners, upon receipt by the Authority and the Master Trustee of written confirmation from each Rating Agency that its then-applicable Ratings on the Bonds and Notes will not be lowered or withdrawn because of such change;

provided, however, that no such supplement which adversely affects the rights or interests of the Swap Counterparty may be entered into without the prior consent of the Swap Counterparty.

Supplemental Resolutions Requiring Consent of Registered Owners

Exclusive of supplemental resolutions described under the caption "Supplemental Resolutions Not Requiring Consent of Registered Owners" above and subject to the terms and provisions contained in this paragraph, and not otherwise, the Registered Owners of not less than a majority of the collective aggregate principal amount of the Obligations then Outstanding which in the opinion of the Master Trustee are affected shall have the right, from time to time, to consent to and approve the adoption by the Authority of such other resolution or resolutions supplemental thereto as shall be deemed necessary and desirable by the Master Trustee for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Master Bond Resolution or in any supplemental resolution; provided, however, that nothing in this paragraph shall permit, or be construed as permitting (1) without the consent of the Registered Owners of all then Outstanding Obligations affected thereby, (a) an extension of the maturity date of the principal of or the interest on any Obligation, or (b) a reduction in the principal amount of any Obligation or the rate of interest thereon, or (c) a privilege or priority of any Obligation or Obligations over any other Obligation or Obligations except as otherwise provided therein, or (d) a reduction in the aggregate principal amount of the Obligations required for consent to such supplemental resolution, or (e) the creation of any lien other than a lien ratably securing all of the Obligations at any time Outstanding thereunder except as otherwise provided therein or (2) any modification of the trusts, powers, rights, obligations, duties, remedies, immunities and privileges of the Master Trustee or any Series Trustee without the prior written approval of the Master Trustee or Series Trustee affected thereby.

LIMITED OBLIGATIONS OF THE AUTHORITY AND STATE

The Bonds and Notes and any other Obligations issued or entered into under the Master Bond Resolution, and the interest thereon, shall not be an indebtedness or obligation of the State, or of any political subdivision thereof (other than the Authority), or of the trustees of the Authority, and neither the faith and credit nor the taxing power of the State (or any political subdivision thereof) shall be obligated to pay the principal of, premium, if any, or interest on the Bonds and Notes. OPERATING BUSINESS

We are a secondary market, loan servicer and eligible lender in the guaranteed FFEL Program under the Higher Education Act. Loan origination and servicing functions are performed by us under the registered tradename “OSLA Student Loan Servicing™”.

We perform origination and pre-acquisition servicing for 32 other Eligible Lenders which are members of the OSLA Student Lending Network™. In addition, the OSLA Network includes Eligible Lenders that are responsible for originating and interim servicing their own loans using our loan servicing system on a remote basis from their premises. Each OSLA Network lender is required to sell, and we are required to purchase, the loans that we service. We maintain a revolving warehouse line of credit to fund these purchases.

At the dates indicated in the Table below, we managed FFEL Program loans that we owned (including both Eligible Loans and uninsured loans) plus loans serviced for other Eligible Lenders, with current principal balances as shown in the following Graph and Table:

OSLA - FFEL PROGRAM LOANS MANAGED
Current Principal Balance

At January 13, 2004, we held \$561,167,698 of FFEL Program loans (including uninsured loans) and serviced \$189,278,869 of FFEL Program loans held by the OSLA Network, giving a total current principal balance of loans managed of \$750,446,567.

In our SHELFTM Program for private loans, we also originate and hold education loans that are not guaranteed under the Higher Education Act. SHELF loans are underwritten based on the borrower's credit to provide supplemental funds as determined by the financial aid staff at eligible schools.

The education loan industry is highly competitive. We compete with numerous local and national secondary markets, loan servicers and lenders that are also participants in the FFEL Program. Many of the education loan program participants competing with us are larger, have more extensive operations and greater financial resources.

The education loan industry also is highly regulated. The USDE is the federal government department that is the primary regulator. In addition, USDE competes directly with us through its William D. Ford Direct Student Loan Program. The effect of this competition is to reduce the annual volume of student loan originations that are available to the FFEL Program market.

Our Fiscal Year is from July 1 of each year through June 30 of the next year. We receive no appropriated funds from the State of Oklahoma for our operating expenses. All expenses are paid from revenues derived from the administration of our various education loan programs.

The bonds and notes issued by us to finance our FFEL Program loans are not general obligations, but are limited revenue obligations payable solely from the assets of the trust estates created for particular financings by various bond resolutions.

Current Principal Balance

At June 30, 2003, Stafford Loans had an average borrower indebtedness of approximately \$5,573; Parent Loans for Undergraduate Students (PLUS) loans approximately \$6,379; and Consolidation Loans approximately \$19,354.

Guarantee of Loans

Under a contract of guarantee, a lender/holder of FFEL Program loans is entitled to a claim payment from a guarantee agency for 98% or 100% of any proven loss resulting from default, death, permanent and total disability, or discharge in bankruptcy of the borrower. As an eligible lender/holder, we are required to use due diligence in the origination, servicing and collection of loans in order to maintain the guarantee.

Loans financed by us are Guaranteed to the extent provided for in the Higher Education Act by the:

- Oklahoma State Regents for Higher Education, Guaranteed Student Loan Program (OGSLP), Oklahoma City, OK, acting as the State Guarantee Agency;
- Student Loan Guarantee Foundation of Arkansas, Inc. (SLGFA), Little Rock, AR;
- Texas Guaranteed Student Loan Corporation (TG), Austin, TX;
- United Student Aid Funds, Incorporated (USAF), Indianapolis, IN; and
- Louisiana Student Financial Assistance Commission (LOSFA), Baton Rouge, LA.

The Guarantee Agencies are reinsured, subject to various terms and conditions, by the USDE for reimbursement from 75% to 100% of the amounts expended in payment of claims.

At June 30, 2003, substantially all of the current principal balance of our loans had loan guarantee eligibility (percentage of the principal amount of a claim) of 98%. The Guarantor composition of our Guaranteed loans was approximately as shown in the following Graphs:

OSLA - FFEL PROGRAM
GUARANTEE COMPOSITION

At December 31, 2003, the State Guarantee Agency was the Guarantor of approximately 95% of our loans.

Secondary Market Loan Acquisition

We established the OSLA Network of Eligible Lenders in August 1994 to further our secondary market activities. We perform loan application processing, disbursement and pre-acquisition servicing of education loans for the OSLA Network lenders pursuant to separate education loan servicing agreements between us and each participating lender. We indemnify each of these lenders against any servicing errors made by us in the performance of this work.

Also, we provide our loan servicing system for use by Eligible Lenders on a remote basis from their premises. The remote users are responsible for their own origination and servicing.

We maintain separate forward purchase commitments with each participating lender. These agreements require the lender to sell, and us to purchase, education loans held by the OSLA Network lenders. The purchases are made at agreed upon prices.

Lender of Last Resort

In February 1994, we began offering loans to certain students, primarily those attending high default rate schools, under a Lender of Last Resort Loan Program with the State Guarantee Agency. At December 31, 2003, we held approximately \$246,155 principal amount of such loans.

Students requesting Lender of Last Resort loans generally must have two (2) denial letters from other eligible lenders that will not make the loan to that student. Lender of Last Resort loans that default are guaranteed 100% as to principal and interest by the State Guarantee Agency.

SHELFTM Loan Program

In April 2000, we started our Supplemental Higher Education Loan FinanceTM Program (*SHELFTM*). SHELF is a private loan program that is self insured and is *not* guaranteed by the federal government or a third party. SHELF Program loans are originated and serviced by us.

SHELF Program loans are underwritten based on the credit score of a borrower. A co-borrower may be required for credit underwriting purposes. SHELF Program loans are funded with our own funds and not by bond or note proceeds.

Guarantee fees are withheld from SHELF loan disbursements and placed in the Guarantee Reserve Fund of our General Student Loan Trust as a reserve against loan defaults. At December 31, 2003, the Guarantee Reserve Fund had a balance of approximately \$121,309.

The intent of the SHELF Program is to provide supplemental loan funds to students who have exhausted the funds available to them under the FFEL Program, as determined by the financial aid staff at eligible schools. Loan disbursements are made through eligible school financial aid offices. At December 31, 2003, we held approximately \$2,760,126 principal amount of SHELF Program loans.

LOAN SERVICING

Standards and Activities

We have serviced our own loans, and performed third party pre-acquisition servicing of the loans of the OSLA Network, since 1994. Loan servicing activities performed by us include:

- Application processing and funds disbursement in originating loans;
- Customer service;
- Loan account maintenance, including production of notices and forms to borrowers and the resulting processing;
- Reconciliation and payment of guarantee fee billings;
- Billings to USDE for Interest Benefit Payments and Special Allowance Payments;
- Collection of principal and interest from borrowers;
- Filing claims to collect guarantee payments on defaulted loans; and
- Accounting.

We are required to use due diligence in originating, servicing and collecting education loans. In addition, we are required to use collection practices no less extensive and forceful than those generally in use among financial institutions with respect to other consumer debt.

In order to satisfy the due diligence requirements, we must adhere to specific activities in a timely manner. These activities begin with the receipt of the loan application and continue throughout the life of the loan. Examples of specific due diligence activities include:

- Verifying that the original application is completed with all pertinent data and has a guarantee provided to the lender;
- Diligent efforts to contact a delinquent borrower by letter and telephone;
- Skip tracing if a borrower has an invalid phone number or address;
- Requesting default aversion assistance from the Guarantor between 60 and 120 days of delinquency;
- Sending a final demand letter to the borrower when the loan becomes 241 or more days delinquent; and
- Timely filing of the default claim for payment, provided the borrower's failure to make monthly installment payments when due, or to comply with other terms of the obligation, persists for the most recent consecutive 270-day period (330 days for a loan repayable in less frequent installments).

OSLA Student Loan Servicing System

From 1994 to 2002, our loan servicing was done as a remote user of another party's loan servicing system. Presently, we originate and service loans in-house using our own staff and the *OSLA Student Loan Servicing System* comprised of:

- An IBM iSeries computer that we own and related operating and database software that we license from IBM;
- Personal computers and an NT based local area network;
- Aid Delivery System (*ADS*) software that we licensed on a perpetual basis from Idaho Financial Associates, Inc. (*IFA*), Boise, Idaho;
- Student Loan Servicing System (*SLSS*) software that we licensed also on a perpetual basis from IFA; and
- Ancillary software programs of proprietary software and database query reports that we developed.

We began originating education loans using the OSLA Student Loan Servicing System on January 28, 2002. We converted loans from the remote database and implemented all servicing of our portfolio, and the portfolios of the OSLA Network, with the OSLA Student Loan Servicing System as of March 1, 2002.

Together, the IFA's ADS and SLSS systems are referred to herein as the *IFA System*. IFA provides ADS to one other student loan user and provides the SLSS education loan servicing software to 13 other student loan users that service loans. In addition to licensing the IFA System software, IFA provides software maintenance and enhancement at the direction of the users, as well as support.

IFA is a wholly owned subsidiary of Nelnet, Inc., Lincoln, Nebraska. Nelnet, Inc. uses the IFA SLSS to service loans. Nelnet, Inc. also competes with us as a loan servicer and secondary market.

In operating the OSLA Student Loan Servicing System, also we are responsible for:

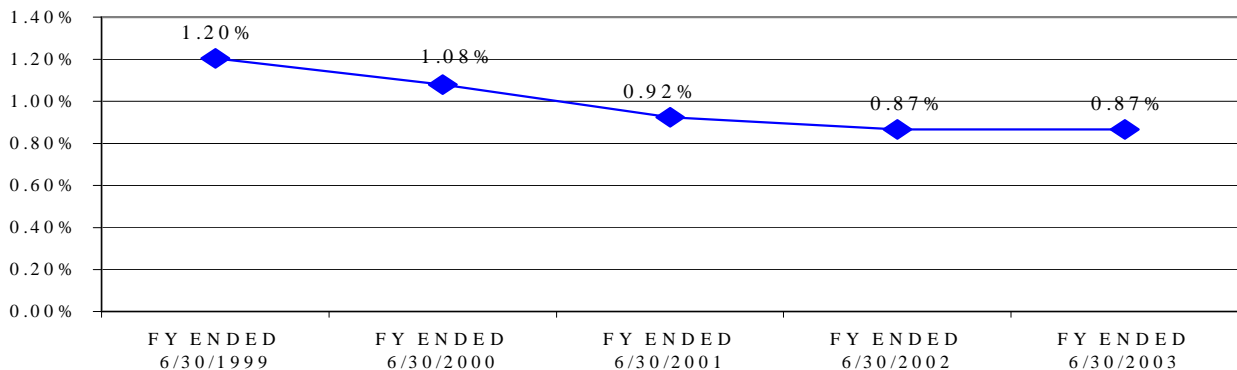

- Providing, maintaining and operating the requisite computer system and its operating and database software;
- Maintenance of tables and profiles on lenders, guarantors and post-secondary education institutions that we work with;
- Installing and testing new releases of the IFA System;
- Participation in the IFA System users' group which is responsible for compliance of the IFA System with the Higher Education Act and other applicable law;
- Exchanges of data files with various third party trading partners;
- Any necessary or desirable ancillary programming for loan servicing functionality not provided by IFA; and
- Necessary or desirable internet functionality related to loan origination and servicing.

In addition to our own use of the OSLA Student Loan Servicing System, we provide, operate, support and maintain our in-house system for remote use by certain OSLA Network lenders in their origination and interim servicing of FFEL Program loans from their premises. Under the remote arrangement, the OSLA Network lenders are required to sell, and we are required to purchase, their FFEL Program loans originated and serviced by the remote use of the OSLA Student Loan Servicing System.

Servicing Cost

At the dates indicated in the Graph below, our annual loan servicing cost (expressed as a percent of the outstanding current principal balance of loans serviced) was approximately as shown in the following Graph:

OSLA - LOAN SERVICING COSTS

Note: For Fiscal Years 2001-2003, the percentage is the annual operating cost divided by the average outstanding Current Principal Balance of loans. Fiscal Years 1999 and 2000 are based on the current principal balance outstanding at year end.

Cures of Rejected Claims

If we do not comply with the due diligence standards required by the Higher Education Act, a claim to the Guarantor of the loan may be rejected. In such event, we can attempt to cure the rejected claim loan by various procedures. A cure within three years re-instates the guarantee.

For the Fiscal Years ended June 30 indicated below, our cure experience was as shown in the following Table:

<u>Fiscal Year</u>	<u>Claims Filed</u>	<u>Rejected¹</u>	<u>Cured¹</u>	<u>Un-Resolved²</u>
2003	\$21,172,322	\$ 90,370	\$ 37,436	\$ 52,934
2002	\$21,498,003	\$ 136,332	\$ 21,423	\$114,909
2001	\$15,134,549	\$ 79,324	\$ 43,664	\$ 35,660
2000	\$ 9,642,426	\$ 62,581	\$ 81,490	\$ (18,909)
1999	\$ 9,234,072	\$ 85,646	\$ 94,587	\$ (8,941)

¹Annual amounts are adjusted due to the reconciliation and capitalized interest from the recovery process.

²More than the original amount may be recovered because of capitalized interest during the recovery process.

PROGRAM REVIEWS

The USDE routinely conducts site program reviews of secondary markets and student loan servicers, such as OSLA, for compliance with various aspects of the Higher Education Act.

The USDE conducted a Program Review of our operations as a secondary market in September 2002. There were no findings in the Review Report issued in April 2003. That Report stated that the review was closed.

The USDE conducted a Program Review of our loan service operations, including the portfolios of the OSLA Network serviced by us, in November 2002. The Review Report also issued in April 2003 had one finding on a non-recurring matter for the quarter ended March 31, 2002. The finding related to incorrect average daily balance calculations supplied to us on the conversion from our remote loan system to the IFA SLSS. The incorrect average daily balances overstated the billing on certain portions of our portfolio receiving Special Allowance Payments and did not have a monetary effect on the billing of any lenders in the OSLA Network. The miscalculation was corrected and balances were adjusted for the March 2003 quarter. This correction was reported to USDE.

In addition, the State Guarantee Agency routinely conducts site program reviews, or audits, of lenders, such as us and our OLSA Network members, for compliance with various aspects of the Higher Education Act. We underwent a site program compliance review by the State Guarantee Agency in June 1999. In October 1999, we received the report on the compliance review presenting

the State Guarantee Agency's findings and responded in November 1999, within the allotted time. The State Guarantee Agency closed the compliance review on June 23, 2000 after concluding that we had satisfactorily responded to all items of the report on the compliance review.

SUMMARY DEBT INFORMATION

We issued various debt obligations for our loan financing activities. The bonds and notes issued by us are not general obligations, but are limited revenue obligations secured by, and payable solely from, the assets of the trust estates created for particular financings by the various bond resolutions. At December 31, 2003, we had total outstanding debt of \$550,085,000 in our various financing systems.

At June 30, 2003, we had total outstanding debt of \$550,085,000 in our various financing systems. Of that amount, \$545,485,000 of our debt was publicly held and had long term credit ratings assigned by Moody's and S&P based on the type of security as shown in the Table below. The credit ratings have been maintained and periodically the ratings have been confirmed in connection with new parity debt issues or extensions of recycling periods.

<u>Credit Rating(s)</u>	<u>Principal Amount</u>	<u>Type of Security</u>
Aaa Moody's/AAA S&P	\$ 470,100,000	Senior Lien or Insured
Aaa Moody's	\$ 32,200,000	Over Collateralized
A2 Moody's/A S&P	\$ 43,185,000	Subordinate Bonds

\$191,205,000 of the Authority debt listed above bears a Weekly Rate and, in addition to the long-term ratings, also has short-term ratings by Moody's (VMIG-1) and S&P (A-1+ or A-1).

We meet our temporary funding requirements through a revolving warehouse line of credit provided by commercial banks. The commitment amount of the line of credit is \$85,000,000. Advances on the commitment are available in multiple draws as needed by us. The commitment currently expires on November 30, 2005, subject to annual extensions with the approval of the credit providers. The line of credit is not rated by a credit rating agency.

We lease certain facilities and equipment under non-cancelable operating leases that expire at various dates through 2007. The future minimum rental payments under these leases for the next five fiscal years after June 30, 2003 totaled approximately \$1,180,200. There have been no new non-cancelable leases entered into since July 1, 2003.

We have no capitalized lease obligations. In addition, we have no off-balance sheet financings.

The characteristics of the various outstanding taxable and tax-exempt debt obligations at June 30 of the Fiscal Years indicated below are itemized in the Graphs and Tables on the following pages. The Graphs and Tables do *not* include the tax-exempt \$40,625,000 Senior Auction Rate Bonds, Series 2004A-1 due December 1, 2033 that are offered by this Official Statement.

Other Financed Eligible Loan Characteristics

- A. ***Borrower Incentive Loan Programs.*** Substantially all of the Eligible Loans (except Consolidation Loans) financed with the proceeds of the Previously Issued Bonds and Notes and the Series 2004A-1 Bonds are eligible for the Authority's TOPTM Interest Rate Reduction program. Further, it is anticipated that substantially all of the Eligible Loans (except Consolidation Loans) first disbursed on or after July 1, 2001 will be eligible for the Authority's TOP Principal Reduction program.

TOP is the identifying trademark name of the Authority's behavioral incentive loan program for Stafford and PLUS loan borrowers in repayment. The TOP Interest Rate Reduction applies to Stafford and PLUS borrowers that make timely payments and qualify for a subsequent interest rate discount of 1.50% on their education loans held by the Authority. In order to be eligible for TOP Interest Rate Reduction: (1) a Stafford or PLUS education loan must have been, with certain exceptions, first disbursed on or after July 1, 1996; and (2) an eligible borrower must make timely their first twelve consecutive payments of principal and interest. Once achieved, the TOP interest rate reduction is permanent.

TOP Principal Reduction is a further enhancement to the Authority's behavioral incentive loan program for Stafford and PLUS borrowers in repayment. Eligible Stafford and PLUS borrowers that make timely payments qualify for a non-recurring reduction of 1.00% of the eligible principal amount. In order to be eligible for TOP Principal Reduction: (1) a Stafford or PLUS education loan, with certain exceptions, must have been first disbursed on or after July 1, 2001; and (2) an eligible borrower must make timely their first three consecutive payments of principal and interest.

Borrowers of certain Consolidation Loans are eligible for the Authority's Reduction of Eligible Account Principal (REAP) incentive program. Eligible Consolidation Loan borrowers that make timely payments qualify for a non-recurring reduction of 1.00% of the eligible principal amount. In order to be eligible for the REAP program: (1) a Consolidation Loan must have been first disbursed on or after July 1, 2003; and (2) an eligible borrower must make timely their first six consecutive payments of principal and interest.

- B. ***Recycling.*** Recycling is available for moneys received until July 1, 2006 with respect to Eligible Loans acquired with the proceeds of the Previously Issued Bonds and Notes and the Series 2004A-1 Bonds. The date of the end of the Recycling Period may be extended with a confirmation of the Ratings.
- C. ***OSLA EZ-Pay.*** The Authority reduces borrowers' interest rates by 0.33% if they arrange to make their loan payments through an automatic debit of their checking or savings accounts.
- D. ***Premiums.*** Generally, we paid, or will pay, premiums for the Eligible Loans in the Trust Estate that are:

- in the existing portfolio;
- to be acquired with the proceeds of the Series 2004A-1 Bonds; and
- to be acquired through Recycling.

The premiums paid vary according to the type of loan, the loan status, the average borrower indebtedness and the source of acquisition.

Premiums are amounts in excess of the amount of the current principal balance outstanding on the Eligible Loan. Premiums reduce the effective yield of the loan portfolio and as a result the amount of asset coverage that otherwise would occur.

See APPENDIX E — “SUMMARY OF CERTAIN PROVISIONS OF THE FEDERAL FAMILY EDUCATION LOAN PROGRAM” for a description of various terms and provisions relating to the guaranteed education loans that comprise the Eligible Loans to be held under the Master Bond Resolution, as Supplemented.

GENERAL DESCRIPTION OF THE STATE GUARANTEE AGENCY

General

The State Regents, acting as the State Guarantee Agency, operate the Oklahoma Guaranteed Student Loan Program. The State Guarantee Agency has been in operation in Oklahoma since November 1965. It administers the Guarantee Fund to guarantee FFEL Program education loans made to students who attend approved universities, colleges, vocational education or trade schools.

At Federal Fiscal Years ended September 30, 2003 and 2002, FFEL Program loans made by various eligible lenders and guaranteed by the State Guarantee Agency were outstanding in the total principal amount of approximately \$2.8 billion and \$2.6 billion, respectively.

There are approximately 77 schools in Oklahoma and 83 eligible lenders actively participating in the State Guarantee Agency program.

State Guarantee Agency Administration

The State Regents appoint a chief executive officer, the Chancellor of Higher Education. The present Chancellor is Dr. Paul G. Risser. Mary Mowdy is the Executive Director of the State Guarantee Agency. The State Guarantee Agency employs approximately 143 full time equivalent employees.

The offices of the State Guarantee Agency are located at 421 N.W. 13th Street, Oklahoma City, Oklahoma 73103; Telephone (405) 234-4300.

Electronic Data Processing Support

The State Guarantee Agency uses an integrated software system and data processing facilities for administering education loans that is provided pursuant to an agreement between the State Regents and Sallie Mae Servicing L.P. dated September 7, 1989, as amended and extended to December 31, 2005.

This software system is operated from terminals controlled by the State Guarantee Agency and connected to Sallie Mae's system. The system provides for loan application processing, guarantee fee billings to lenders, loan status management, pre-claims assistance, claims processing, post claims operations (including reinsurance claims to the USDE) and reporting.

During the past five federal fiscal years, the loan principal volume guaranteed by the State Guarantee Agency was as shown on the following table:

Trigger Rate

Reimbursements by USDE of claims paid by the State Guarantee Agency are subject to a sliding scale from 95% to 100%, depending on the date of first disbursement, if the State Guarantee Agency’s “trigger rate” is below 5.0%. USDE reimbursements can decrease to 75% to 90% if the

rate is 5.0% or greater. During the past five federal fiscal years, the trigger rate for the State Guarantee Agency has been as shown on the following table:

Trigger Rate of the State Guarantee Agency

<u>Federal Fiscal Year Ended 9/30</u>	<u>Trigger Numerator</u>	<u>Trigger Denominator</u>	<u>Rate</u>
2003	\$58,090,002	\$1,819,009,603	3.19%

1999	35,776,314	1,228,540,686	2.91

The State Guarantee Agency is responsible as a co-insurer in each federal fiscal year for the difference between the claim amount paid to eligible lenders and the Secretary's reimbursement under the trigger rate formula.

Reserve Ratio

On an accrual basis of accounting, based on the balance sheet items of allowance for default claims, deferred guarantee fees and restricted fund balance, the reserve ratio for the State Guarantee Agency for the past five Fiscal Years ended June 30 was as shown in the Table below:

Reserve Ratio of the State Guarantee Agency

<u>Fiscal Year Ended June 30</u>	<u>Reserve Ratio</u>	<u>Required Reserve Ratio</u>
2003	0.43%	0.25%
2002	0.66	0.25
2001	0.83	0.25
2000	0.84	0.25
1999	1.18	0.25

Waiver of Guarantee Fees

Guarantee Agencies are allowed to collect a Guarantee fee from borrowers for up to one per cent of the student loan amount disbursed by Eligible Lenders. Generally, Guarantee Agencies have waived this fee for the past several years. The State Guarantee Agency began waiving the fee for loans disbursed on or after July 1, 2001.

The effect of these fee waivers generally is to reduce the amounts in the Federal Reserve Fund and lower the Reserve Ratio. Recently, some Guarantee Agencies announced plans to reinstate the Guarantee fee charged beginning in April 2004. The State Guarantee Agency has not decided whether or not it will reinstate the fee.

Default Rates and Collections

The gross and net (after collections) default rates for the State Guarantee Agency during the last five federal fiscal years have been as shown in the following table:

Default Rates Regarding the State Guarantee Agency

	Federal Fiscal Year Ended <u>9/30/2003</u>	Federal Fiscal Year Ended <u>9/30/2002</u>	Federal Fiscal Year Ended <u>9/30/2001</u>	Federal Fiscal Year Ended <u>9/30/2000</u>	Federal Fiscal Year Ended <u>9/30/1999</u>
Gross Default Rate	21.3%	20.3%	19.2%	18.2%	19.0%
Net Default Rate after Collections	8.1%	8.2%	8.2%	8.2%	9.7%

The Higher Education Amendments of 1998 reduced guarantee agencies' retention rate on collection recoveries from 27% to 24%. A further reduction to a 23% retention on collection recoveries became effective October 1, 2003. In addition, pursuant to the Secretary's interpretation of the Higher Education Act, the retention rate paid by the Secretary on defaulted loans that are paid by the making of a Federal Consolidation Loan is 18.5%.

Pending State Legislation and Litigation

There is no State legislative action pending or proposed with respect to the State Guarantee Agency or the Guarantee Fund.

There is no currently pending or, to the knowledge of the State Regents, threatened legal proceeding with respect to the State Guarantee Agency and the Guarantee Fund except for defaulted loan collection recovery efforts in normal course of operations.

Status of Federal Matters

Regulations provide that a guarantee agency paying a claim more than 90 days after submission, cannot file with USDE for reinsurance. The regulations have had no adverse effect on the reserve fund status of the State Guarantee Agency.

Certain Federal Reserve Fund amounts were subject to recall by the Secretary on September 1, 2002. These amounts had been provided for by the State Guarantee Agency over a four-year period. As of September 1, 2002, the State Guarantee Agency met its combined recall obligation of approximately \$5,050,000.

No further recall is due until September 1, 2006, but the State Guarantee Agency is making ongoing annual provisions to meet the recall amount that would be due on September 1, 2006.

The USDE routinely conducts regular guarantor reviews or audits of guarantee agencies, such as the State Guarantee Agency, for compliance with various aspects of the Higher Education Act. The State Guarantee Agency underwent a comprehensive review in September, 2003. The State Guarantee Agency has not received a written report on this review from USDE yet. However, no material issues were expressed in the exit conference.

General

Title IV, Part B of the Higher Education Act provides for several different educational loan programs with respect to the Federal Family Education Loan Program. Under the FFEL Program, state agencies or private nonprofit corporation guarantors are reimbursed for portions of losses sustained in connection with FFEL Program loans. In addition, holders of certain loans made under the FFEL Program are paid subsidies for owning such loans.

The Higher Education Act has been subject to frequent amendments, including several amendments that have changed the terms of, and eligibility requirements for, FFEL Program loans and is scheduled for Reauthorization in calendar year 2004. Generally, this Official Statement describes only the provisions of the FFEL Program that apply to loans made on or after July 1, 1998.

FAFSA

Application for federal student financial assistance is made with a Free Application for Federal Student Aid (“*FAFSA*”). The FAFSA is processed by a federal government contractor. The information in the FAFSA is used with a standard federal formula to calculate the Expected Family Contribution (“*EFC*”), or amount that a family (including the student) is expected to contribute from their income and assets toward the cost of education.

Needs Analysis

The financial aid office of an eligible institution deducts the EFC from the Cost of Attendance (“*COA*”) at that institution to make a financial needs analysis for determining eligibility for some form of student financial assistance, including education loans.

The eligible educational institution has to certify, among other things, the student’s eligibility, loan amounts, enrollment and loan disbursement schedule.

“*Eligible Institutions*” include higher educational institutions and vocational schools that comply with certain federal regulations. With certain exceptions, an institution with a cohort (composite) default rate that is higher than certain specified thresholds in the Higher Education Act is not an Eligible Institution.

Federal Family Education Loans

Several types of loans are authorized currently as Federal Family Education Loans pursuant to the FFEL Program. These include:

- “*Subsidized Stafford Loans*” to students meeting certain financial needs tests with respect to which the federal government makes interest payments available to reduce student interest cost during periods of enrollment;
- “*Unsubsidized Stafford Loans*” to students made without regard to financial need with respect to which the federal government does not make such interest payments;
- “*Parent Loans for Undergraduate Students*”, or “*PLUS*” loans made to parents of dependent students; and
- “*Consolidation Loans*” or “*Federal Consolidation Loans*” available to borrowers with certain existing federal educational loans to consolidate repayment of such loans.

Together, Subsidized Stafford Loans and Unsubsidized Stafford Loans are referred to herein as “*Stafford Loans*”.

Generally, a loan may be made only to a United States citizen or national or otherwise eligible individual under federal regulations who:

- has been accepted for enrollment or is enrolled and is maintaining satisfactory progress at an Eligible Institution;
- is carrying at least one-half of the normal full-time academic workload for the course of study the student is pursuing, as determined by such institution;
- has agreed to notify promptly the holder of the loan of any address change; and
- meets the applicable “need” requirements.

Subsidized Stafford Loans

The Higher Education Act provides for federal (a) insurance or reinsurance of eligible Subsidized Stafford Loans, (b) Interest Benefit Payments to eligible lenders with respect to certain eligible Subsidized Stafford Loans, and (c) Special Allowance Payments representing an additional subsidy paid by the Secretary to holders of eligible Subsidized Stafford Loans.

Subsidized Stafford Loans are eligible for reinsurance under the Higher Education Act if the eligible student to whom the loan is made has been accepted or is enrolled in good standing at an eligible institution of higher education or vocational school and is carrying at least one-half the normal full-time workload at that institution. In connection with eligible Subsidized Stafford Loans there are limits as to the maximum amount which may be borrowed for an academic year and in the aggregate for both undergraduate and graduate/professional study. The Secretary has discretion to raise these limits to accommodate students undertaking specialized training requiring exceptionally high costs of education.

Subject to these limits, Subsidized Stafford Loans are available to borrowers in amounts not exceeding their unmet need for financing as provided in the Higher Education Act. Provisions addressing the implementation of need analysis and the relationship between unmet need for financing and the availability of Subsidized Stafford Loan funding have been the subject of frequent and extensive amendment in recent years. There can be no assurance that further amendment to such provisions will not materially affect the availability of Subsidized Stafford Loan funding to borrowers or the availability of Subsidized Stafford Loans for secondary market acquisition.

Unsubsidized Stafford Loans

Unsubsidized Stafford Loans are available for students who do not qualify for Subsidized Stafford Loans due to parental and/or student income or assets in excess of permitted amounts. In other respects, the general requirements for Unsubsidized Stafford Loans are essentially the same as those for Subsidized Stafford Loans. The interest rate, the annual loan limits, the loan fee requirements and the Special Allowance Payment provisions of the Unsubsidized Stafford Loans are the same as the Subsidized Stafford Loans. However, the terms of the Unsubsidized Stafford Loans differ materially from Subsidized Stafford Loans in that the Secretary does not make Interest Benefit Payments and the loan limitations are determined without respect to the expected family contribution. The borrower is responsible for the interest from the time such loan is disbursed. However, the borrower may pay or capitalize the interest until repayment begins.

PLUS Loans

The Higher Education Act authorizes PLUS Loans to be made to parents of eligible dependent students. Only parents who do not have an adverse credit history are eligible for PLUS Loans. The basic provisions applicable to PLUS Loans are similar to those of Stafford Loans with respect to the involvement of guarantors and the Secretary in providing federal reinsurance on the loans. However, PLUS Loans differ significantly from Subsidized Stafford Loans, particularly because federal Interest Benefit Payments are not available under the PLUS Program and Special Allowance Payments are more restricted.

Federal Consolidation Loans

The Higher Education Act authorizes a program under which certain borrowers may consolidate their various student loans into a single loan insured and reinsured on a basis similar to Subsidized Stafford Loans. Consolidation Loans may be made in an amount sufficient to pay outstanding principal, unpaid interest and late charges on certain federally insured or reinsured student loans incurred under the FFEL Program (other than PLUS Loans made to “parent borrowers”) selected by the borrower, as well as loans made pursuant to the Perkins (formally, the National Direct Student Loan) Loan Program, the Health Professional Student Loan Programs and the William D. Ford Federal Direct Loan Program (the “*Direct Loan Program*”).

The borrowers may be either in repayment status or in a grace period preceding repayment. Delinquent or defaulted borrowers are eligible to obtain Consolidation Loans if they agree to re-enter repayment through loan consolidation. Borrowers may add additional loans to a Consolidation Loan during the 180-day period following origination of the Consolidation Loan. Further, a married couple who agrees to be jointly and severally liable is to be treated as one borrower for purposes of loan consolidation eligibility. A Consolidation Loan will be federally insured or reinsured only if such loan is made in compliance with requirements of the Higher Education Act.

In the event that a borrower is unable to obtain a Consolidation Loan with income sensitive repayment terms acceptable to the borrower from the holders of the borrower’s outstanding loans (that are selected for consolidation), or from any other eligible lender, the Higher Education Act authorizes the Secretary to offer the borrower a Direct Consolidation Loan with income contingent terms under the Direct Loan Program. Such Direct Consolidation Loans must be repaid either pursuant to income contingent repayment or any other repayment provision under the authorizing section of the Higher Education Act.

Master Promissory Notes (MPN)

Beginning in July of 2000, all lenders were required to use a master promissory note (the “*MPN*”) for new Stafford Loans. The MPN permits a borrower to obtain future loans without the necessity of executing a new promissory note.

Borrowers are not required to obtain all of their future loans from their original lender. However, if a borrower obtains a loan from a lender which does not presently hold an MPN for the borrower, that borrower will be required to executed a new MPN. Consequently, a single borrower may have several MPNs evidencing loans to multiple lenders.

If multiple loans have been advanced pursuant to a single MPN, any or all of those loans may be individually sold by the holder of the MPN to one or more different secondary market purchases, such as the Authority.

Loan Interest Rates

Subsidized and Unsubsidized Stafford Loans made after October 1, 1998 which are in in-school, grace and deferment periods bear interest at a rate equivalent to the 91-day T-Bill rate plus 1.7%, with a maximum rate of 8.25%. The Higher Education Act currently provides that for Subsidized and Unsubsidized Stafford Loans made on or after July 1, 2006, the interest rate will be equal to 6.8% per annum and for PLUS Loans made on or after July 1, 2006, the interest rate will be equal to 7.9% per annum. Subsidized Stafford Loans and Unsubsidized Stafford Loans in all other periods bear interest at a rate equivalent to the 91-day T-Bill rate plus 2.3%, with a maximum rate of 8.25%. The rate is adjusted annually on July 1.

PLUS Loans bear interest at a rate equivalent to the 91-day T-Bill rate plus 3.1%, with a maximum rate of 9%.

Consolidation Loans for which the application was received by an eligible lender on or after October 1, 1998, bear interest at a rate equal to the weighted average of the loans consolidated, rounded to the nearest higher one-eighth of 1%, with a maximum rate of 8.25%.

Loan Limits

The Higher Education Act requires that Subsidized and Unsubsidized Stafford Loans made to cover multiple enrollment periods, such as a semester, trimester or quarter be disbursed by eligible lenders in at least two separate disbursements. A Stafford Loan borrower may receive a subsidized loan, an unsubsidized loan, or a combination of both for an academic period. Generally, the maximum amount of a Stafford Loan for an academic year is as set forth in the Table below.

<u>Stafford Loans</u>	<u>Maximum Loan Amount</u>
<i>First Year Undergraduate</i>	
Base Stafford Eligibility	\$ 2,625
Additional Unsubsidized Stafford Eligibility	\$ 4,000
<i>Second Year Undergraduate</i>	
Base Stafford Eligibility	\$ 3,500

(Subsidized and Unsubsidized) Additional Unsubsidized Stafford Eligibility	\$ 4,000
<i>Third, Fourth, and Fifth Year</i>	
Base Stafford Eligibility	\$ 5,500
(Subsidized and Unsubsidized) Additional Unsubsidized Stafford Eligibility	\$ 5,000
<i>Graduate & Professional Students</i>	
Subsidized Stafford Eligibility	\$ 8,500
Unsubsidized Stafford Eligibility	\$10,000

Generally, the total debt a student borrower can have outstanding from all Stafford Loans combined is:

- \$23,000 as a dependent undergraduate student
- \$46,000 as an independent undergraduate student (only \$23,000 of this amount may be in Subsidized Stafford Loans)
- \$138,500 as a graduate or professional student, including any Stafford Loans received for undergraduate study (\$65,000 of this amount may be in Subsidized Stafford Loans)

The Secretary has discretion to raise these limits by regulation to accommodate highly specialized or exceptionally expensive courses of study. For example, certain medical students may now borrow up to \$46,000 per academic year, with a maximum aggregate limit of \$189,125.

The total amount of all PLUS Loans that parents may borrow on behalf of each dependent student for any academic year may not exceed the student's COA minus other estimated financial assistance for that student.

Repayment

Repayment of principal on a Stafford Loan does not commence while a student remains a qualified student, but generally begins not more than six months after the borrower ceases to pursue at least a half-time course of study. That six month period is known as the "*Grace Period*". Grace Periods may be waived by borrowers.

Repayment of interest on an Unsubsidized Stafford Loan begins immediately upon disbursement of the loan. However the lender may capitalize the interest until repayment of principal is scheduled to begin. Except for certain borrowers as described below, each loan generally must be scheduled for repayment over a period of not more than ten years after the commencement of repayment. The Higher Education Act currently requires minimum annual payments of \$600, including principal and interest, unless the borrower and the lender agree to lesser payments; in instances in which a borrower and spouse both have such loans outstanding, the total combined payments for such a couple may not be less than \$600 per year. Regulations of the Secretary require lenders to offer standard, graduated or income-sensitive repayment schedules to

borrowers. Use of income sensitive repayment plans may extend the ten-year maximum term for up to five years.

PLUS Loans enter repayment on the date the last disbursement is made on the loan. Interest accrues and is due and payable from the date of the first disbursement of the loan. The first payment is due within 60 days after the loan is fully disbursed. Repayment plans are the same as in the Subsidized and Unsubsidized Stafford Loan Program.

Consolidation Loans enter repayment on the date the loan is disbursed. The first payment is due within 60 days after that date. Consolidation Loans must be repaid during a period agreed to by the borrower and lender, subject to maximum repayment periods which vary depending upon the principal amount of the borrower's outstanding student loans, as follows:

\$ 4,000	but less than	\$ 7,500	10 years
\$ 7,500	but less than	\$10,000	12 years
\$10,000	but less than	\$20,000	15 years
\$20,000	but less than	\$40,000	20 years
\$40,000	but less than	\$60,000	25 years
\$60,000	or more		30 years

New borrowers on or after October 7, 1998 who accumulate outstanding FFEL Program Loans totaling more than \$30,000 may receive an extended repayment schedule, with a standard or graduated payment amount paid over a longer period of time, not to exceed 25 years. A borrower may accelerate principal payments at any time without penalty. Once a repayment plan is established, the borrower may annually change the selection of the plan.

No principal repayments need to be made during certain periods prescribed by the Higher Education Act ("*Deferment Periods*") but interest accrues and must be paid. Deferment periods extend the maximum repayment periods. Generally, Deferment Periods include periods:

- when the borrower has returned to an eligible educational institution on a half-time basis or is pursuing studies pursuant to an approved graduate fellowship or rehabilitation training program;
- not exceeding three years while the borrower is seeking and unable to find full-time employment; and
- not in excess of three years for any reason which the lender determines, in accordance with regulations, has caused or will cause the borrower economic hardship.

Under certain circumstances, a lender may also allow periods of forbearance ("*Forbearance*") during which the borrower may postpone payments because of temporary financial hardship. The Higher Education Act specifies certain periods during which Forbearance is mandatory. Mandatory Forbearance periods exist when the borrower is impacted by a national emergency, military mobilization, or when the geographical area in which the borrower resides or works is declared a disaster area.

Other mandatory periods include periods during which the borrower is (i) participating in a medical or dental residency and is not eligible for deferment; (ii) serving in a qualified medical or dental internship program or certain national service programs; or (iii) determined to have a debt burden of certain federal loans equal to or exceeding 20% of the borrower's gross income. In other circumstances, Forbearance may be granted at the lender's option. Forbearance also extends the maximum repayment periods.

Interest Benefit Payments

The Secretary is to pay interest on Subsidized Stafford Loans while the student is in school as a qualified student, during a Grace Period or during certain Deferment Periods. In addition, those portions of Consolidation Loans that repay Subsidized Stafford Loans or similar subsidized loans made under the Direct Loan Program are eligible for Interest Benefit Payments. The Secretary is required to make Interest Benefit Payments to the holder of Subsidized Stafford Loans in the amount of interest accruing on the unpaid balance thereof prior to the commencement of repayment or during any Deferment Period.

The Higher Education Act provides that the holder of an eligible Subsidized Stafford Loan, or the eligible portions of Consolidation Loans, is deemed to have a contractual right against the United States to receive Interest Benefit Payments in accordance with its provisions.

Special Allowance Payments

The Higher Education Act provides for Special Allowance Payments to be made by the Secretary to eligible lenders. The rates for Special Allowance Payments are based on formulae that differ according to the type of loan, the date the loan was first disbursed, the interest rate and the type of funds used to finance such loan (tax-exempt or taxable). Loans made or purchased with funds obtained by the holder from the issuance of tax-exempt obligations issued prior to October 1, 1993 have an effective minimum rate of return of 9.5%. The Special Allowance Payments payable with respect to eligible loans acquired or funded with the proceeds of tax-exempt obligations issued after September 30, 1993 are equal to those paid to other lenders.

Subject to the foregoing, the formulae for special allowance payment rates for Stafford and Unsubsidized Stafford Loans are summarized in the following chart. The term "T-Bill" as used in this table and the following table, means the average 91-day Treasury bill rate calculated as a "bond equivalent rate" in the manner applied by the Secretary as referred to in Section 438 of the Higher Education Act. The term "3 Month Commercial Paper Rate" means the 90-day commercial paper index calculated quarterly and based on an average of the daily 90-day commercial paper rates reported in the Federal Reserve's Statistical Release H-15.

<u>Date of Loans</u>	<u>Annualized SAP Rate</u>
On or after October 1, 1992	T-Bill Rate less Applicable Interest Rate + 3.1%
On or after July 1, 1995	T-Bill Rate less Applicable Interest Rate + 3.1% ¹
On or after July 1, 1998	T-Bill Rate less Applicable Interest Rate + 2.8% ²
On or after January 1, 2000	3 Month Commercial Paper Rate less Applicable Interest Rate + 2.34% ³

¹ Substitute 2.5% in this formula while such loans are in the In-School or Grace period.

² Substitute 2.2% in this formula while such loans are in the In-School or Grace period.

³ Substitute 1.74% in this formula while such loans are in the In-School or Grace period.

The formula for Special Allowance Payment rates for PLUS and Consolidation Loans are as follows:

<u>Date of Loans</u>	<u>Annualized SAP Rate</u>
On or after October 1, 1992	T-Bill Rate less Applicable Interest Rate + 3.1%
On or after January 1, 2000	3 Month Commercial Paper Rate less Applicable Interest Rate + 2.64%

However, if PLUS loans bearing an annual variable rate have an interest rate that is less than the maximum, or “cap”, rate that can be charged to the borrower, *no* Special Allowance is paid during that annual period.

Special Allowance Payments are generally payable, with respect to variable rate FFELP Loans to which a maximum borrower interest rate applies, only when the maximum borrower interest rate is in effect. The Secretary offsets Interest Benefit Payments and Special Allowance Payments by the amount of Origination Fees and Lender Loan Fees described in the following section.

The Higher Education Act provides that a holder of a qualifying loan who is entitled to receive Special Allowance Payments has a contractual right against the United States to receive those payments during the life of the loan. Receipt of Special Allowance Payments, however, is conditioned on the eligibility of the loan for federal insurance or reinsurance benefits. Such eligibility may be lost due to violations of federal regulations or guarantee agency requirements.

Loan Fees

Insurance Premium. A guarantee agency is authorized to charge a premium, or guarantee fee, of up to 1% of the principal amount of the loan. The guarantee fee may be deducted proportionately from each installment of the loan. Generally, guarantee agencies have waived this fee since 1999.

Origination Fee. The lender is required to pay to the Secretary an origination fee equal to 3% of the principal amount of each Subsidized and Unsubsidized Stafford and PLUS Loan. The lender may charge these fees to the borrower by deducting them proportionately from each disbursement of the loan proceeds.

Lender Loan Fee. The lender of any FFEL Loan is required to pay to the Secretary an additional origination fee equal to 0.5% of the principal amount of the loan. The lender may *not* charge the lender loan fee to the borrower.

The Secretary collects from the lender or subsequent holder the maximum origination fee authorized (regardless of whether the lender actually charges the borrower) and the lender loan fee, either through reductions in Interest Benefit Payments or Special Allowance Payments or directly from the lender or holder.

Rebate Fee on Consolidation Loans. The holder of any Consolidation Loan is required to pay to the Secretary a monthly fee equal to .0875% (1.05% per annum) of the principal amount of, plus accrued interest, on the loan.

Insurance and Guarantees

A Federal Family Education Loan is considered to be in default for purposes of the Higher Education Act when the borrower fails to make an installment payment when due, or to comply with other terms of the loan, and if the failure persists for 270 days in the case of a loan repayable in monthly installments or for 330 days in the case of a loan repayable in less frequent installments. If the loan is guaranteed by a guarantor in accordance with the provisions of the Higher Education Act, the guarantor is to pay the holder a percentage of such amount of the loss subject to reduction as described in the following paragraphs within 90 days of notification of such default.

Federal Insurance

The Higher Education Act provides that, subject to compliance with the Higher Education Act, the full faith and credit of the United States is pledged to the payment of insurance claims and ensures that such reimbursements are not subject to reduction. In addition, the Higher Education Act provides that if a guarantor is unable to meet its insurance obligations, holders of loans may submit insurance claims directly to the Secretary until such time as the obligations are transferred to a new guarantor capable of meeting such obligations or until a successor guarantor assumes such obligations. Federal reimbursement and insurance payments for defaulted loans are paid from the Student Loan Insurance Fund established under the Higher Education Act. The Secretary is authorized, to the extent provided in advance by appropriations acts, to issue obligations to the Secretary of the Treasury to provide funds to make such federal payments.

Guarantees

If the loan is guaranteed by a guarantor in accordance with the provisions of the Higher Education Act, the eligible lender is reimbursed by the guarantor for a statutorily-set percentage (98%) of the unpaid principal balance of the loan plus accrued unpaid interest on any loan defaulted so long as the eligible lender has properly serviced such loan. Under the Higher Education Act, the Secretary enters into a guarantee agreement and a reinsurance agreement (the “*Federal Agreements*”) with each guarantor which provides for federal reimbursement for amounts paid to eligible lenders by the guarantor with respect to defaulted loans.

Federal Agreements. Pursuant to the Federal Agreements, the Secretary is to reimburse a guarantor for the amounts expended in connection with a claim resulting from the death, bankruptcy or total and permanent disability of a borrower, the death of a student whose parent is the borrower of a PLUS Loan, certain claims by borrowers who are unable to complete the programs in which they are enrolled due to school closure, borrowers whose borrowing eligibility was falsely certified by the eligible institution, or the amount of an unpaid refund due from the school to the lender in the event the school fails to make a required refund. Such claims are not included in calculating a guarantor’s claims rate experience for federal reimbursement purposes. Generally, educational loans are non-dischargeable in bankruptcy unless the bankruptcy court determines that the debt will impose an undue hardship on the borrower and the borrower’s dependents. Further, the Secretary is to reimburse a guarantor for any amounts paid to satisfy claims not resulting from death, bankruptcy, or disability subject to reduction as described below.

The Secretary may terminate Federal Agreements if the Secretary determines that termination is necessary to protect the federal financial interest or to ensure the continued availability of loans to student or parent borrowers. Upon termination of such agreements, the Secretary is authorized to provide the guarantor with additional advance funds with such restrictions on the use of such funds as is determined appropriate by the Secretary, in order to meet the immediate cash needs of the guarantor, ensure the uninterrupted payment of claims, or ensure that the guarantor will make loans as the lender-of-last-resort.

If the Secretary has terminated or is seeking to terminate Federal Agreements, or has assumed a guarantor’s functions, notwithstanding any other provision of law: (a) no state court may issue an order affecting the Secretary’s actions with respect to that guarantor; (b) any contract entered into by the guarantor with respect to the administration of the guarantor’s reserve funds or assets acquired with reserve funds shall provide that the contract is terminable by the Secretary upon 30 days notice to the contracting parties if the Secretary determines that such contract includes an impermissible transfer of funds or assets or is inconsistent with the terms or purposes of the Higher Education Act; and (c) no provision of state law shall apply to the actions of the Secretary in terminating the operations of the guarantor. Finally, notwithstanding any other provision of law, the Secretary’s liability for any outstanding liabilities of a guarantor (other than outstanding student loan guarantees under the Higher Education Act), the functions of which the Secretary has assumed, shall not exceed the fair market value of the reserves of the guarantor, minus any necessary liquidation or other administrative costs.

Reimbursement. The amount of a reimbursement payment on defaulted loans made by the Secretary to a guarantor is subject to reduction based upon the annual claims rate of the guarantor calculated to equal the amount of federal reimbursement as a percentage of the original principal amount of originated or guaranteed loans in repayment on the last day of the prior fiscal year. The claims experience is not accumulated from year to year, but is determined solely on the basis of claims in any one federal fiscal year compared with the original principal amount of loans in repayment at the beginning of that year. The formula for reimbursement amounts is summarized below:

Claims Rate	Guarantor Reinsurance Rate for Loans made prior to October 1, 1993	Guarantor Reinsurance Rate for Loans made between October 1, 1993 and September 30, 1998	Guarantor Reinsurance Rate for Loans made on or after October 1, 1998 ¹
0% up to 5%	100%	98%	95%
5% up to 9%	100% of claims up to 5%; and 90% of claims 5% and over	98% of claims up to 5%; and 88% of claims 5% and over	95% of claims up to 5%; and 85% of claims 5% and over
9% and over	100% of claims up to 5%; 90% of claims 5% up to 9%; 80% of claims 9% and over	98% of claims up to 5%; 88% of claims 5% up to 9%; 78% of claims 9% and over	95% of claims up to 5%; 85% of claims 5% up to 9%; 75% of claims 9% and over

¹ Other than student loans made pursuant to the Lender of Last Resort program or student loans transferred by an insolvent guarantor as to which the amount of reinsurance is equal to 100%.

The original principal amount of loans guaranteed by a guarantor which are in repayment for purposes of computing reimbursement payments to a guarantor means the original principal amount of all loans guaranteed by a guarantor less: (a) guarantee payments on such loans, (b) the original principal amount of such loans that have been fully repaid, and (c) the original amount of such loans for which the first principal installment payment has not become due.

In addition, the Secretary may withhold reimbursement payments if a guarantor makes a material misrepresentation or fails to comply with the terms of its agreements with the Secretary or applicable federal law. A supplemental guarantee agreement is subject to annual renegotiation and to termination for cause by the Secretary.

If a payment on a Federal Family Education Loan guaranteed by a guarantor is received after reimbursement by the Secretary, the Secretary is entitled to receive an equitable share of the payment. Guarantor retentions remaining after payment of the Secretary's equitable share on such collections on consolidations of defaulted loans were reduced to 18.5% from 27% effective July 1, 1997 and for other loans were reduced from 27% to 24% (23% effective October 1, 2003).

Lender Agreements. Pursuant to most typical agreements for guarantee between a guarantor and the originator of the loan, any eligible holder of a loan insured by such a guarantor is entitled to reimbursement from such guarantor of any proven loss incurred by the holder of the loan resulting

from default, death, permanent and total disability or bankruptcy of the student borrower at the rate of 98% of such loss (or, subject to certain limitations, 100% for loans made before October 1, 1993 that are in default). Guarantors generally deem default to mean a student borrower's failure to make an installment payment when due or to comply with other terms of a note or agreement under circumstances in which the holder of the loan may reasonably conclude that the student borrower no longer intends to honor the repayment obligation and for which the failure persists for 270 days in the case of a loan payable in monthly installments or for 330 days in the case of a loan payable in less frequent installments.

When a loan becomes at least 60 days past due, the holder is required to request default aversion assistance from the applicable guarantor to attempt to cure the delinquency. When a loan becomes 240 days past due, the holder is required to make a final demand for payment of the loan by the borrower. The holder is required to continue collection efforts until the loan is 270 days past due. At the time of payment of insurance benefits, the holder must assign to the applicable guarantor all right accruing to the holder under the note evidencing the loan. The Higher Education Act prohibits a guarantor from filing a claim for reimbursement with respect to losses prior to 270 days after the loan becomes delinquent with respect to any installment thereon.

Any holder of a loan is required to exercise due care and diligence in the servicing of the loan and to utilize practices which are at least as extensive and forceful as those utilized by financial institutions in the collection of other consumer loans. If a guarantor has probable cause to believe that the holder has made misrepresentations or failed to comply with the terms of its agreement for guarantee, the guarantor may take reasonable action including withholding payments or requiring reimbursement of funds. The guarantor may also terminate the agreement for cause upon notice and hearing.

Guarantor Reserves

Each guarantor is required to establish a Federal Student Loan Reserve Fund (the "*Federal Fund*") which, together with any earnings thereon, are deemed to be property of the United States. Each guarantor is required to deposit into the Federal Fund any reserve funds plus reinsurance payments received from the Secretary, default collections, insurance premiums, 70% of payments received as administrative cost allowance and other receipts as specified in regulations.

A guarantor is authorized to transfer up to 180 days' cash expenses for normal operating expenses (other than claim payments) from the Federal Fund to the Operating Fund (described below) at any time during the first three years after establishment of the fund. The Federal Fund may be used to pay lender claims and to pay default aversion fees into the Operating Fund.

A guarantor is also required to establish an Operating Fund (the "*Operating Fund*"), which, except for funds transferred from the Federal Fund to meet operating expenses during the first three years after fund establishment, is the property of the guarantor. A guarantor may deposit into the Operating Fund:

- loan processing and issuance fees equal to 0.40% of the total principal amount of loans insured during the fiscal year;
- 30% of payments received after October 7, 1998 for the administrative cost allowance for loans insured prior to that date;
- up to 23% retention of collections on defaulted loans, which percentage varies depending on the type of loan collection;
- an Account Maintenance Fee, currently 0.10% of the original principal amount of outstanding loans based on quarterly billings to USDE; and
- other receipts as specified in regulations.

An Operating Fund must be used for application processing, loan disbursement, enrollment and repayment status management, default aversion, collection activities, compliance monitoring, and other student financial aid related activities.

The Higher Education Act provides for an additional recall of reserves from each Federal Fund, but also provide for certain minimum reserve levels which are protected from recall. The Secretary is authorized to enter into voluntary, flexible agreements with guarantors under which various statutory and regulatory provisions can be waived. In addition, under the Higher Education Act, the Secretary is prohibited from requiring the return of all of a guarantor's reserve funds unless the Secretary determines that the return of these funds is in the best interest of the operation of the FFEL Program, or to ensure the proper maintenance of such guarantor's funds or assets or the orderly termination of the guarantor's operations and the liquidation of its assets.

The Higher Education Act also authorizes the Secretary to direct a guarantor to:

- return to the Secretary all or a portion of its reserve fund that the Secretary determines is not needed to pay for the guarantor's program expenses and contingent liabilities; and
- cease any activities involving the expenditure, use or transfer of the guarantor's reserve funds or assets which the Secretary determines is a misapplication, misuse or improper expenditure.

Under current law, but commencing September 30, 2002, the Secretary will also be authorized to direct a guarantor to return to the Secretary all or a portion of its reserve fund that the Secretary determines is not needed to pay for the guarantor's program expenses and contingent liabilities.

Auctions

Auctions shall be conducted on each Auction Date. If there is an Auction Agent on such Auction Date, Auctions shall be conducted in the following manner.

(a) *Orders By Existing Owners and Potential Owners.*

(i) The communication to a Broker-Dealer of information referred to in clause (A) or (B) below is referred to as an “*Order*”. Prior to the Submission Deadline on each Auction Date:

(A) each Existing Owner of Series 2004A-1 Bonds may submit to a Broker-Dealer information as to:

(1) the principal amount of Outstanding Series 2004A-1 Bonds, if any, owned by such Existing Owner which such Existing Owner desires to continue to own without regard to the Auction Rate for the next succeeding Auction Period (an Order containing the information referred to in this clause (A) (1) is referred to as a “*Hold Order*”),

(2) the principal amount of Outstanding Series 2004A-1 Bonds, if any, which such Existing Owner offers to sell if the Auction Rate for the next succeeding Auction Period shall be less than the rate per annum specified by such Existing Owner (an Order containing the information referred to in this clause (A)(2) is referred to as a “*Bid*”), and/or

(3) the principal amount of Outstanding Series 2004A-1 Bonds, if any, owned by such Existing Owner which such Existing Owner offers to sell without regard to the Auction Rate for the next succeeding Auction Period (an Order containing the information referred to in this clause (A)(3) is referred to as a “*Sell Order*”), and

(B) one or more Broker-Dealers may contact Potential Owners to determine the principal amount of Series 2004A-1 Bonds which each such Potential Owner offers to purchase if the Auction Rate for the next succeeding Auction Period shall not be less than the rate per annum specified by the Potential Owner (an Order containing this information is a Bid).

Each Existing Owner and each Potential Owner placing an Order is hereinafter referred to as a “*Bidder*”.

(ii) (A) Subject to the provisions of subsection (b) below on submission by Broker-Dealers to the Auction Agent, a Bid by an Existing Owner shall constitute an irrevocable offer to sell:

(1) the principal amount of Outstanding Series 2004A-1 Bonds specified in such Bid if the Auction Rate determined shall be less than the rate specified in such Bid; or

(2) such principal amount, or a lesser principal amount, of Outstanding Series 2004A-1 Bonds to be determined as set forth in clause (D) of paragraph (i) of subsection (d) below, if the Auction Rate determined shall be equal to the rate specified in such Bid; or

(3) such principal amount, or a lesser principal amount, of Outstanding Series 2004A-1 Bonds to be determined as set forth in clause (C) of paragraph (ii) of subsection (d) below if the rate specified shall be higher than the Maximum Auction Rate and Sufficient Clearing Bids have not been made.

(B) Subject to the provisions of subsection (b) below on submission by Broker-Dealers to the Auction Agent, a Sell Order by an Existing Owner shall constitute an irrevocable offer to sell:

(1) the principal amount of Outstanding Series 2004A-1 Bonds specified in such Sell Order; or

(2) such principal amount, or a lesser principal amount of, Outstanding Series 2004A-1 Bonds as set forth in clause (C) of paragraph (ii) of subsection (d) below if Sufficient Clearing Bids have not been made.

(C) Subject to the provisions of subsection (b) below, a Bid by a Potential Owner shall constitute an irrevocable offer to purchase:

(1) the principal amount of Outstanding Series 2004A-1 Bonds specified in such Bid if the Auction Rate determined shall be higher than the rate specified in such Bid; or

(2) such principal amount, or a lesser principal amount, of Outstanding Series 2004A-1 Bonds as set forth in clause (E) of paragraph (i) of subsection (d) below if the Auction Rate determined shall be equal to the rate specified in such Bid.

(b) *Submission by Broker-Dealers to the Auction Agent.*

(i) Each Broker-Dealer shall submit in writing to the Auction Agent prior to the Submission Deadline on each Auction Date all Orders obtained by such Broker-Dealer and shall specify with respect to each such Order:

(A) the name of the Bidder placing such Order,

(B) the aggregate principal amount of Series 2004A-1 Bonds that are the subject of such Order,

(C) to the extent that such Bidder is an Existing Owner:

(1) the principal amount of Series 2004A-1 Bonds, if any, subject to any Hold Order placed by such Existing Owner;

(2) the principal amount of Series 2004A-1 Bonds, if any, subject to any Bid placed by such Existing Owner and the rate specified in such Bid; and

(3) the principal amount of Series 2004A-1 Bonds, if any, subject to any Sell Order placed by such Existing Owner; and

(D) to the extent such Bidder is a Potential Owner, the rate and amount specified in such Potential Owner's Bid.

(ii) If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next higher one-thousandth (.001) of 1%.

(iii) If an Order or Orders covering all Outstanding Series 2004A-1 Bonds held by an Existing Owner is not submitted to the Auction Agent prior to the Submission Deadline, the Auction Agent shall deem a Hold Order to have been submitted on behalf of such

Existing Owner covering the principal amount of Outstanding Series 2004A-1 Bonds owned by such Existing Owner and not subject to an Order submitted to the Auction Agent.

(iv) None of the Authority, the Series 2004A-1 Trustee or the Auction Agent shall be responsible for any failure of a Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Owner or Potential Owner.

(v) If any Existing Owner submits through a Broker-Dealer to the Auction Agent one or more Orders covering in the aggregate more than the principal amount of Outstanding Series 2004A-1 Bonds owned by such Existing Owner, such Order shall be considered valid as follows and in the following order of priority:

(A) all Hold Orders shall be considered valid, but only up to and including the aggregate principal amount of Series 2004A-1 Bonds owned by such Existing Owner, and if the aggregate principal amount of Series 2004A-1 Bonds subject to such Hold Orders exceeds the aggregate principal amount of Outstanding Series 2004A-1 Bonds owned by such Existing Owner, the aggregate principal amount of Series 2004A-1 Bonds subject to each such Hold Order shall be reduced pro rata so that the aggregate principal amount of Series 2004A-1 Bonds subject to such Hold Order equals the aggregate principal amount of Outstanding Series 2004A-1 Bonds owned by such Existing Owner.

(B) (1) any Bid shall be considered valid up to and including an amount equal to the excess of the principal amount of Outstanding Series 2004A-1 Bonds owned by such Existing Owner over the aggregate principal amount of Series 2004A-1 Bonds subject to any Hold Orders referred to in clause (A) of this paragraph (v);

(2) subject to subclause (1) of this clause (B), if more than one Bid with the same rate is submitted on behalf of such Existing Owner, and the aggregate principal amount of Outstanding Series 2004A-1 Bonds subject to such Bids is greater than such excess, such Bids shall be considered valid up to and including the amount of such excess, and the principal amount of Outstanding Series 2004A-1 Bonds subject to each Bid with the same rate shall be reduced pro rata so that the aggregate principal amount of Outstanding Series 2004A-1 Bonds subject to such Bids is equal to such excess;

(3) subject to subclauses (1) and (2) of this clause (B), if more than one Bid with different rates is submitted on behalf of such Existing Owner, such Bids shall be considered valid first in the ascending order of their respective rates until the highest rate is reached at which such excess exists and then at such rate up to and including the amount of such excess; and

(4) in any such event, the aggregate principal amount of Outstanding Series 2004A-1 Bonds, if any, subject to Bids not valid under this clause (B) shall be treated as the subject of a Bid by a Potential Owner at the rate therein specified; and

(C) all Sell Orders shall be considered valid up to an amount equal to the excess of the principal amount of Outstanding Series 2004A-1 Bonds owned by such Existing Owner over the aggregate principal amount of Outstanding Series 2004A-1 Bonds subject to Hold Orders referred to in clause (A) of this paragraph (v) and valid Bids referred to in clause (B) of this paragraph (v).

(vi) If more than one Bid for Series 2004A-1 Bonds is submitted on behalf of any Potential Owner, each Bid submitted shall be a separate Bid with the rate and principal amount therein specified.

(vii) An Existing Owner that offers to purchase additional Series 2004A-1 Bonds is, for purposes of such offer, treated as a Potential Owner.

(viii) Any Bid or Sell Order submitted by an Existing Owner covering an aggregate principal amount of Series 2004A-1 Bonds not equal to an Authorized Denomination shall be rejected and shall be deemed a Hold Order. Any Bid submitted by a Potential Owner covering an aggregate principal amount of Series 2004A-1 Bonds not equal to an Authorized Denomination shall be rejected.

(ix) Any Bid specifying a rate higher than the Maximum Auction Rate will (A) be treated as a Sell Order if submitted by an Existing Owner and (B) not be accepted if submitted by a Potential Owner.

(x) Any Bid submitted by an Existing Owner or a Potential Owner specifying a rate lower than the All-Hold Rate shall be treated as a bid specifying the All-Hold Rate and any such bid shall be considered as valid and shall be selected in the ascending order of their respective rates in the Submitted Bids.

(xi) Any Order submitted in an Auction by a Broker-Dealer to the Auction Agent before the Submission Deadline on any Auction Date shall be irrevocable.

(c) *Determination of Sufficient Clearing Bids, Auction Rate and Winning Bid Rate.*

(i) Not earlier than the Submission Deadline on each Auction Date, the Auction Agent shall assemble all valid Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to individually as a “Submitted Hold Order,” a “Submitted Bid” or “Submitted Sell Order,” as the case may be, or as a “Submitted Order” and a collectively as “Submitted Hold Orders,” “Submitted Bids” or “Submitted Sell Orders,” as the case may be, or as “Submitted Orders”) and shall determine:

(A) the excess of the total principal amount of Outstanding Series 2004A-1 Bonds over the sum of the aggregate principal amount of Outstanding Series 2004A-1 Bonds subject to Submitted Hold Orders (such excess being herein referred to as the Available Bonds); and

(B) from the Submitted Orders whether:

(1) the aggregate principal amount of Outstanding Series 2004A-1 Bonds subject to Submitted Bids by Potential Owners specifying one or more rates equal to or lower than the Maximum Auction Rate; exceeds or is equal to the sum of:

(2) the aggregate principal amount of Outstanding Series 2004A-1 Bonds subject to Submitted Bids by Existing Owners specifying one or more rates higher than the Maximum Auction Rate; and

(3) the aggregate principal amount of Outstanding Series 2004A-1 Bonds subject to Submitted Sell Orders;

(in the event such excess or such equality exists, other than because all of the Outstanding Series 2004A-1 Bonds are subject to Submitted Hold Orders, such Submitted Bids in subclause (1) above being hereinafter referred to collectively as “*Sufficient Clearing Bids*”); and

(C) if Sufficient Clearing Bids exist, the lowest rate specified in such Submitted Bids (which shall be the “*Winning Bid Rate*”) such that if:

(1) each such Submitted Bid from Existing Owners specifying such lowest rate and all other Submitted Bids from Existing Owners specifying lower rates, were rejected, thus entitling such Existing Owners to continue to own the principal amount of Series 2004A-1 Bonds subject to such Submitted Bids; and

(2) each such Submitted Bid from Potential Owners specifying such lowest rate and all other Submitted Bids from Potential Owners specifying lower rates were accepted,

the result would be that such Existing Owners described in subclause (1) above would continue to own an aggregate principal amount of Outstanding Series 2004A-1 Bonds which, when added to the aggregate principal amount of Outstanding Series 2004A-1 Bonds to be purchased by such Potential Owners described in subclause (2) above, would equal not less than the Available Bonds.

(ii) Promptly after the Auction Agent has made the determinations pursuant to paragraph (i) of this subsection (c), the Auction Agent shall determine the Auction Rate for the next succeeding Auction Period as follows:

(A) if Sufficient Clearing Bids exist, that the Auction Rate for the next succeeding Auction Period shall be equal to the Winning Bid Rate so determined;

(B) if Sufficient Clearing Bids have not been made (other than because all of the Outstanding Series 2004A-1 Bonds are subject to Submitted Hold Orders), that the Auction Rate for the next succeeding Auction Period shall be equal to the Maximum Auction Rate; or

(C) if all Outstanding Series 2004A-1 Bonds are subject to Submitted Hold Orders, that the Auction Rate for the next succeeding Auction Period shall be equal to the All-Hold Rate.

(iii) Promptly after the Auction Agent has determined the Auction Rate, the Auction Agent shall determine and advise the Series 2004A-1 Trustee of the Bond Interest Rate, which rate shall be the Auction Rate; provided, however, that in no event shall the Bond Interest Rate exceed the Maximum Auction Rate.

(d) *Acceptance and Rejection of Submitted Bids and Submitted Sell Orders and Allocation of Series 2004A-1 Bonds.*

Existing Owners shall continue to hold the principal amount of Series 2004A-1 Bonds that are subject to Submitted Hold Orders and based on the determinations made as described in paragraph (c)(i) above, Submitted Bids and Submitted Sell Orders shall be accepted or rejected and the Auction Agent shall take such other action as set forth below:

(i) If Sufficient Clearing Bids have been made and the Maximum Auction Rate is equal to or greater than the Winning Bid Rate (in which case the Bond Interest Rate shall be the Winning Bid Rate), all Submitted Sell Orders shall be accepted and, subject to the provisions of paragraphs (iv) and (v) of this subsection (d), Submitted Bids shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected:

(A) Existing Owners' Submitted Bids specifying any rate that is higher than the Winning Bid Rate shall be accepted, thus requiring each such Existing Owner to sell the aggregate principal amount of Series 2004A-1 Bonds subject to such Submitted Bids;

(B) Existing Owners' Submitted Bids specifying any rate that is lower than the Winning Bid Rate shall be rejected, thus entitling each such Existing Owner to continue to own the aggregate principal amount of Series 2004A-1 Bonds subject to such Submitted Bids;

(C) Potential Owners' Submitted Bids specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring such Potential Owners to purchase the aggregate principal amount of Series 2004A-1 Bonds subject to such Submitted Bids;

(D) Each Existing Owners' Submitted Bid specifying a rate that is equal to the Winning Bid Rate shall be rejected, thus entitling such Existing Owner to

continue to hold the aggregate principal amount of Series 2004A-1 Bonds subject to such Submitted Bid, unless the aggregate principal amount of Outstanding Series 2004A-1 Bonds subject to all such Submitted Bids shall be greater than the principal amount of Series 2004A-1 Bonds (the “remaining principal amount”) equal to the excess of the Available Bonds over the aggregate principal amount of Series 2004A-1 Bonds subject to Submitted Bids described in clauses (B) and (C) of this paragraph (d)(i), in which event such Submitted Bid of such Existing Owner shall be rejected in part, and such Existing Owner shall be entitled to continue to own the principal amount of Series 2004A-1 Bonds subject to such Submitted Bid, but only in an amount equal to the aggregate principal amount of Series 2004A-1 Bonds obtained by multiplying the remaining principal amount by a fraction the numerator of which shall be the principal amount of Outstanding Series 2004A-1 Bonds owned by such Existing Owner subject to such Submitted Bid and the denominator of which shall be the sum of the principal amount of Outstanding Series 2004A-1 Bonds subject to such Submitted Bids made by all such Existing Owners that specified a rate equal to the Winning Bid Rate; and

(E) each Potential Owner’s Submitted Bid specifying a rate that is equal to the Winning Bid Rate shall be accepted but only in an amount equal to the principal amount of Series 2004A-1 Bonds obtained by multiplying the excess of the aggregate principal amount of Available Bonds over the aggregate principal amount of Available Bonds subject to Submitted Bids described in clauses (B), (C) and (D) of this paragraph (d)(i) by a fraction the numerator of which shall be the aggregate principal amount of Outstanding Series 2004A-1 Bonds subject to such Submitted Bid and the denominator of which shall be the sum of the principal amounts of Outstanding Series 2004A-1 Bonds subject to Submitted Bids made by all such Potential Owners that specified a rate equal to the Winning Bid Rate.

(ii) If Sufficient Clearing Bids have not been made (other than because all of the Outstanding Series 2004A-1 Bonds are subject to Submitted Hold Orders), or if the Maximum Auction Rate is less than the Winning Bid Rate (in which case the Bond Interest Rate shall be the Maximum Auction Rate), subject to the provisions of paragraphs (iv) and (v) of this subsection (d), Submitted Orders shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected:

(A) Existing Owners’ Submitted Bids specifying any rate that is equal to or lower than the Maximum Auction Rate shall be rejected, thus entitling such Existing Owners to continue to own the aggregate principal amount of Series 2004A-1 Bonds subject to such Submitted Bids;

(B) Potential Owners’ Submitted Bids specifying,

(1) any rate that is equal to or lower than the Maximum Auction Rate shall be accepted, thus requiring each Potential Owner to purchase the aggregate principal amount of Series 2004A-1 Bonds subject to such Submitted Bids, and

(2) any rate that is higher than the Maximum Auction Rate shall be rejected; and

(C) Each Existing Owner's Submitted Bid specifying any rate that is higher than the Maximum Auction Rate and the Submitted Sell Order of each Existing Owner shall be accepted, thus entitling each Existing Owner that submitted any such Submitted Bid or Submitted Sell Order to sell the Series 2004A-1 Bonds subject to such Submitted Bid or Submitted Sell Order, but in both cases only in an amount equal to the aggregate principal amount of Series 2004A-1 Bonds obtained by multiplying the aggregate principal amount of Series 2004A-1 Bonds subject to Submitted Bids described in clause (B)(1) of this paragraph (d) (ii) by a fraction the numerator of which shall be the aggregate principal amount of Outstanding Series 2004A-1 Bonds owned by such Existing Owner subject to such Submitted Bid or Submitted Sell Order and the denominator of which shall be the aggregate principal amount of Outstanding Series 2004A-1 Bonds subject to all such Submitted Bids and Submitted Sell Orders.

(iii) If all Outstanding Series 2004A-1 Bonds are subject to Submitted Hold Orders, all Submitted Bids shall be rejected.

(iv) If, as a result of the procedures described in paragraph (i) or (ii) of this subsection (d), any Existing Owner would be entitled or required to sell, or any Potential Owner would be entitled or required to purchase, a principal amount of Series 2004A-1 Bonds that is not equal to an Authorized Denomination, the Auction Agent shall, in such manner as it shall, in its sole discretion, determine, round up or down the principal amount of Series 2004A-1 Bonds to be purchased or sold by any Existing Owner or Potential Owner so that the principal amount of Series 2004A-1 Bonds purchased or sold by each Existing Owner or Potential Owner shall be equal to an Authorized Denomination, even if such allocation results in one or more of such Potential Owners not purchasing any Series 2004A-1 Bonds.

(v) If, as a result of the procedures described in paragraph (i) or (ii) of this subsection (d), any Potential Owner would be entitled or required to purchase less than an Authorized Denomination of Series 2004A-1 Bonds, the Auction Agent shall, in such manner as in its sole discretion it shall determine, allocate Series 2004A-1 Bonds for purchase among Potential Owners so that only Series 2004A-1 Bonds in Authorized Denominations are purchased by any Potential Owner, even if such allocation results in one or more of such Potential Owners not purchasing any Series 2004A-1 Bonds.

(e) *Determination of Purchases and Sales.* Based on the results of each Auction, the Auction Agent shall determine the aggregate principal amount of Series 2004A-1 Bonds to be purchased and the aggregate principal amount of Series 2004A-1 Bonds to be sold by Potential Owners and Existing Owners on whose behalf each Broker-Dealer submitted Bids or Sell Orders and, with respect to each Broker-Dealer, to the extent that such aggregate principal amount of Series 2004A-1 Bonds to be sold differs from such aggregate principal amount of Series 2004A-1 Bonds to be purchased, determine to which other Broker-Dealer or Broker-Dealers acting for one or more purchasers such Broker-Dealer shall deliver, or from which other Broker-Dealer or Broker-Dealers

acting for one or more sellers such Broker-Dealer shall receive, as the case may be, Series 2004A-1 Bonds.

(f) *Calculations Binding.* Any calculation by the Auction Agent or the Series 2004A-1 Trustee, as applicable, of the Bond Interest Rate, Maximum Auction Rate, All Hold Rate and Overdue Rate shall, in the absence of manifest error, be binding on all other parties.

(g) *Series 2004A-1 Bonds Selected for Redemption.* Notwithstanding anything in the Auction Procedures to the contrary, if any Series 2004A-1 Bonds or portion thereof have been selected for redemption during the next succeeding Interest Period, such Series 2004A-1 Bonds or portion thereof will not be included in the Auction preceding such Redemption Date, and will continue to bear interest until the Redemption Date at the rate established for the Interest Period prior to said Auction.

Disruption in Auction Procedures

Notwithstanding any provision in the Master Bond Resolution, as Supplemented to the contrary, if as of the commencement of an Interest Period, an Auction is scheduled to occur for the succeeding Interest Period on a Business Day and such Auction does not occur and it was not foreseeable that the scheduled Auction Date would not be a Business Day (a “*Scheduled Auction Date*”), the following shall apply:

(a) an Auction shall be deemed to have occurred on the Scheduled Auction Date as if such day were a Business Day;

(b) the Auction Rate for such deemed Auction in effect for the succeeding Interest Period shall be equal to the Auction Rate for the preceding Interest Period; provided, however, that in the event the preceding Interest Period was other than generally 35 days in duration, the Auction Rate shall be the rate of interest determined by the Market Agent on equivalently rated auction securities with a comparable length of auction period; and

(c) the succeeding Interest Period shall generally be 35 days in duration, beginning on the calendar day following the Scheduled Auction Date and ending on (and including) a Monday (unless such a Monday is not followed by a Business Day, in which case on the next succeeding day that is followed by a Business Day).

(iii) in the case of a Broker-Dealer that is a Seller's Broker-Dealer, instruct each Existing Owner on whose behalf such Broker-Dealer submitted a Sell Order that was accepted, in whole or in part, or a Bid that was accepted, in whole or in part, to instruct such Existing Owner's Participant to deliver to such Broker-Dealer (or its Participant) through the Securities Depository the principal amount of Series 2004A-1 Bonds to be sold pursuant to such Bid or Sell Order against payment therefor;

(iv) advise each Existing Owner on whose behalf such Broker-Dealer submitted an Order and each Potential Owner on whose behalf such Broker-Dealer submitted a Bid of the Auction Rate for the next Auction Period;

(v) advise each Existing Owner on whose behalf such Broker-Dealer submitted an Order of the next scheduled Auction Date; and

(vi) advise each Potential Owner on whose behalf such Broker-Dealer submitted a Bid that was accepted, in whole or in part, of the next scheduled Auction Date.

(c) On the basis of the information provided to it pursuant to paragraph (a) above, each Broker-Dealer that submitted a Bid or Sell Order in an Auction is required to allocate any funds received by it pursuant to paragraph (b)(ii) above, and any Series 2004A-1 Bonds received by it

pursuant paragraph (b)(iii) above, among the Potential Owners, if any, on whose behalf such Broker-Dealer submitted Bids, the Existing Owners, if any, on whose behalf such Broker-Dealer submitted Bids or Sell Orders in such Auction, and any Broker-Dealers identified to it by the Auction Agent following such Auction pursuant to paragraph (a)(v) or (a)(vi) above.

(d) On each Auction Date:

(i) each Potential Owner and Existing Owner with an Order in the Auction on such Auction Date shall instruct its Participant as provided in (b)(ii) or (b)(iii) above, as the case may be;

(ii) each Seller's Broker-Dealer that is not a Participant in the Securities Depository shall instruct its Participant to (A) pay through the Securities Depository to the Participant of the Existing Owner delivering Series 2004A-1 Bonds to such Broker-Dealer following such Auction pursuant to (b)(iii) above the amount necessary, including accrued interest, if any, to purchase such Series 2004A-1 Bonds against receipt of such Series 2004A-1 Bonds, and (B) deliver such Series 2004A-1 Bonds through the Securities Depository to a Buyer's Broker-Dealer (or its Participant) identified to such Seller's Broker-Dealer pursuant to (a)(v) above against payment therefor; and

(ii) each Seller's Broker-Dealer or its Participant shall instruct the Securities Depository to execute the transactions described in (d)(ii) above for such Auction, and the Securities Depository shall execute such transactions; and

(iii) each Buyer's Broker-Dealer or its Participant shall instruct the Securities Depository to execute the transactions described in (d)(iii) above for such Auction, and the Securities Depository shall execute such transactions.

(f) If an Existing Owner selling Series 2004A-1 Bonds in an Auction fails to deliver such Series 2004A-1 Bonds (by authorized book-entry), a Broker-Dealer may deliver to the Potential Owner on behalf of which it submitted a Bid that was

accepted a principal amount of Series 2004A-1 Bonds that is less than the principal amount of Series 2004A-1 Bonds that otherwise was to be purchased by such Potential Owner. In such event, the principal amount of Series 2004A-1 Bonds to be so delivered shall be determined solely by such Broker-Dealer. Delivery of such lesser principal amount of Series 2004A-1 Bonds shall constitute good delivery. Notwithstanding the foregoing terms of this paragraph (f), any delivery or nondelivery of Series 2004A-1 Bonds which shall represent any departure from the results of an Auction, as determined by the Auction Agent, shall be of no effect unless and until the Auction Agent shall have been notified of such delivery or nondelivery in accordance with the provisions of the Auction Agent and the Broker-Dealer Agreement.
